

# PRAYER FOR CAREER GUIDANCE

Dear God,

I've reached a point in my life where I'm at a loss as to what to do. I need help trying to figure out what career path to take.

God, you are the alpha and the omega. You are the all-knowing God. You know the end from the beginning. So you know which career will be best for me.

Please take my hand and point me in the right direction. Give me clarity, Lord, and help me make the right decision. Lead me to the career path that will align me with your plans for me.

Fill me with the values and skillset I need to succeed in my career.

Guide me in my pursuit of a suitable career in Jesus' name, I pray

*Amen*

contributing editor Guideposts author of *Surprised by Prayer*      *Prayers of Jewish Women* Markus H. McDowell, 2006 Markus McDowell examines how the literature of the Second Temple period portrays women at prayer through an examination of the literary context and character of those prayers The goal of this work is a greater understanding of how women were portrayed in literary sources and an offering of some fresh insights for the study of women's religious and social roles in the ancient world The texts are analyzed and categorized within five areas social location content form occasion and gender perspective The prayers are also compared and contrasted with men's prayers in the same sources The analysis includes locating as much as possible the historical literary and cultic context of each document in which these prayers appear By examining all prayers in these texts uttered by women not just prayers of named or prominent women and then comparing them with all the prayers of men in those same texts certain patterns appear This study adds to our knowledge of women and religion in Second Temple Judaism by primarily exploring patterns that appear among the prayers in the literature of the Second Temple period While there are fewer prayers by women than men in this literature the prayers of women are not portrayed as significantly different from those of men in terms of social location content form or occasion At the same time the prayers of women exhibit other patterns of language and in a minor way form and occasion that differ from the prayers of men      *Tools for Effective Prayer* Clarence Washington Sr., 2016-02-12 Just like your lifestyle your current prayer life is also perfectly designed to produce the result you are getting If you want a prayer life that will enable you to experience God's presence like you never have before and move Him to bless you like He has never blessed you before then you must start praying like you have never prayed before Tools for Effective Prayer will teach you how to do that There are some mechanics of prayers such as persistency and fervency that are essential for effective prayer However without the proper dynamics of prayer working to produce spiritual power in a person's life the positive effects of the discipline of proper mechanics are nullified Such is also the case with the contents of prayer If one's prayers don't include the essential contents effectiveness or power will be greatly diluted      *A Study of Prayer* Joyce Church Bruno, 2024-07-09 Have you ever wished that you could have a more fulfilling prayer life Do you ever get so busy in a day that it is difficult to find time to pray If so this book is written especially for you Prayer is one of the greatest weapons we have in our arsenal to fight the devil and one of our least used Too often we tend to try to rely on our own strength when facing trials and don't call on the incredible power of God that is available to us This book explores why we should pray what may hinder our prayers and offers suggestions on how we should pray It also cites of Biblical examples of people who took action without first praying to God or those who didn't wait for an answer from God before jumping into situations Intended for individual or group study this book delves into prayer on a deeper level May God bless those who study it with a more meaningful prayer life      **Seeking the Favor of God: The origins of penitential prayer in Second Temple Judaism** Mark J.
