**Travel Writing from Black Australia** Robert Clarke, 2015-11-19 Over the past thirty years the Australian travel experience has been Aboriginalized Aboriginality has been appropriated to furnish the Australian nation with a unique and identifiable tourist brand This is deeply ironic given the realities of life for many Aboriginal people in Australian society On the one hand Aboriginality in the form of artworks literature performances landscapes sport and famous individuals is celebrated for the way it blends exoticism mysticism multiculturalism nationalism and reconciliation On the other hand in the media cinema and travel writing Aboriginality in the form of the lived experiences of Aboriginal people has been exploited in the service of moral panic patronized in the name of white benevolence or simply ignored For many travel writers this irony the clash between different regimes of valuing Aboriginality is one of the great challenges to travelling in Australia

**Travel Writing from Black Australia** examines the ambivalence of contemporary travelers engagements with Aboriginality Concentrating on a period marked by the rise of discourses on Aboriginality championing indigenous empowerment self determination and reconciliation the author analyses how travel to Black Australia has become for many travelers a means of discovering new and potentially transformative styles of interracial engagement

**The Australian Nexus** Randall Doyle, 2018-06-18 In 2018 Australia finds itself at the center of a geopolitical storm within the Indo Pacific region With the meteoric rise of China and the perceived decline of U S influence and power in East Asia Australia is faced with some rather difficult and uncomfortable questions concerning its economic future and its national security Historically Australia has always had a major power as its key ally especially in terms of its national security In 1901 Australia became a self governing nation However Great Britain continued to protect Australia from potential external enemies because Australia remained an important and valued commonwealth nation within the British empire However at the beginning of the Pacific War during WWII Australia reached out to America after the British colony Singapore collapsed in the face of the oncoming and powerful Japanese imperial military forces in February 1942 With the empire of Japan marching southward in the Pacific region Australian prime minister John Curtin anxiously requested in late December 1941 that America come save the nation from being invaded by the Japanese imperial army and naval forces Due to its own strategic needs against Japan the U S agreed to send its military forces to Australia Thus began a geostrategic relationship that has lasted for seventy five years Hence Australia has remained one of America s most reliable allies throughout the post WWII era But at the end of the second decade of the 21st century the geostrategic dynamics of the Indo Pacific have changed dramatically China s unprecedented rise to power economically militarily and diplomatically has forced Australia to reevaluate its policies and position within the East Asian hemisphere And to further complicate Australia s current predicament America itself is experiencing a major political upheaval with the stunning election of Donald Trump as its new president in 2016 Henceforth Australia increasingly finds

itself in uncharted waters geopolitically Australians are confronted with the irrefutable reality that they are living not only in the most pivotal region of the world but one that is in the midst of an historic transformation In essence Australia finds itself at the center of a geostrategic storm      **In search of the castaways: South America, Australia, New Zealand** Jules Verne,1911      *Language Competition and Shift in New Australia, Paraguay* Danae Perez,2019-10-24 This book is an innovative sociolinguistic study of New Australia an Australian immigrant community in Paraguay in 1893 whose descendants today speak Guaraní Providing fresh data on a previously under researched community who are an extremely rare case of language shifting from English heritage language to a local indigenous language the case study is situated within the wider context of the colonial and post colonial spread of English in Latin America over the past century Drawing on insights from linguistic anthropology sociolinguistics Latin American studies and history the author presents the history of the colony before closely analysing the interplay of language and identity in this uniquely diasporic setting This book fills a longstanding gap in the World Englishes and heritage languages literature and it will be of interest to scholars of colonial and postcolonial languages and minority language more generally      *Unsolved Australia* Justine Ford,2015-07-01 Australia s most baffling homicides and mysterious missing persons cases are uniquely explored in this stunning true crime book in which you the reader are invited to play armchair detective Featuring 18 infamous cases *Unsolved Australia* unearths a host of jaw dropping new evidence via in depth interviews with police families and criminals Along the way you ll meet the *Unsolved Squad* the humble heroes and dedicated experts involved in collecting and connecting clues *Unsolved Australia* is a chilling thrilling and inspiring book full of drama emotion and hope      *The Search for Security in the Pacific 1901-1914* Neville Meaney,2009 First published in 1976 *The Search for Security in the Pacific 1901 1914* is the first volume in a pioneering two volume history of Australia s relations with the world from the founding of the Commonwealth to the Great War and its immediate aftermath This book is based on wide ranging research in collections of personal and official papers in Australia Britain the United States and Canada and offers original insights into Australia s political culture In taking the story up to the outbreak of the European conflict it shows the great impact that the looming presence of East Asia had on Australia s perception of the world and on the evolution of a distinctive defence and foreign policy It tells the story of how in an age of race nationalism the fear of Asia led first to the making of the Commonwealth and the White Australia policy and then after Japan s defeat of Russia in 1905 to the potential prospect of a military invasion from the north This sense of an Australian Crisis pervaded the whole society and found expression in poetry plays novels cartoons at least one film newspaper editorials as well as political speeches To meet this threat Australian leaders against all the advice from the British authorities introduced compulsory military training and established a navy and a fledgling air force The outbreak of the European war found the Australians resentful about the British betrayal and anxious to know what the Empire s involvement in that conflict might mean for the Pacific This divergence of security concerns created tension between Australia s community of culture

and its community of interest between its British identity and its geopolitical circumstances      *Rose Summerfield: Australian Radical* Steve J. Shone, 2022-02-21 *Rose Summerfield* outlines the largely forgotten achievements of this overlooked labor union activist and socialist sympathetic to anarchist feminist and secularist ideas as a dynamic speaker who eventually emigrated to Paraguay to live on a utopian commune called Cosme In this first book length study of Summerfield Shone supplements existing scholarship with new information revealing to a much fuller extent Summerfield's contributions to radical thought documenting the substantial scope of her contributions to women's rights activism in New South Wales in the 1890s a topic that has previously been almost completely ignored      *Turning Points in Australian History* Martin Crotty, David Andrew Roberts, 2009 This exciting and stimulating book looks back at turning points and crucial moments in Australian history Rather than arguing that there have been forks on a pre determined road the book challenges us to think about other paths or better paths that might have led to different outcomes      *A Restless Search* Kenneth J. Thomas, 2015-12-01 A literary detective story a historical survey and an important contribution to translation studies This book from Kenneth J Thomas is both a philological and linguistic analysis of Persian translations and a call for interfaith cooperation Thomas appraises biblical translation efforts from the fifth to the twenty first centuries of Persian history when successive translators and groups of translators sometimes of different faiths worked to reshape and refine versions of the Bible in the supple Persian language of their times *Restless* impelled and wide ranging this is a story of translations commissioned by shahs undertaken by Christian and Jewish communities and produced by teams working outside the country Features Demonstration of the effects of the lack of a standard Persian vocabulary for key biblical terms on literary style and word choice Technical analyses and overviews of Persian biblical translations A careful examination of sixteen centuries worth of Bible translations      *Contemporary Issues in Australian Literature* David Callahan, 2014-02-25 The contemporary study of Australian literature ranges widely across issues of general cultural studies the politics of identity both ethnic and gendered and the position of Australia within wider postcolonial contexts This volume intervenes in the most significant of issues in these areas from a variety of international perspectives      *Claiming Space for Australian Women's Writing* Devaleena Das, Sanjukta Dasgupta, 2017-06-29 This volume explores the subterfuges strategies and choices that Australian women writers have navigated in order to challenge patriarchal stereotypes and assert themselves as writers of substance Contextualized within the pioneering efforts of white Aboriginal and immigrant Australian women in initiating an alternative literary tradition the text captures a wide range of multiracial Australian women authors insightful reflections on crucial issues such as war and silent mourning emergence of a Australian national heroine racial purity and Aboriginal motherhood communism and activism feminist rivalry sexual transgressions autobiography and art of letter writing city space and female subjectivity lesbianism gender implications of spatial categories placement and displacement dwelling and travel location and dislocation and female body politics *Claiming Space for Australian Women's Writing* tracks Australian women

*Colonial Psychosocial* David Crouch, 2015-01-12 A small bespectacled man with impressive moustaches and a devastating way with words William Lane was at first delighted with the pliant disposition of the society he found emerging in the colonies of Australia The nascent nation was awash with radical ideas and inherited bigotries but also obsessed with itself and uneasy about its own place and composition To this combustible atmosphere Lane contributed all the excesses of his blistering rhetoric and seductive hyperbole he mesmerised his audience with all the things it feared Colonial Psychosocial traverses the darkness of colonial cities descriptions of opium dens and Fan Tan gambling rooms tales of race war and the morbid textual dissections of alien interlopers it delves into vicious narratives of invasion and expulsion inscrutable crowds and rioting mobs Through the focus provided by Lane's life and writing the book traces phantasmagorias of deformity disease and degenerative decline it considers the fate of the workingman's paradise a miscellanea of socialist nationalist and utopian delusion and the disorienting appearance of modernity in the colonial laboratory It follows the dictatorship and demise of New Australia a settlement in Paraguay based on purity of blood and closes with the violence and idealism of a transnational twilight in New Zealand Lane helped shape a lexicon of exclusion and denial that suffused the colonies His divisive social commentary fed a fantasy of Australia that became the persistent rationale for aggressive assertions of identity Through Lane this study develops a way of approaching the historically situated and discursively shaped anxieties that were invigorated by the uncertainties bred at the edges of empire distilled in a pervasive lexicon of race thinking and made part of far wider technologies of social control      Works of Jules Verne: In search of castaways: South America, Australia, New Zealand Jules Verne, 1911
