Obras Completas I La Casa De La Presencia:

Obras completas 1 Octavio Paz,1994 Obras completas de Octavio Paz: Excursiones Octavio Paz, **Obras completas de Octavio Paz: La casa de la presencia, poesía e historia** Octavio Paz,1994 *Postcolonial Reconstruction: A Sociological Reading of Octavio Paz* Oliver Kozlarek,2016-08-23 This book presents a close reading of the work of the Mexican writer and Nobel Prize Laureate Octavio Paz It does so from the specific perspective of sociology and the more general perspective of the social sciences The book identifies opportunities for relating Paz sociological ideas to contemporary debates arguing that Paz sociology is linked very closely to his assessment of what could be called the post colonial condition that Mexico has been experiencing The book thus advances the understanding of the differences between post colonial experiences in Latin America and those of other areas of the world In addition to revealing Paz sociology the book focuses on Modernity and examines Paz critique of Modernity and his project of Modernity It shows that a close examination of the works of Octavio Paz helps redefine Modernity from a Latin American perspective as an experience in which the global and local are intertwined and helps to point in the direction of a new kind of humanism **Octavio Paz** Oliver Kozlarek,2015-07-15 Octavio Paz is one of the most recognized Latin American writers His essays offer a sophisticated critique of global modernity Although his work has advanced many of the arguments that orient our contemporary debates in the social sciences and in philosophy it has hardly ever been seriously taken into consideration in these disciplines The volume suggests that this may have been a mistake Its authors indicate ways in which Paz essays can be read as substantial contributions to the contemporary debates in various fields The aim of this book is to present to a non Spanish speaking audience some of the discussions about Paz offerings to the ongoing debates It also wants to make a clear statement a critique of our contemporary modernity must go hand in hand with a non exclusive intercultural understanding of Humanism

Aire en libertad José Antonio Aguilar Rivera, et al., 2015-12-08 Compilación de ensayos en que escritores académicos e intelectuales como Adolfo Gilly Jorge Aguilar Mora Xavier Rodríguez Ledesma Aguilar Camón de Silva Herzog Márquez Van Delden Rafael Rojas Malva Flores Yvon Grenier y José Antonio Aguilar realizan una crónica sobre alguna de las múltiples facetas del pensamiento y vida de quien bien podía ser el intelectual un poeta bien mandado jefe espiritual guay y sobre todo conciencia de un tiempo Octavio Paz *The Writing in the Stars* Rodney Williamson, 2007-01-01 Born in Mexico City in 1914 writer poet and diplomat Octavio Paz won the Nobel Prize for Literature in 1990 eight years before his death in 1998 The Writing in the Stars explores Paz's life and ideas by establishing a dialogue between the structure and recurring images of his major poems and the ideas of Carl Jung Although other literary critics have pointed to Jungian concepts in Paz a comprehensive study on the subject has yet to be undertaken Rodney Williamson takes up this challenge adopting a Jungian perspective to explore successive phases of Paz's poetry Williamson illustrates how archetypal images infuse Paz's early poetry and his surrealist period and shows how the circular structure of Paz's longer poems such as Piedra de sol and Blanco are based on the Eastern sacred circle or mandala a major archetype of psychic wholeness in Jung He argues that a grasp of the psychological importance of Jung's archetypes is essential to understanding the various syntheses of creative truth and existence sought by Paz at different defining moments of his career as a poet The Writing in the Stars will prove fascinating to anyone interested in Latin American literature Jungian psychology or critical theory *Obras completas* Octavio Paz, 1999

Syncing the Americas Ryan Anthony Spangler, Georg Michael Schwarzmann, 2017-12-18 The essays in this collection reflect two of Martí's key observations during his time in the United States first how did he as an exile living in New York view and read his North American neighbors from a sociocultural political and literary perspective Second how did his perception of the modern nation impact his own concepts of race capital punishment poetics and nation building for Cuba The overarching endeavor of this project is to view and read Martí with the same critical or modern eye with which he viewed and read Spain Cuba Latin America and the United States This volume combining many of the most relevant experts in the field of Martí studies attempts to answer those questions It hopes to broaden the understanding and extend the influence of one of America's speaking of the collective America's most prolific and important writers particularly within the very nation where his chronicles poetry and journalism were written In spite of the political differences still separating Cuba and the United States understanding Martí's relevancy is crucial to bridging the gap between these nations

Romancero gitano. De la tradición a las vanguardias Juan Vadillo Comesaña, 2023-07-31 El Romancero gitano De la tradición a las vanguardias es un ensayo de crítica literaria que describe la manera en que García Lorca va a transformar una serie de símbolos de la tradición popular andaluza para lograr una poesía vanguardista que no por ello deja de ser tradicional El ensayo propone una lectura del

Romancero gitano a la luz del simbolismo tradicional Símbolos naturales de la poesía popular como el viento el río o el olivar el olmo las zarzas aparecen transformados en los romances de Lorca la idea es identificarlos y entender la manera en que el poeta granadino puede crear imágenes vanguardistas a partir de ellos En este libro también se hace una aproximación a la complejidad que entra a la pena andaluza Recordemos que Lorca había dicho en una conferencia que en su Romancero gitano no hay más que un solo personaje grande y oscuro como un cielo de estío un solo personaje que es la Pena Esta Pena con mayúscula que está en la raíz existencial del andaluz también va a ser expresada a veces de manera explícita otras alegóricas a lo largo del Romancero gitano El lector podrá identificar diversos aspectos de la Pena que Lorca despliega en su poemario A su vez encontrar en este libro el análisis de nueve conferencias del poeta granadino A fin de cuentas la intención es brindar al lector una serie de perspectivas y herramientas de análisis que le permitan enriquecer su lectura del Romancero gitano
