**Domestic Violence and Its Reverberations** Mordecai Lipshitz, Ingrid Ekström, 2006 Domestic violence is control by one partner over another in a dating marital or live in relationship The means of control include physical sexual emotional and economic abuse threats and isolation Survivors face many obstacles in trying to end the abuse in their lives These obstacles include psychological and economic entrapment physical isolation and lack of social support challenges to religious and cultural values fear of social judgement threats and intimidation over custody or separation immigration status or disabilities and lack of viable alternatives Despite the vastness and power of these challenges most are able to overcome them because of increased public legal and health care awareness and improved community resources that enable survivors to rebuild their lives Domestic violence occurs in every culture country and age group It affects people from all socio economic educational and religious backgrounds and takes place in same sex as well as heterosexual relationships Women with fewer resources or greater perceived vulnerability girls and those experiencing physical or psychiatric disabilities or living below the poverty line are at even greater risk for domestic violence and lifetime abuse Children are also affected by domestic violence even if they do not witness it directly The book examines crucial issues in the field

**Perspectives on Verbal and Psychological Abuse** Roland D. Maiuro, 2015-11-30 There are dozens of ways to be emotionally abusive unwarranted criticism sighs a condescending tone of voice disgusted looks and the cold shoulder to name a few In some respects emotional abuse is more devastating than physical abuse because victims are more likely to blame themselves While a substantial amount of research has focused on physical forms of domestic violence there has been little information available about more subtle forms of violence such as psychological emotional and verbal abuse This book a collection of acclaimed articles from the peer reviewed journal Violence and Victims addresses how psychological aggression can be reliably measured as well as the challenges inherent in alleging or proving that these non physical violent acts have occurred Authors experts on these forms of abuse from a variety of social science disciplines present research related to perpetrators of psychological and verbal abuse victims of this abuse and effective interventions Articles examine the complexity and severity of psychological abuse and focus on the fact that psychological abuse almost always precedes physical abuse underscoring the importance of early intervention They explore the role of gender and socioeconomic status in psychological abuse and discuss the primary personality characteristics of perpetrators Links between abuse and poor birth outcomes are examined as is dating violence

and emotional abuse in the workplace This collection of distinguished articles contributes greatly to our understanding of an insidious form of violence verbal and psychological abuse that can be extremely destructive and is experienced in some form by nearly half the population Key Features Delivers top tier research articles by interdisciplinary experts on psychological and verbal abuse Explores the challenges of alleging and proving that these non physical violent acts have occurred Covers aggression in intimate relationships and in the workplace Presents effective interventions
