Mustard Seed Vs Mcworld:

Mustard Seed vs. McWorld Tom Sine,1999-09-01 A guide for helping Christians understand the rapid fire global changes in society and grasp God's perspective of working through the seemingly insignificant to effect lasting change

Decoding the Church Howard A. Snyder, Daniel V. Runyon,2011-09-22 Using the genetic code as a model this provocative book will provide you with theological analysis biblical principles and practical applications for understanding the structure and mission of today's church and how it can transform the world **Mustard Seed Versus McWorld** Tom Sine,1999

The Role of Law and Ethics in the Globalized Economy Joseph Straus,2009-04-21 Preface International conferences are not organized overnight especially not when high ranking personalities from politics business and academia should be offered an adequate platform for addressing and discussing highly relevant contemporary issues The conference on The Role of Law and Ethics in the Globalized Economy which took place on May 22 and 23 2008 in the Bavarian Academy of Sciences and Humanities in Munich was no exception When the first preparations started at the end of 2006 neither the subprime crises nor the general crises of the global financial system whose shock waves have rocked the financial businesses in subsequent months were known nor were they predictable or even imaginable Based on our monitoring of the globalization process and its apparent impact not only on the economic and technological environment but also on the social environment it was appropriate for the conference to begin by serving as a platform for analysing the status quo of the process of globalization as relevant to politics business and academia and for exploring how the interest groups in those domains cope with the challenges of globalization In the end however the purpose of the conference was to produce proposals for conditions for upwards global competition meaning that minimum conditions should be worked out to enable people to live and labour humanely Such conditions would be those which should help avoid otherwise inevitable frictions in society both nationally and internationally Faith Seeking Action Gregory P. Leffel,2007-06-01 In Faith Seeking Action author Gregory Leffel links a description of the church as a global movement with a description of contemporary social movements that are actively challenging today's societies such as the environmental global justice and identity movements Not surprisingly Christian communities and communities of social activists share much in common as they each work to enrich their societies It is natural then to ask what missionally concerned Christians may learn from social movements about the public role of their churches the connection of their beliefs to social change and the mobilization of their people It can also be asked how these often divided communities may find ways to collaborate around common actions rooted in such shared values as peace justice life and the integrity of the environment Building on growing interest in the field of missiology and its missional church concept Leffel has created a dialog between the church as a social actor and social movements Along with introducing movement theory to mission studies Leffel introduces a new way of addressing the issues involved in the church's engagement with society a concept he calls missio ecclesiology Of interest to those seeking vital ways to live out their faith

in the world missiologists missional church leaders and street level workers alike this work fuels fresh thinking about the church's role in cultural and social change *Preaching the Parables* Craig L. Blomberg, 2004-07-01 A guide to preaching the parables that shows how to first interpret the parables then proclaim their significance *Contagious Holiness* Craig L. Blomberg, 2005-08-02 Jesus table fellowship with sinners in the Gospels has been widely agreed to be historically reliable but scholarly disputes continue In this New Studies in Biblical Theology volume Craig L Blomberg engages with the debate surveying the relevant biblical texts and their background concluding with contemporary applications **How Much Is Enough?** Arthur Simon, 2003-02 This provocative inspiring look at affluenza nudges readers to break free from the materialistic culture and find new pathways to living as disciples of Jesus Cultural Change & Your Church Michael Pocock, Joseph Henriques, 2007-02-01 In our communities composed of people from various cultures countries and backgrounds where does the church stand How representative is it And how can local churches best minister and evangelize within an increasingly multicultural society Cultural Change and Your Church is an invaluable resource for understanding the transformation of our cultural landscape and most importantly for learning how to embrace the resulting opportunities to minister to all people Michael Pocock and Joseph Henriques consider the Bible's examples and teaching related to diversity introduce several churches currently modeling cross cultural ministry and suggest hands on ways for church leaders to encourage change and proactive thinking Live Like You Give a Damn! Tom Sine, 2016-04-05 Live Like You Give a Damn declares the very good news that God is raising up a new generation largely outside the church to bring impressive change to the lives of our neighbors locally and globally by creating innovative forms of social enterprise and community empowerment The even better news is that those of us within the church can join this changemaking celebration and discover creative new ways God can use our mustard seeds to make a more remarkable difference than we ever imagined possible In this book Tom Sine offers practical ways you can join those who are creating their best communities their best world and in the process their best lives Sine shows that in a world changing at warp speed following Jesus is a design opportunity It is not only an opportunity to design innovative ways to make a difference but also an opportunity to create lives with a difference in the way of Jesus that are simpler and more sustainable and to throw better parties along the way Why would anyone want to settle for less and miss the best *Working Together with God to Shape the New Millennium* Gary Corwin, Kenneth B. Mulholland, 2000-06-01 This collection of presentations from the 1999 IFMA EFMA EMS Triennial Conference explores the incredibly ambitious purpose and challenging task of Working Together with God to Shape the New Millennium Topics include Biblical Foundations for the New Millennium Working Together Strategically and Leadership Needed for the New Millennium **Technology, Management and the Evangelical Church** John Weaver, 2020-04-16 This book explores the technological innovations and management practices of evangelical Christian religions Beginning from the late 19th century the author examines the evangelical church's increasing appropriation of business practices from the secular world as

solutions to organizational problems He notes especially the importance of the church growth movement and the formation of church networks Particular attention is paid to the history of evangelical uses of computer technology including connections the Christian Right has made within Silicon Valley Most significantly this book offers one of the first academic explorations of the use of cybernetics systems theory and complexity theory by evangelical leaders and management theorists

Confronting Technology Matthew T. Prior, 2020-03-16 We are living through a digital revolution which already touches every area of life and will continue to shape the future in as yet unforeseen ways Digital technologies are an ordinary part of daily life and yet they also present an unprecedented challenge to Christians to articulate a biblical theological framework to navigate times of rapid change The work of the French theologian Jacques Ellul is a theological time bomb primed for times like these Accounts of Ellul's career often divide off his sociology and theology but this book argues that Ellul conceived a single project of bringing technology into confrontation with the Word of God tackling the phenomenon he named technique the pursuit of maximal power and efficiency implicit in the technological enterprise with a profound depth of biblical and ethical insight Centering himself on the apocalypse or revelation of Jesus Christ in history Ellul offers a monumental timely though far from flawless contribution to contemporary ethical debates about the uses and abuses of technologies His work blazes a trail that Christians and all concerned for the future would do well to follow as we avoid both the naivety of technological neutrality and the dread of technological determinism **The Younger Evangelicals** Robert E.

Webber, 2002-10-01 Robert E. Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture *The Younger Evangelicals* explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D's and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely *The Younger Evangelicals* is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context **Business As Mission** Tom Steffen, Mike Barnett, 2002-09-01 To put it bluntly business as mission BAM is a work

in progress It is a field that needs definition theological clarity and missiological focus Our call for papers for our regional conferences is timely to make a pivotal contribution in a sea of some confusion and even controversy Doug Pennoyer Dean of SIS Biola University and President of EMS This volume will provide some definition and precision while identifying areas that

demand further discussion **No Ceiling to Hope** Patrick Regan,2024-03-21 Servants of Christ are in the transformation business This kind of transformation will only happen if we refuse to be seduced by false idols like success money fame and security to become the church we were called to be We need to take ownership of the problems around us and work with people who are suffering in order to find solutions and offer lasting change In No Ceiling to Hope Patrick travels the globe to find examples of this change In Bolivia he reports how Christian backing for education projects is allowing families to find a way out of poverty In London XLP is mentoring young people to turn aside from violence In Los Angeles a new future is being offered to gang girls In high security prisons in the UK and US the Spirit is turning lives around In Belfast s Shankill Road area a group of elderly ladies is cooking meals for men who sit all day in local pubs The list is extensive and inspiring The common element is that in all circumstances Christ is offering hope Be inspired afresh that when it comes to what Jesus can do there really is no ceiling to hope www.congregationalresources.org Richard Bass,2004-12-30 An ever increasing number of resources compete for the attention of congregational leaders With a seemingly endless number of choices finding the best resource on a particular topic for a specific congregation is an often daunting challenge www.congregationalresources.org is an invaluable companion to the groundbreaking online version of Alban Institute s and Indianapolis Center for Congregation s jointly researched and produced Congregational Resource Guide launched in 2001 and accessed by thousands of seekers each week The book conveniently and cogently puts the rich array of important resources into context by examining in depth the key books organizations Web sites and people that will help leaders gain an understanding of important issues facing their congregations The book features ten overviews of important topics by widely recognized experts in their fields including Amy Sherman on Community Ministry Tom Fischer on Congregational Health Lee Ramsey on Preaching Paul Chaffee on Leadership John Janka on Evaluation and Jean Trumbauer on Lay Ministry Each essay is accompanied by an annotated list of selected resources for researching further information Helpful guides for using these valuable resources to promote and encourage congregational understanding and transformation are also included

Reframing Spiritual Formation Edward H. Hammett,2002 Reframing Spiritual Formation takes seriously the realities of an increasingly secular pluralistic and spiritually thirsty population base most churches face with fear yet are called to reach and disciple Hammett provides succinct overviews of the challenges and opportunities these realities bring to the doors of churches and their leaders His primary focus is on facilitative questions and practical ideas for discipling the church and the unchurched who are seeking grounding and meaning in this rapidly changing world **2010Boston: The Changing Contours of World Mission and Christianity** Todd M. Johnson,Rodney L. Petersen,Gina Bellofatto,Travis Myers,2012-01-09 In November 2010 three hundred faculty students and others interested in Christian mission gathered in Boston to consider how the world the global church and Christian missions have changed since the World Missionary Conference in Edinburgh in 1910 and to reflect on the three previous centennial conferences Tokyo 2010 in May Edinburgh
