Paul Johnson,2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective *The Shabd Yoga Text* David Lane,2015-12-07 This book contains a series of unique articles on shabd yoga with a particular emphasis on how to meditate by listening to an inner sound current **A Sacred Thread** Raymond Brady Williams,1996 What are UFOs And what did happen in Hanger 57 This book looks into the stories behind the sightings including several closed military files that may have some very strange evidence within them Nectar #13 Babaji Bob Kindler,Father Abbot Joseph Homick,Kyogen Carlson,Professor Sivaramkrishna,Sumita Roy,OP Sharma,Lex Hixon,2003-09-19 Divine Reality is all encompassing ever

present and all pervasive that is the testament of the enlightened beings throughout countless ages and seems to be the consensus of the writers featured in this issue of Nectar of Nondual Truth And not only are the seemingly varied perspectives of philosophy brought together in such a profound and unilateral insight the assumed divisions between man and man and woman nation and nation religion and religion and even heaven and earth are also harmoniously conjoined therein Further the very concepts of transcendence and immanence something beyond and something present also get a thorough revamping in our minds particularly if we imagine that they represent a contrasting dichotomy when in truth they do not As the Indian poet sage Ramaprasad is wont to sing repeatedly Mother s Reality escapes every mind that imagines sets of dualities to be real In the pages of this bold and well intentioned journal as well as in the hoary leaves comprising the revered scriptures of the world the idea of Nonduality Advaita persists Regardless there are always and predominantly two things on the minds of living beings whether they are awakened or unawakened those are Reality and relativity The unawakened either do not know about Reality do not think of It attempt to escape it in themselves or remain antagonistic to It If they accept it at all in what the seers call the beginnings of spiritual awakening there is still the considerable problem of overcoming procrastination prevarication and compromise and swiftly approaching It As for relativity the world of name and form perceived via the five senses as being ultimately real those unawakened to the Divine Verity mistake it to be the Reality bartering the infinite wealth at the center of their being for a world of mere colored glass as the poet sings Thus through lack of natural realization and unconscious of the underlying presence of Brahman they default to what the senses report and dictate and remain satisfied even through persistent suffering and obvious limitation with relative existence and what it has to offer *Destination* Bill Fitzpatrick,Roopal Jain,2009-11 Distant and Mysterious India is made less so as Bill Fitzpatrick and Roopal Jain explain what is Beyond the Taj and Behind the Symbols in their thoughtful humorous and often touching three week journey While historical figures such as Akbar Shah Jahan and Saint Francis Xavier are described and the vexing symbols of India explained the strength of *Destination India* Destiny Unknown is in the graceful manner the authors encounter and the describe the surprising heart of India *Footfalls of the Indian Rishis - Volume I* Babaji Bob Kindler,2023-08-09 The Holy Feet of Illumined Souls on Earth From dreams awake from bonds be free Know the Truth Thou art He thou art She The Rishis of India knowers of Truth in seeking the ultimate welfare and highest good for all of humanity throughout the ages pioneered an unprecedented myriad of religious and philosophical systems These availed the aspiring soul of a copious network of wisdom pathways opening inwards to the Light of Nondual Reality Veda Tantra Sankhya Nyaya Vaishesika Purva Mimamsa Vedanta Yoga Buddhism Patanjala Yoga Sikhism Jainism Vaishnavism Shaivism Shaktism Sourism Ganapatya the list goes on and on This reveals a universal vision the likes of which was never before seen in any country or conceived of by any other race of human beings Here is not only one holy book or merely one divine incarnation or just a single prophet but dozens to hundreds of each all supported maintained and lovingly transmitted by countless luminaries

stretching back millennia B C E India therefore stands as an exceptional example before the eyes of the world The main principle which makes her so is realization of and adherence to Truth as demonstrated and elucidated upon in this book It is founded upon the natural acceptance of the presence of God as Existence Itself This Truth was tempered on earth over millennia in the fires of spiritual practice infusing Vedic philosophy and religion with many important keys concerning the attainment of direct spiritual experience The subtitle of this book Charting the Timeless Wisdom of Mother India proves itself through 299 charts all created to transmit the depth and breadth of India s dharmic teachings and replete with thorough and in depth commentaries The Sound Current Tradition David Christopher Lane,2022-07-14

The practice of listening to subtle inner sounds during meditation to concentrate and elevate the mind has a long history in various religions around the world including Islam Christianity Hinduism Buddhism Jainism and Sikhism Today there are a number of new religious movements that have made listening to the inner sound current a cornerstone of their teachings These groups include the Radhasoamis the Divine Light Mission Eckankar the Movement of Spiritual Inner Awareness MSIA MasterPath the Sawan Kirpal Mission Quan Yin Ching Hai Manavta Mandir ISHA and a number of others In this study we provide a historical and comprehensive overview of these movements and how they have incorporated listening to the inner sound as part of their spiritual discipline We are particularly interested in the distinctive and nuanced ways that each group teaches how to listen to the inner sound current and how they interpret it in their own unique theologies Pop Culture Yoga Kristen C. Blinne,2020-01-23 Pop Culture Yoga A Communication Remix was born out of a series of questions about the paradoxical nature of yoga How do individuals and groups define yoga What does it mean to practice yoga and what does this practice involve What are some of the most important principles guidelines or philosophical tenets of yoga that shape people s definitions and practices Who has the power and authority to define yoga What are the limits if any of shared definitions of yoga Kristen C Blinne explores the myriad ways yoga is communicatively constructed and defined in and through popular culture in the United States In doing so Blinne offers insight into the many identity work processes in play in the construction of yoga categories illuminating how individuals and groups words and actions represent practices of claiming part of a complex communicative process centered around membership categorization based on a range of authenticity discourses Employing popular culture writing styles Blinne ultimately contends that the majority of yoga styles practiced in the United States are remixes that can be classified as pop culture yoga a distinct way of understanding this complex phenomenon

Making It in America Elliott Robert Barkan,2001-05-01 This collection of over 400 biographies of eminent ethnic Americans celebrates a wide array of inspiring individuals and their contributions to U S history The stories of these 400 eminent ethnic Americans are a testimony to the enduring power of the American dream These men and women from 90 different ethnic groups certainly faced unequal access to opportunities Yet they all became renowned artists writers political and religious leaders scientists and athletes Kahlil Gibran Daniel Inouye Zbigniew Brzezinski Thurgood Marshall Madeleine

Albright and many others are living proof that the land of opportunity sometimes lives up to its name. Alongside these success stories as historian Elliot R Barkan notes in his introduction to this volume there have been many failures and many immigrants who did not stay in the United States. Nevertheless the stories of these trailblazers visionaries and champions portray the breadth of possibilities from organizing a nascent community to winning the Nobel prize. They also provide irrefutable evidence that no single generation and no single cultural heritage can claim credit for what America is.

California's Pioneering Punjabis Lea Terhune, 2023-01-09 evocative vignettes and inspiring stories from many of California's South Asian American citizens. Paul Michael Taylor, Director, Asian Cultural History Program, Smithsonian Institution. At the turn of the 19th and 20th centuries adventurous travelers left the Punjab in India to seek their fortune in California and beyond. Laboring in farms, fields and orchards for low wages while enduring racial discrimination, they strove to put down roots in their new home. Bhagat Singh Thind, an immigrant who served in the United States Army, had his citizenship granted and revoked twice before a 1936 law expanded naturalization to all World War I veterans regardless of race. Dalip Singh Saund obtained a master's degree and doctorate in mathematics from UC Berkeley only to return to farming when no one would hire him. In 1956 Saund went on to become the first Asian elected to the U.S. Congress. Ethnic South Asians are now found in every trade and profession in the United States, including the Office of the Vice President. Descendants of the first Punjabi immigrants from Yuba City to the Imperial Valley still farm, adding to the rich tapestry of the Central Valley. Author Lea Terhune recounts the risks, setbacks and persistence of the people who achieved their American dreams.

Nectar #32 Linda Prugh, Suzanne Schier-Happell, S. Jagadishan, Sindhu and Joyesh Bagchi, Babaji Bob Kindler, Pravrajika Vivekaprana, Swami Brahmeshananda, Annapurna Sarada, 2017-01-02. A keenly vibrant and grateful world of conscious living beings who revere religion, philosophy and spirituality and who count themselves as lovers of Divine Reality on earth has recently completed celebrating the 150th anniversary of the birth of that incomparable soul, Swami Vivekananda. And by the looks of it, it will take much more than another 150 years for the world to awaken to just who it was who came amongst them in that august form. Was it Buddha? Was it Lord Siva? Was it Jesus come again? Or was it an integrated combination of these great souls, including others who graced this material loka, an atomic amalgam of earth-shaking proportions and ramifications. To answer more fully these intriguing questions, inquiry into the lives of a few of the Western women who met him in his recent incarnation as the Divine Lord coming into human form, attended by powerful incarnations of Shakti bent upon lifting up the very physical level of existence itself into transcendent spiritual dimensions, can be made. And that is also what Nectar of Nondual Truth aspires to in this issue, replete with articles by some of today's followers of this exceptional personage, many of them women. The early herald of this Western contingent of fearless and faithful female followers was Sister Nivedita, whose own 150-year Sesquicentennial is upon us this year. By her given family title, Margaret Noble, she was well named even in English, being of noble bearing and qualities both.
