Do Unto Others Jonathan T Marshall, 2016-01-14 Even if everything had gone as planned Dr Lucas Stuart and his fellow missionaries would have found their task a dangerous and daunting one They not only had committed to serve as medical missionaries at a remote Angolan medical outpost in 1970 but found that they were unwittingly signed on for a life and death struggle against seemingly insurmountable challenges They were forced to pit their knowledge skills and Christian faith against formidable diseases hostile natives the scarcity of modern medicine widespread poverty and the constantly changing elements To make matters worse Lucas and his medical team found themselves unwilling participants in a brutal civil war that would test their courage faith and fortitude to the limit This set them off on journeys that would bring them face to face with extraordinary challenges ranging from unpredictable terrain and aggressive rebels to the newly emerging Ebola virus thieves savage crocodiles and human slave traffickers One thing was for certain Lucas had not expected to fall deeply in love in the midst of the turmoil with his nurse Angela Abercrombie setting them off on a different sort of journey with their unlikely companion an intensely loyal dog named Iuba For Lucas and Angela the harrowing travels and endeavors through the toughest jungles and savannah regions of Africa was also a journey of the heart *The Obvious Choice* Mike

Teke, 2023-12-15 The world is driven by ambition dreams expectations wishes and desires We all believe we are the obvious choice to be selected noted identified appointed or anointed We may think and believe we are the obvious choice in many areas of our lives but the reality is that this is not the case When your boss informs you that you are not getting that role you assumed was in the bag and you d already informed your family and friends that it was yours and had even bought the attire to go with it you ask what happened What happened when you were bypassed for the lead role in a project You believed in your potential and you believed that everyone in your organisation and circle saw you as the main person the leader or the go to person and yet you were bypassed and someone else in your team was selected You were the obvious choice weren t you Think of the assignment you prepared the one you believed was the perfect presentation and would earn you a distinction and then you flunked it Where did you go wrong Mike Teke s book is about showing you that you can be the obvious choice in business or in life but that being the obvious choice does not simply fall from any tree Without focus diligence and a strong work ethic you are unlikely to succeed no matter how much you think you re entitled to The Obvious Choice debunks myths and prevailing negative mindsets And most usefully it provides guidelines and lessons to prepare you for the journey to leadership greatness to become the obvious choice in whatever setting or endeavour the universe presents Mike Teke has gained extensive experience in people management business management and leadership at BHP and Impala and as CEO of Optimum Coal Holdings Today he is the CEO of Seriti Resources Holdings and the Chairperson and controlling shareholder of the Masimong Group He serves as Chair Non Executive Director at the Anchor Group and Rolfes Group and is the past

Thomason, 1997-03-06 This book contributes to a more balanced view of the most dramatic results of language contact by presenting linguistic and historical sketches of lesser known contact languages The twelve case studies offer eloquent testimony against the still common view that all contact languages are pidgins and creoles with maximally simple and essentially identical grammars They show that some contact languages are neither pidgins nor creoles and that even pidgins and creoles can display considerable structural diversity and structural complexity they also show that two language contact situations can give rise to pidgins especially when access to a target language is withheld by its speakers The chapters are arranged according to language type three focus on pidgins Hiri Motu by Tom Dutton Pidgin Delaware by Ives Goddard and Ndyuka Trio Pidgin by George L Huttar and Frank J Velantie two on creoles Kituba by Salikoko S Mufwene and Sango by Helma Pasch one on a set of pidgins and creoles Arabic based contact languages by Jonathan Owens one on the question of early pidginization and or creolization in Swahili by Derek Nurse and five on bilingual mixed languages Michif by Peter Bakker and Robert A Papen Media Lengua and Callahuaya both by Pieter Muysken and Mednyj Aleut and Ma a both by Sarah Thomason The authors collective goal is to help offset the traditional emphasis within contact language studies on pidgins and creoles that arose as an immediate result of contact with Europeans starting in the Age of Exploration The accumulation of case studies on a wide diversity of languages is needed to create a body of knowledge substantial enough to support robust generalizations about the nature and development of all types of contact language **Saying Good-Bye to the Pet You Love** Lori Greene, 2003 Written by a psychologist who is a leader in pet bereavement this practical and sympathetic guide
