

SEA OF GRASS

**The Maritime Drug War
1970-1990**

CHARLES M. FUSS, JR.

Sea Of Grass The Maritime Drug War 19701990

Tony Payan

Sea Of Grass The Maritime Drug War 19701990:

Sea of Grass Charles M. Fuss,1996 Charles Fuss a special agent for the National Oceanic and Atmospheric Administration assigned to the National Narcotics Border Interdiction System staff and later to the Office of National Drug Control Policy is directly credited with work leading to the conviction of more than 100 drug smugglers the seizure of huge amounts of narcotics and the vessels carrying them and the identification of new smuggling techniques The narrative is set against the political background of the period and includes prison interviews the author conducted with veteran smugglers Readers go to sea with the interceptors and the smugglers to witness their adventures and defeats Readers are also privy to the details of the violence in Florida that focused concern on the problem and led to the buildup of a counternarcotics force and the involvement of the military and intelligence communities

The Three U.S.-Mexico Border Wars Tony Payan,2016-10-11 This book addresses the three central issues that continue to dominate the U S Mexico relationship today drugs immigration and security Nowhere is this more palpable than at the 2 000 mile border shared by the two countries The U S Mexico border remains a hot topic in the news and a contentious one This second edition of a popular work brings readers up to date on what is really going on at the U S Mexico border and why The book offers a detailed history based examination of the evolution of current conditions on the border arguing that they exist due to a steady growth in the security concerns of the United States over almost two centuries The author shows how the border has gone through four historical stages that ultimately have crippled the region sacrificing its ability to produce prosperity in exchange for greater security Combining depth and breadth the book covers the economic relationship between Mexico and the United States the deployment of technology the bureaucratic interests that control the border landscape the democratic deficit and a detrimental lack of policy coordination Issues such as drug trafficking and homeland security are considered as well Demonstrating the internal and contradictory logic of American policy toward the border the author argues that current conditions could lead to a return of authoritarianism in Mexico and a concurrent rise in anti American sentiment

Cops, Soldiers, and Diplomats Tony Payan,2006-01-01 Cops Soldiers and Diplomats is an exceptionally clear exposition of bureaucratic behavior amongst various agencies as each responded to the challenges of the War on Drugs Chapter by chapter author Tony Payan exposes the bureaucratic imperatives of the numerous agencies waging the drug war uncovering some of the fundamental structural reasons why this war could not succeed within the United States fragmentation competition duplication jealousy turf wars information hiding and ultimate failure Payan s work will be certain to find an audience with politicians and policy makers students of sociology and criminology and any one interested in the drug war

Cases and Materials on the Law of the Sea Louis B. Sohn,John Noyes,2021-10-25 Cases and Materials on the Law of the Sea is a thoroughly up to date text that will be used both as a classroom course book and as a treatise and reference guide The text contains engaging teaching materials that systematically introduce law of the sea topics placing them in the

context of important themes about the roles of international law and international legal process Historical materials of continuing importance appear alongside new materials that address such topics as maritime terrorism and port security the protection of underwater cultural heritage marine sanctuaries deep sea vent resources and the operation of the International Tribunal for the Law of the Sea and other new international organizations Published under the Transnational Publishers imprint

Studies in Gangs and Cartels Robert J. Bunker, John P. Sullivan, 2017-07-05 Concerns over the changing nature of gangs and cartels and their relationships to states in the late 20th and early 21st centuries has resulted in the emergence of a scholarly body of work focused on their national security threat potentials This body of work utilizing the third generation gangs and third phase cartel typologies represents an alternative to traditional gang and organized crime research and one that is increasingly influencing the US defense community Rather than being viewed only as misguided youth and opportunistic criminals or in their mature forms as criminal organizations with no broader social or political agendas more evolved gangs and cartels are instead seen as developing political mercenary and state challenging capacities This evolutionary process has emerged due to the growing illicit economy and other unintended consequences of globalization This important anthology of writings by Robert J Bunker and John P Sullivan draws upon a collection of their works from the mid 1990s to the present with the addition of new essays written specifically for this publication The work will be of great interest to academics and students in the fields of political science and criminal justice and to military law enforcement and governmental professionals and policy makers This book is a collection of new and previously published works from a variety of publications a full list of which is on the Citation Information page

The Royal Navy in the Cold War Years, 1966-1990 Edward Hampshire, 2024-07-30 During the period covered by this new book the Royal Navy faced some of its greatest challenges both at sea confronting the increasingly capable and impressive Soviet Navy and on shore when it faced policy crises that threatened the survival of much of the fleet During this remarkable period the Navy had rarely been so focussed on a single theater of war the Eastern Atlantic but also rarely so politically vulnerable The author sets out to analyze shadowing operations and confrontations at sea with Soviet ships and submarines the Navy's role in the enormous NATO and Warsaw Pact naval exercises that acted out potential war scenarios individual operations from the Falklands and the 1990 91 Gulf War to the Beira and Armilla patrols the development of advanced naval technologies to counter Soviet capabilities policy making controversies as the three services fought for resources including the controversial 1981 Nott defense review and what life was like in the Cold War navy for ratings and officers The book the first to cover this subject in depth for more than thirty years will make use of the full range of archival sources that have been publicly available over the last two decades but of which little use has been made by historians This work is destined to become a definitive naval history of the period and also provide a fascinating and gripping narrative of a navy under threat from many directions but which survived and eventually prospered winning a remarkable victory in the far South Atlantic more than 7

000 miles from its expected battleground in the North Atlantic Elegantly written for a wide audience it will be a very significant volume for professional and enthusiast alike

The Coast Guard Intelligence Program Enters the Intelligence Community Kevin E. Wirth, 2007 This work builds on earlier publications in this series particularly Occasional Paper Number Nine The Creation of the National Imagery and Mapping Agency Congress's Role as Overseer by Anne Daugherty Miles The author of the present paper has examined how the Coast Guard became a member of the Intelligence Community how Congress was involved and how Congress will likely be increasingly involved in the organization of the Community Although the United States Coast Guard has utilized intelligence capabilities since the service's inception in 1790 the Coast Guard was not included as a formal member of the Intelligence Community until December 2002 Mr Wirth describes the story behind the short but significant amendment to the National Security Act of 1947 which resulted in the Coast Guard's formal entry into the Intelligence Community Researched within eighteen months of passage this case study exhaustively documents extensive congressional and Coast Guard staff work Interviews at the action officer level clearly reveal the view from the bureaucratic trenches and additional attention to talking points meeting minutes and email summaries add immediacy as they further clarify positions from within departments staffs and agencies A brief examination of the surrounding political and geopolitical events such as the bombing of the USS Cole political changes in Congress internal Coast Guard actions and the tragic attacks of September 11th provide context to the passage of this provision Derived from a thesis completed in 2003 this paper illustrates the importance of gathering electronic data immediately since much of the reference material on which this study is based existed only as informal e mail or documents stored on computers Much of it likely would have been erased had the research started even a year later

Criminal Insurgencies in Mexico and the Americas Robert Bunker J, 2013-10-28 In recent years the south western border of the United States has come under increasing pressure from the activities of Mexican narco insurgents These insurgents have developed rapidly from beginnings as nebulous gangs into networked cartels that have exposed the porosity of the border These cartels declare no allegiance to any nation and are engaging in asymmetrical warfare against sovereign states throughout Mexico and in Central America Within such states de facto political control is shifting to the cartels in the areas of impunity that have emerged This book addresses these concerns and focuses on the criminal insurgencies being waged by the gangs and cartels It is divided into sections on theory Mexico and the Americas and contains a number of introductory essays pertaining to this premier security threat to the United States and her allies in the region Topics covered include criminal and spiritual insurgency cartel weapons corruption feral cities Los Zetas politicized gangs and threat analysis in Central America This book will be a valuable resource to scholars in the fields of regional security criminal justice and American Studies It will be of great benefit to military and civil policymakers and practitioners in the areas of law enforcement and counternarcotics This book was published as a special issue of Small Wars and Insurgencies

Parameters ,1997 *Air University Library*

Index to Military Periodicals, 1997 Rescue Warriors David Helvarg, 2009-05-12 The Extraordinary Story Of The U S Coast Guard Since its founding more than two hundred years ago the United States Coast Guard has rescued over a million people On any given day Coasties respond to 125 distress calls and save over a dozen lives Yet despite having more than 50 000 active duty and reserve members on every ocean and on our nation s coasts great lakes and rivers most of us know very little about this often neglected but crucial branch of the military In *Rescue Warriors* award winning journalist David Helvarg brings us into the daily lives of Coasties filled with a salty maritime mix of altruism and adrenaline as well as dozens of death defying rescues at sea and on hurricane ravaged shores Helvarg spent two years with the men and women of the Coast Guard from the halls of their academy in New London Connecticut to the frigid storm tossed waters of Alaska s Bering Sea to the northern Persian Gulf where they currently guard Iraqi oil terminals The result is a masterpiece of adventure reporting the definitive book on America s forgotten heroes *Thai Stick* Peter Maguire, Mike Ritter, 2013-11-12 The untold history of the underground marijuana trade in Thailand from surfers and sailors to pirates Located on the left bank of the Chao Phya River Thailand s capital Krungthep known as Bangkok to Westerners and the City of Angels to Thais has been home to smugglers and adventurers since the late eighteenth century During the 1970s it became a modern Casablanca to a new generation of treasure seekers from surfers looking to finance their endless summers to wide eyed hippie true believers and lethal marauders left over from the Vietnam War Moving a shipment of Thai sticks from northeast Thailand farms to American consumers meant navigating one of the most complex smuggling channels in the history of the drug trade Many forget that until the mid 1970s the vast majority of marijuana consumed in the United States was imported and there was little to no domestic production Peter Maguire and Mike Ritter are the first historians to document this underground industry the only record of its existence rooted in the fading memories of its elusive participants Drawing on hundreds of interviews with smugglers and law enforcement agents the authors recount the buy delivery voyage home and product offload They capture the eccentric personalities of the men and women who transformed the Thai marijuana trade from a GI cottage industry into a professionalized business moving the world s most lucrative commodities unraveling a rare history from the smugglers perspective Highly recommended for anyone who loves adventure cannabis surfing or all of the above It s every single bit as heady energetic and captivating as the title implies *Cannabis Now* *Bulletin - U.S. Coast Guard Academy Alumni Association* United States Coast Guard Academy. Alumni Association, 1996 **International Law for Seagoing Officers, 6th Edition** Craig H Allen, 2014-05-15 For those who operate on under and over the sea international law can sometimes be as complex as it is important Written by the same former seagoing officer and maritime law professional who authored the current edition of *Farwell s Rules of the Nautical Road* this book was designed to bring clarity and context to international law for the seagoing professional Following an introduction to public international law and a short history of the law of the sea the book describes the rules that apply in ports and in the adjacent maritime zones including the territorial sea

exclusive economic zone archipelagic waters and the high seas A highlight of the book are the chapters that focus on the subjects of greatest interest to the seagoing professional including military and intelligence activities in the maritime domain maritime law enforcement activities and the use of force at sea The appendices include the text of the 1982 UN Convention on the Law of the Sea Whether an academy cadet a midshipman a seasoned commanding officer or a master mariner readers of this thorough and timely book will be rewarded with a far greater understanding of the international laws that govern ships and mariners at sea

Reorganizing the Joint Chiefs of Staff Gordon Lederman, 1999-11-30 The Goldwater Nichols Department of Defense Reorganization Act of 1986 is the most important legislation to affecting U S national defense in the last 50 years This act resulted from frustration in Congress and among certain military officers concerning what they believed to be the poor quality of military advice available to civilian decision makers It also derived from the U S military's perceived inability to conduct successful joint or multi service operations The act passes after four years of legislative debate designated the Chairman of the Joint Chiefs of Staff as the

principal military advisor to the President and sought to foster greater cooperation among the military services Goldwater Nichols marks the latest attempt to balance competing tendencies within the Department of Defense namely centralization versus decentralization and geographic versus functional distributions of power As a result of the Goldwater Nichols Act the Chairman of the Joint Chiefs has achieved prominence but his assignment is somewhat contradictory the spokesman and thus the advocate for the Commander in Chief while simultaneously the provider of objective advice to the President While the act did succeed in strengthening the CINCs authority and in contributing to the dramatic U S achievements in the Gulf War the air and ground campaigns revealed weaknesses in the CINCs capability to plan joint operations In addition the increased role of the military in ad hoc peacekeeping operations has challenged the U S military s current organizational structure for the quick deployment of troops from the various services Rapid technological advances and post Cold War strategic uncertainty also complicate the U S military s organizational structure

The Wireless Operator The **Wireless Operator** David Tuch,2030-05-15 Government agencies and rival factions were closing in His look alike had already fallen victim to professional hitmen and his once powerful allies in Cuban intelligence and the DEA could no longer guarantee his safety How did a boy from Manchester revolutionise the criminal world and become the largest marijuana trafficker in American history This is the never before told story of Harold Derber the debonair British Merchant Navy veteran who invented the modern drug trade with his groundbreaking invention the drug mothership Through his ghost fleet of drug ships Derber eventually become the chief supplier of marijuana to post war America This gripping true tale follows Derber from humble beginnings in Manchester England to his assassination in the sun kissed streets of Miami Along the way Derber s story takes in some of the most significant events of the twentieth century the Second World War s Battle of the Atlantic the Cuban Revolution and the murky shadows of the Cold War Shedding light on a litany of plots including arms and refugee smuggling large scale stock fraud and Derber s rise to the pinnacle of the drug world this remarkable transatlantic story paints a complex picture of a singular figure and brings his extraordinary life into focus for the first time Peacekeeping & International Relations ,1997

Agents of Chaos Sean Howe,2023-08-29 The life and times of High Times enigmatic founder Thomas King For ade an underground newspaper editor and marijuana kingpin who between police raids smuggling runs and outrageous stunts battled both the US government and fellow radicals Cover illustration by legendary comics artist Bill Sienkiewicz At the end of the 1960s the mysterious Tom For ade suddenly appeared insinuating himself into the top echelons of countercultural politics and assuming control of the Underground Press Syndicate a coalition of newspapers across the country Weathering government surveillance and harassment he embarked on a landmark court battle to obtain White House press credentials But his audacious exploits pieing Congressional panelists stealing presidential portraits and picking fights with other activists led to accusations that he was an agent provocateur As the era of protest faded and the dark shadows of Watergate spread For ade hoped that marijuana could be the path to cultural and economic revolution Bankrolled by drug dealing profits High

Times would be the Playboy of pot dragging a once taboo subject into the mainstream The magazine was a travelogue of globe trotting adventure a wellspring of news about the business and an overnight success But High Times soon threatened to become nothing more than the hip capitalism For ade had railed against for so long and he felt his enemies closing in Assembled from exclusive interviews archived correspondences and declassified documents Agents of Chaos is a tale of attacks on journalism disinformation campaigns governmental secrecy corporatism and political factionalism Its triumphs and tragedies mirror the cultural transformations of 1970s America wrought by forces that continue to clash in the spaces between activism and power

The Presidency of George H. W. Bush John Robert Greene, 2015-06-19 After George H W Bush lost his re election bid to Bill Clinton in 1992 John Robert Greene s verdict on the 41st president of the United States was that he brought no discredit to the office and was both patient and prudent mak ing few mistakes In the years since the release of Greene s profile of the senior Bush deemed by Publishers Weekly the essential introduction to Bush s abbreviated but still consequential tenure in office a wealth of materials about Bush s presidency has become available even as distance has sharpened our perspective on the Bush years In this significantly expanded second edition of The Presidency of George H W Bush Greene takes full advantage of newly released documents to revisit Bush s term to consider his post presidency accomplishment and to enhance and clarify our understanding of his place in history Such milestones as the fall of the Berlin Wall the reunification of Germany the fall of the Soviet Union the savings and loan crisis and the transition to the Clinton administration receive renewed and far more detailed treatment here as do the ramifications of George H W Bush s positions and policies Greene also devotes ample attention to Bush s post presidency including his relationship with his son President George W Bush as well as the development of his close friendship with Bill Clinton The elder Bush emerges from this reappraisal as a considerably more activist president with a more activist administration than was previously assumed Greene s concise and readable account drawing on the contents of the bush Library the papers of James A Baker III and personal interviews shows us the 41st president and thus an important chapter in American history in a new and more revealing light

Reviewing **Sea Of Grass The Maritime Drug War 19701990**: Unlocking the Spellbinding Force of Linguistics
