Public Spirit In The Thrift Tragedy Pitt Series In Policy And Institutional

Marc Allen Eisner

Public Spirit In The Thrift Tragedy Pitt Series In Policy And Institutional:

Public Spirit in the Thrift Tragedy Mark Carl Rom, 2010-11-23 Winner of the Harold Lasswell Award of the American Political Science Association The FSFIC failed spectacularly during the 1980s costing taxpayers an estimated 200 billion In this award winning analysis Rom examines the political causes of this thrift tragedy He directly confronts and rejects the dominant scholarly public choice view that public officials were motivated mainly by self interest Instead Rom argues that politicians and bureaucrats generally acted in the public spirit by attempting to obtain the common interest as they saw it Using new evidence and innovative methods Rom demonstrates that FSLIC s failure unfolded because of commitments that officials had made in the past and their uncertainties about how to fulfill these obligations in the future *The Oxford Handbook of Classics in Public Policy and Administration* Steven J. Balla, Martin Lodge, Edward C. Page, 2015-03-26 This Handbook brings together a collection of leading international authors to reflect on the influence of central contributions or classics that have shaped the development of the field of public policy and administration The Handbook reflects on a wide range of key contributions to the field selected on the basis of their international and wider disciplinary impact Focusing on classics that contributed significantly to the field over the second half of the 20th century it offers insights into works that have explored aspects of the policy process of particular features of bureaucracy and of administrative and policy reforms Each classic is discussed by a leading international scholar They offer unique insights into the ways in which individual classics have been received in scholarly debates and disciplines how classics have shaped evolving research agendas and how the individual classics continue to shape contemporary scholarly debates In doing so this volume offers a novel approach towards considering the various central contributions to the field The Handbook offers students of public policy and administration state of the art insights into the enduring impact of key contributions to the field **Ethics in Public Management** H George Frederickson, Richard K Ghere, 2016-07-22 The groundbreaking *Ethics in Public Administration* set the agenda for a decade s worth of research in the theory and practice of ethics in the public sector This long awaited follow up volume represents the state of the art in research on administrative ethics It features all new contributions by many of the leading figures in the field and addresses both the managerial and individual moral dimensions of ethical behavior as well as new challenges to administrative ethics posed by globalization A detailed introduction opening passage and conclusion lend context to each of the book s four main sections *Ethics in Public Management* is must reading for any graduate level course in public sector ethics **American Book Publishing Record**, 1996 **Public Integrity**, 1999 **Economics, Politics, and American Public Policy** James Gosling, Marc Allen Eisner, 2015-01-28 This text introduces students to the interrelationship of politics and economics in American public policymaking how economic concerns have been legislated into law since Franklin Roosevelt s time and how politics e g Washington gridlock affects the economy and the making of public policy Students learn how to measure various indicators of economic performance how the U S economy works domestically

and with international linkages and how and why policymakers act to stabilise an economy in an economic downturn. Additionally many social insurance programs Social Security Medicare Medicaid are explained and the current fiscal issues concerning current future costs are treated in some detail. The book concludes with a full chapter case study on the Obama administration's response to the Great Recession and its dealings with Congress the implementation of the Affordable Care Act is also discussed. *Whitaker's Books in Print*, 1998. *The New American Democracy* Morris P. Fiorina, 2007. The New American Democracy Fifth Edition emphasizes the centrality of elections in American politics today and examines our country's evolution from a pluralist democracy to a more populist one helping you understand how both have profoundly changed the way our political system operates. New to the Fifth Edition Complete up to date coverage and analysis of the following topics: Historic 2006 congressional campaigns and elections Concerns about terrorism and the governmental steps to combat it Complexities of immigration legal and illegal Latest developments in the area of campaign finance Civil rights of Latinos Asian Americans and gays and lesbians. *Discharging Congress* Colton C. Campbell, 2001-11-30. The creation of temporary independent advisory bodies that give advice to Congress is an important yet under investigated area of congressional delegation. With variations to fit the circumstances lawmakers entrust commissions to accomplish diverse goals such as coping with increases in the scope and complexity of legislation forging consensus drafting legislation finessing institutional obstacles coordinating strategy and promoting party unity. Campbell investigates why and when Congress formulates policy by commissions rather than by the normal legislative process. He shows that many variables go into the decision to entrust those bodies to render non partisan recommendations. According to lawmakers and their staff the three primary justifications for choosing to delegate to commission include expertise workload and avoidance. Which of these three dominates depends in large part on the politics surrounding a particular issue and the nature of the policy problem. The logic of delegation to each of the three commission types is different. Which reason dominates depends in large part on the politics surrounding the issue and the nature of the legislative policy problem. Scholars students and other researchers involved with Congress American government and public policy will find the study of particular interest. **The New American**

Democracy Henry Lee Shattuck Professor of Government Paul E Peterson, Morris P. Fiorina, Paul E. Peterson, 1997-11

Book Review Digest, 1999. **The American Political Economy** Marc Allen Eisner, 2013-12-17. Policy debates are often grounded within the conceptual confines of a state market dichotomy as though the two existed in complete isolation. In this innovative text Marc Allen Eisner portrays the state and the market as inextricably linked exploring the variety of institutions subsumed by the market and the role that the state plays in creating the institutional foundations of economic activity. Through a historical approach Eisner situates the study of American political economy within a larger evolutionary institutional framework that integrates perspectives in American political development and economic sociology. This volume provides a rich understanding of the complexity of U S economic policy explaining how public policies become embedded in

bureaucracy and reinforced by organized beneficiaries and public expectations This path dependent layering process helps students better understand the underlying historical dynamics which provide a clearer sense of the constraints faced by policymakers now and in the future The revisions to the second edition include Complete rewrite of the chapter on the recent financial crisis adding in commentary on the debt ceiling the fiscal cliff and other recent events New material added and existing material updated in the chapter discussing the two welfare states Extensive updates to the coverage of the global economy Expanded and updated discussion of Obama s economic policies Updates to figures and data throughout the text

Gambling James H. Frey,1998 America, History and Life ,1999 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide *The Cumulative Book Index* ,1996 A world list of books in the English language The British National Bibliography Arthur James Wells,1998 *What Motivates Bureaucrats?* Marissa Martino Golden,2000-11-01 Every once in a while somebody has to get the bureaucracy by the neck and shake it loose and say Stop doing what you re doing Ronald Reagan How did senior career civil servants react to Ronald Reagan s attempt to redirect policy and increase presidential control over the bureaucracy What issues molded their reactions What motivates civil servants in general How should they be managed and how do they affect federal policies To answer these questions Marissa Martino Golden offers us a glimpse into the world of our federal agencies What Motivates Bureaucrats tells the story of a group of upper level career civil servants in the Reagan administration at the Environmental Protection Agency the Justice Department s Civil Rights Division the Food and Nutrition Service and the National Highway Traffic Safety Administration The book reveals that most career civil servants were usually responsive to executive direction even with a president attempting to turn agency policy 180 degrees from its past orientation By delving deeply into the particular details of Reagan s intervention into the affairs of upper level career civil servants Golden also fulfills her broader mission of improving our understanding of bureaucratic behavior in general explaining why the bureaucracy is controllable and highlighting the limits of that control *Contemporary Regulatory Policy* Marc Allen Eisner,Jeffrey Worsham,Evan J. Ringquist,2000 This volume examines regulatory trends and political control of the regulatory process in seven major areas antitrust banking and securities telecommunication environmental protection occupational safety and health consumer products and energy **Handbook on the Politics of Regulation** David Levi-Faur,2011-01-01 Political science has leap frogged law economics and sociology to become the dominant discipline contributing to regulatory studies David Levi Faur s volume taps the rich veins of regulatory scholarship that have made this the case It brings together the talented new network of politics scholars intrigued by the importance of the changing nature of state and non state regulation Their fresh insights complement important new work by established stars of the field Definitely a book to have on your shelf when in search of exciting theoretical approaches to politics John Braithwaite Australian National University Regulation in its manifold forms is the central process of contemporary governance as it seeks

to blend the dynamism of market economies with responsiveness to political and normative demands for health safety environmental protection and fairness Understanding regulation s varieties vulnerabilities and virtues has become a significant focus of academic research and theory This volume provides an extraordinary survey of research in that field a survey remarkable in its comprehensiveness outstanding in the quality of the contributions by leading regulatory scholars from different nations and academic disciplines Robert A Kagan University of California Berkeley US An authoritative collection by a range of contributors with outstanding reputations in the field Michael Moran WJM Mackenzie Professor of Government This is an extraordinarily useful one stop shop for a wide range of traditions and approaches to the political aspects of regulation David Levi Faur has assembled a fine collection that by reporting on the state of the art also shows the way ahead for a discipline that has to capture and explain dramatic changes in real world regulatory philosophies and policies Claudio Radaelli University of Exeter UK This is an unusually impressive edited volume Its contributors include the leading academic experts on government regulation from around the world Its several clearly written and informative essays address the most important topics issues and debates that have engaged students of regulatory politics I strongly recommend this volume to anyone interested in understanding the breadth and depth of contemporary scholarship on the political dimensions of regulation David Vogel University of California Berkeley US This unique Handbook offers the most up to date and comprehensive state of the art reviews of the politics of regulation It presents and discusses the core theories and concepts of regulation in response to the rise of the regulatory state and regulatory capitalism and in the context of the golden age of regulation Its ten sections include forty nine chapters covering issues as diverse and varied as theories of regulation historical perspectives on regulation regulation of old and new media risk regulation enforcement and compliance better regulation civil regulation European regulatory governance and global regulation As a whole it provides an essential point of reference for all those working on the political social and economic aspects of regulation This comprehensive resource will be of immense value to scholars and policymakers in numerous fields and disciplines including political science public policy and administration international relations regulation international law business and politics European studies regional studies and development studies
