The Sunday at Home, 1881 [The More You Watch the Less You Know](#) Danny Schechter, 2011-01-04 A candid insider's tale of how the media really works and why it doesn't work the way it should. *The More You Watch The Less You Know* has emerged as a key catalyst in the debate on media reform. *The More You Watch The Less You Know* recounts Schechter's media adventures from when he was Danny Schechter the News Dissector on Boston's WBCN radio to his stints as a producer at ABC's 20/20 and CNN to his personal odyssey chronicling the anti-Apartheid revolution in South Africa to his development of innovative programming like *South Africa Now* and *Rights Wrongs* as an independent producer. In this age of telecommunications bills and media mergers, *The More You Watch The Less You Know* is an insider's passionate plea for freedom of the electronic press.

Prince Rupert, the Buccaneer C. J. Cutcliffe Hyne, 1901 *Psychedelic Mysticism* Morgan Shipley, 2015-11-12 Concerned with scholarly popular and religious backdrops that understand the connection between psychedelics and mystical experiences to be devoid of moral concerns and ethical dimensions, a position supported empirically by the rise of acid fascism and psychedelic cults by the late 1960s, *Psychedelic Mysticism: Transforming Consciousness, Religious Experiences, and Voluntary Peasants in Postwar America* traces the development of sixties psychedelic mysticism from the deconditioned mind and perennial philosophy of Aldous Huxley to the sacramental ethics of Timothy Leary, Richard Alpert, and Ralph Metzner to the altruistic religiosity practiced by Stephen Gaskin and The Farm. Building directly off the pioneering psychedelic writing of Huxley, these psychedelic mystics understood the height of psychedelic consciousness as an existential awareness of unitive oneness, a position that offered worldly alternatives to the maladies associated with the postwar moment: e.g. vapid consumerism and materialism, lifeless conformity, unrelenting racism, heightened militarism. In opening a doorway to a common world, Morgan Shipley locates how psychedelics challenged the coherency of Western modernity by fundamentally reorienting postwar society away from neoliberal ideologies and toward a sacred understanding of reality defined by mutual coexistence and responsible interdependence. In 1960s America, psychedelics catalyzed a religious awakening defined by compassion expressed through altruism and actualized in projects that sought to ameliorate the conditions of the least advantaged among us. In the exact moments that historians and cultural critics often locate as signaling the death knell of the counterculture, Gaskin and The Farm emerged not as a response to the perceived failures of the hippies nor as an alternative to sixties politics but in an effort to fulfill the religious obligation to help teach the world how to live more harmoniously. Today, as we continue to confront issues of socioeconomic inequality, entrenched differences, widespread violence, and the limits of

religious pluralism Psychedelic Mysticism serves as a timely reminder of how religion in America can operate as a tool for destabilization and as a means to actively reimagine the very basis of how people relate such a legacy can aid in our own efforts to build a more peaceful sustainable and compassionate world

When London Calls Stephen Alomes,1999-10-11 For thousands of young Australians the tearful dockside farewell was a rite of passage as they boarded ships bound for London For some the journey was an extended holiday but for many actors painters musicians writers and journalists leaving Australia seemed to be the only path to personal and professional fulfilment This book first published in 2000 is a collective biography of those people who found themselves categorised as expatriates people such as Leo McKern Dame Joan Sutherland Barry Tuckwell Don Banks Phillip Knightley John Pilger Peter Porter Richard Neville Jill Neville and megastars Barry Humphries Germaine Greer and Clive James The book tells of choices they made about career and country yet it is also a cultural history that traces shifts in the complex relationship between Australia and Britain as the supposed colonial backwater began to develop its own cultural identity
