Paolo Virno,2008-05-30 The influential Italian thinker offers three essays in the political philosophy of language *Multitude between Innovation and Negation* by Paolo Virno translated by James Cascaito The publication of Paolo Virno s first book in English *Grammar of the Multitude* by Semiotext e in 2004 was an event within the field of radical political thought and introduced post 68 currents in Italy to American readers *Multitude between Innovation and Negation* written several years later offers three essays that take the reader on a journey through the political philosophy of language Wit and Innovative Action explores the ambivalence inevitably arising when the semiotic and the semantic grammar and experience rule and regularity and right and fact intersect Virno unravels the infinite potential and wonders of everyday linguistic praxis and ambiguity Wit he argues is a public performance and its modus operandi characterizes human action in a state of emergency it is a reaction an articulate response and a possible solution to a state of crisis *Mirror Neurons Linguistic Negation and Mutual Recognition* examines the relationship of language and intersubjective empathy without language would human beings be able to recognize other members of their species And finally in *Multitude and Evil* Virno challenges

the distinction between the state of nature and civil society and argues for a political institution that resembles language in its ability to be at once nature and history Few thinkers take the risks required by innovation Like a philosophical entrepreneur Virno is engaged in no less than rewriting the dictionary of political theory an urgent and ambitious project when language caught in a permanent state of emergency impossible to sustain desperately needs to articulate and enact new practices of freedom for the multitude Paolo Virno is the author of several books including *A Grammar of the Multitude* Semiotext e 2004

Dante's Plurilingualism Sara Fortuna, 2017-07-05 Dante's conception of language is encompassed in all his works and can be understood in terms of a strenuous defence of the volgare in tension with the prestige of Latin By bringing together different approaches from literary studies to philosophy and history from aesthetics to queer studies from psychoanalysis to linguistics this volume offers new critical insights on the question of Dantes language engaging with both the philosophical works characterized by an original project of vulgarization and the poetic works which perform a new language in an innovative and self reflexive way In particular Dantes *Plurilingualism* explores the rich and complex way in which Dantes linguistic theory and praxis both informs and reflects an original configuration of the relationship between authority knowledge and identity that continues to be fascinated by an ideal of unity but is also imbued with a strong element of subjectivity and opens up towards multiplicity and modernity *Encyclopedia of Italian Literary Studies: A-J* Gaetana Marrone, 2007 Publisher description

Pained Screams from Camps Aisling Reid, Valentina Surace, 2024-06-17 Detention camps exceed the juridical concept of punishment and crime This book comprises two parts 1 a collected volume that discusses camps not as something of the past but as a paradigmatic political space in which ordinary law is completely suspended and 2 an Italian English parallel text of the war diary of an Italian prisoner during his confinement at the Stalag X B internment camp near Sandbostel from 1943-1945

1 *The Human Condition of Exception*

Collected Essays Edited by Aisling Reid and Valentina Surace Written in Italian and English the essays collected in this volume explore the issue of camps and suffering from various perspectives including philosophical inquiry literary analysis historical description and legal assessment As Agamben suggests the camp embodies the state of exception A dehumanising camp life will therefore emerge every time such a structure is created What happens in camps exceeds the juridical concept of punishment as well as that of crime Prisoners are faced with a useless pain Levinas as it is not the expiation of a fault Prisoners attempt to describe their extreme suffering through their diaries Their experience however cannot be entirely communicated Even their screams which express humanity at the extreme limit of its un power are silenced Given the recent popularity of right wing politics as well as the centenary of Mussolini s march on Rome such research is more urgent than ever The book will appeal to readers with an interest in philosophy as well as Irish history scholars studying internment during Partition and The Troubles in Northern Ireland
