Ludwig Goldscheider.]. Michelangelo Buonarroti,1939 Michelangelo Michelangelo Buonarroti,Ludwig Goldscheider,1975 First published in 1953 this book remains a classic of the literature on Michelangelo It continues to be the only volume that contains illustrations of all his paintings sculpture and architecture The book is designed to serve both the student and the art lover the fine quality reproductions emphatically illustrate Michelangelo s genius while the text surveys the opinions of the leading Michelangelo scholars and provides a commentary with bibliographical notes The exhaustive selection of plates devoted to the paintings of the Sistine Chapel provides an invaluable record of their condition before the recent controversial cleaning while ten of the colour plates show some of the paintings in their restored state Copyright Libri GmbH All rights reserved Michelangelo's Sculpture Leo Steinberg,2018-11-28 Leo Steinberg was one of the most original and daring art historians of the twentieth century known for taking interpretative risks that challenged the profession by overturning reigning orthodoxies In essays and lectures that ranged from old masters to contemporary art he combined scholarly erudition with an eloquent prose that illuminated his subject and a credo that privileged the visual evidence of the image over the literature written about it His works sometimes provocative and controversial remain vital and influential reading For half a century Steinberg delved into Michelangelo s work revealing the symbolic structures underlying the artist s highly charged idiom This volume of essays and unpublished lectures explicates many of Michelangelo s most celebrated sculptures applying principles gleaned from long hard looking Almost everything Steinberg wrote included passages of old fashioned formal analysis but here put to the service of interpretation He understood that Michelangelo s rendering of figures as well as their gestures and interrelations conveys an emblematic significance masquerading under the guise of naturalism Michelangelo pushed Renaissance naturalism into the furthest reaches of metaphor using the language of the

body and its actions to express fundamental Christian tenets once expressible only by poets and preachers or as Steinberg put it in Michelangelo's art anatomy becomes theology Michelangelo's Sculpture is the first in a series of volumes of Steinberg's selected writings and unpublished lectures edited by his longtime associate Sheila Schwartz The volume also includes a book review debunking psychoanalytic interpretation of the master's work a light hearted look at Michelangelo and the medical profession and finally the shortest piece Steinberg ever published *Michelangelo and the Reform of Art* Alexander Nagel, 2000-09-11 Michelangelo was acutely conscious of living in an age of religious crisis and artistic change and for him the two issues were related Michelangelo and the Reform of Art explores Michelangelo's awareness of artistic tradition as a means of understanding his relation to the profound religious uncertainty of the sixteenth century Concentrating on Michelangelo's lifelong preoccupation with the image of the dead Christ Alexander Nagel studies the artist's associations with reform minded circles in early sixteenth century Italy and reveals his sustained concern over the fate of religious art Delphi Complete Works of Michelangelo (Illustrated) Michelangelo Buonarroti, 2014-12-14 The Divine sculptor painter architect poet and engineer Michelangelo Buonarroti exerted an unparalleled influence on the development of Western art producing masterpieces that rank among the most famous in existence Delphi's groundbreaking Masters of Art Series presents the world's first digital e Art books allowing digital readers to explore the works of the world's greatest artists in comprehensive detail This volume presents the complete works of Michelangelo in all mediums with concise introductions hundreds of high quality images and the usual Delphi bonus material Version 1 The complete paintings of Michelangelo over 400 images fully indexed and arranged in chronological and alphabetical order Includes reproductions of rare works The complete ceiling and wall frescoes of the Sistine Chapel fully indexed Insightful introductions giving valuable contextual information on all the paintings and sculptures Enlarged Detail images allowing you to explore Michelangelo's celebrated works in detail as featured in traditional art books Hundreds of images in stunning colour highly recommended for viewing on tablets and smart phones or as a valuable reference tool on more conventional eReaders Rare attributed works Also includes Michelangelo's architectural poetical and drawing works Easily locate the works you want to view Features three bonus biographies including Vasari's legendary work discover Michelangelo's artistic and personal life Scholarly ordering of plates into chronological order and literary genres Please visit www.delphiclassics.com to browse through our range of exciting e Art books CONTENTS The Paintings THE TORMENT OF ST ANTHONY MADONNA AND CHILD WITH ST JOHN AND ANGELS THE ENTOMBMENT DONI TONDO THE HOLY FAMILY THE BATTLE OF CASCINA SISTINE CHAPEL CEILING TABLE OF CONTENTS FOR THE SISTINE CHAPEL CEILING DETAIL IMAGES THE LAST JUDGMENT LEDA AND THE SWAN THE CONVERSION OF SAUL THE CRUCIFIXION OF ST PETER The Sculptures MADONNA OF THE STAIRS BATTLE OF THE CENTAURS CRUCIFIXES STATUES FOR THE ARCA DI SAN DOMENICO BACCHUS PIET DAVID MADONNA OF BRUGES PICCOLOMINI ALTARPIECE TONDO PITTI TADDEI TONDO ST MATTHEW

Michelangelo 50minutes, 2018-11-26 Keen to learn but short on time? Find out everything you need to know about the life and work of Michelangelo in just 50 minutes with this straightforward and engaging guide. Michelangelo is one of the most influential artists in Western art history, and his works, including his famed sculpture David and the frescoes adorning the ceiling of the Sistine Chapel, are among the most recognisable in the world. As the creator of statues and paintings on a vast imposing scale who displayed virtually unrivalled technical mastery and interwove religious and secular subjects in a highly original manner, Michelangelo was a source of inspiration to countless later artists, including the Mannerists and numerous 19th-century French artists. In spite of his exceptional talent, he was frequently dissatisfied with his own work, and a number of projects were left unfinished at his death. In this book, you will learn about the artistic developments that took place in Italy during the Renaissance, the commissions Michelangelo received from influential patrons, including several popes and the powerful Medici family, his most celebrated works, including David and The Last Judgment, and their influence on later artists.
