## Search For Jewish Theology:

God in Search of Man Abraham Joshua Heschel, 1976-06-01 Abraham Joshua Heschel was one of the most revered religious leaders of the 20th century and *God in Search of Man* and its companion volume *Man Is Not Alone* two of his most important books are classics of modern Jewish theology *God in Search of Man* combines scholarship with lucidity reverence and compassion as Dr Heschel discusses not man's search for God but God's for man the notion of a Chosen People an idea which he writes signifies not a quality inherent in the people but a relationship between the people and God It is an extraordinary description of the nature of Biblical thought and how that thought becomes faith Modern Jewish Theology Samuel J. Kessler, George Y. Kohler, 2023-12 *Modern Jewish Theology* is the first comprehensive collection of Jewish theological ideas from the pathbreaking nineteenth and early twentieth centuries featuring selections from more than thirty of the most influential Jewish thinkers of the era as well as explorations of Judaism's identity uniqueness and relevance the origin of ethical monotheism and the possibility of Jewish existentialism These works most translated for the first time into English by top scholars in modern Jewish history and philosophy reveal how modern Jewish theology developed in concert with broader trends in Jewish intellectual and social modernization especially scholarship *Wissenschaft des Judentums* politics liberalism and Zionism and religious practice movement Judaism and the struggles to transcend denominational boundaries This anthology thus opens to the English language reader a true treasure house of source material from the formative years of modern Jewish thought bringing together writings from the very first generations who imagined biblical and rabbinic texts and modern scientific research would produce a synthetic view of God Israel and the world A general introduction and chapter introductions guide students and nonspecialists through the key themes and transformations in modern Jewish theology and extensive annotations immerse them in the latest scholarship **A Search for a Theology of Resuscitation** Priscilla Noble-Mathews, 2012 This is an attempt to search for a theology to underpin the ethics of resuscitation Because reference is sometimes made to resuscitation being attempted in the Bible the Search examines the Old and New Testament for instances of resuscitation or revival from the dead which may shed light on such theology However it is also contended that in the time before Christ it was life in this world which was prized and that it was only towards the end of the Old Testament era there was the beginning of a perception of resurrection after death to a different sphere of existence Following the Death and Resurrection of Jesus Christ it was eternal life that was to be the goal of living This it is contended is why there is a dearth of material in Christian Tradition on any reference to a value of revival to life in this world It is also contended that in Christian Tradition up until approximately the last century there is always a fundamental acknowledgment of God as the Author of life and the Arbiter of death However in modern times the emphasis which has been laid on the autonomy of the individual is encouraging people to replace and edge out God thus twisting the first strand of theological underpinning of the ethics out of recognition An additional strand of theology is uncovered in that

the biblical recorded resuscitations were all carried out for some purpose or for the benefit of someone other than the person being revived although the person themselves may have derived some indirect benefit

The Emergence of Jewish Theology in America Robert G. Goldy, 1990-02-22 In The Emergence of Jewish Theology in America Robert G Goldy traces the birth and development of American Jewish theology from the Second World War to the present taking into account its social historical and intellectual roots and its revolutionary impact on the rabbinate and the Jewish intellectual community Affected by the horrors of war many third generation American Jews became dissatisfied with Jewish liberal thought and sought an American Jewish theology that would be radical existentialist and neo Orthodox

**Search for Meaning** David Birnbaum, Martin S. Cohen, The Book of Deuteronomy depicts Moses addressing Israel before his own death as he imagines that some day in the future children will ask their parents to explain the meaning of the testimonies statutes and judgments Deuteronomy 6 20 that are the foundation of the covenant that binds Israel to its God He thus frames in specifically Jewish terms the same set of haunting intimations that all thoughtful people bring to the contemplation of their own lives and indeed to life itself the sense that being alive can or should mean more than merely not being dead that the contemplation of even the most banal features of daily life can yield rich insight about the nature of existence and the feeling that life itself can be understood as a kind of scrim that might allow us to see through it to the secrets and mysteries that lie beyond That set of hopeful suppositions inspires moderns just as strongly and enticingly as it did the ancients Yet the specific question of what it actually means for this or that part of life to mean anything at all other than what it overtly is or at least appears to be does not seem to have exerted anywhere near as siren a call on our ancient forebears as it does on us moderns Still as we seek meaning in the world and in our lives it behooves us to ponder the meaning of meaning as well These twin notions that life has meaning beyond what the casual observer can see easily and that the effort to uncover and decipher that meaning can be profound enough to be spiritually transformational have animated the contributors to this volume as their work demonstrates just how meaningful the search for meaning can be Some have approached this from a spiritual point of view grounding themselves in traditional biblical talmudic or mystical sources Others have framed their efforts in political terms or in deeply personal ones And still others have attempted to consider the issue through the lens of modern philosophical inquiry But regardless of the specific perspective of any individual author all have in common the deep seated conviction that life bears meaning and that that meaning can best be discovered not by spending a lifetime hoping for momentary satori but rather by standing on the shoulders of fellow travelers from earlier eras and from that slightly elevated vantage point seeing just a bit further than they could or did For almost all of our authors then the search for meaning is best understood as an ongoing intergenerational effort that links the seekers of all ages to each other through the contemplation of earlier efforts to mine profundity and significance from the quarry of human life itself It is at best a slow march forward As readers will see from the Table of Contents the ancient Book of Kohelet has served several of our authors

as the framework for their interpretive work Kohelet is the Hebrew name of the biblical book also known as Ecclesiastes which name is derived from the Greek translation of the work Others have chosen to grapple with the question Moses imagined future Jewish children eventually putting to their parents as they wondered what the commandments actually mean in terms of the larger picture of Israelite culture and Jewish life in our own day Still others have addressed the search for meaning in life today by taking into account the question of human suffering considering the issue both generally as a philosophical challenge and3 Preface more specifically with reference to the Shoah Taken all together the contributors to this volume have put forth the notion that life is ennobled not trivialized by the contemplative effort to seek meaning in the ebb and flow of life's experiences and particularly in those life experiences related to the service of God And yet for all they are united in that conviction our authors in this volume of the Mesorah Matrix series are nonetheless a diverse group older and younger women and men North Americans and Israelis living at home and abroad seasoned scholars and newly minted rabbis and teachers They are teachers and researchers trained in different schools of thought and affiliated with different movements and institutions within the mosaic of Jewish life that characterizes the House of Israel as it enters by its own reckoning the final quarter of the fifty eighth century They are a varied lot our authors But in many ways they are all of them cut from the same cloth Our authors work with the original sources and generally present them in their own translations Citations of NJPS refer to the complete translation of Scripture first published under the title Tanakh The Holy Scriptures by the Jewish Publication Society in Philadelphia in 1985 In this volume as in all books in the Mesorah Matrix series the four letter name of God is generally represented by the Eternal or Eternal God Authors who are specifically discussing the actual four letter name on the other hand may occasionally depart from this usage in order to more clearly make the point of their argument I would like to take this opportunity to acknowledge the other senior editors of the Mesorah Matrix series David Birnbaum and Rabbi Benjamin Blech as well as Rabbi Saul J Berman our associate editor They and our able staff have all supported me as I've labored to bring this volume to fruition and I am grateful to them all As always I must also express my gratitude to the men and4 Martin S Cohen women and particularly to the lay leadership of the synagogue I serve as rabbi the Shelter Rock Jewish Center in Roslyn New York Possessed of the unwavering conviction that their rabbi's book projects are part and parcel of his service to them and through them to the larger community of those interested in learning about Judaism through the medium of the well written word they are remarkably supportive of my literary efforts as author and editor I am in their debt and I am therefore very pleased to acknowledge that debt formally here and wherever I publish my own work or the work of others

*Jewish Theology Unbound* James Arthur Diamond, 2018 *Jewish Theology Unbound* challenges the widespread misinterpretation of Judaism as a religion of law as opposed to theology James A Diamond provides close readings of the Bible classical rabbinic texts Jewish philosophers and mystics from the ancient medieval and modern period which communicate a profound Jewish philosophical theology on human nature God and the relationship between the two The study

begins with an examination of questioning in the Hebrew Bible demonstrating that what the Bible encourages is independent philosophical inquiry into how to situate oneself in the world ethically spiritually and teleologically It explores such themes as the nature of God through the various names by which God is known in the Jewish intellectual tradition love of others and of God death martyrdom freedom angels the philosophical quest the Holocaust and the state of Israel all in light of the Hebrew Bible and the way it is filtered through the rabbinic philosophical and mystical traditions **A Life of Jewish Learning**

**Capable of Mourning** H. Martin Rumscheidt,2017-10-20 To what extent are the children of Holocaust perpetrators to feel remorseful or responsible for their parents wrongdoing Is the yearning by those offspring of Nazi sympathizers for forgiveness justified or should they separate themselves from their parents or relatives and ignore the history Such dilemmas have gnawed at theologian Martin Rumscheidt ever since at age eighteen he discovered his father s complicity in using Jewish slave labor at his workplace IG Farben He has written and spoken extensively about his journey in search of what he calls a theology of mourning that would preserve his concept of the reality of God and still recognize the reality at times grim reality of life *Faith Finding Meaning* Byron L. Gillman,2010-08 An Intellectually Rich and Challenging Exploration of Modern Jewish Theology How we deal with revelation determines how we handle the issue of authority in belief and practice How we understand authority determines how we deal

with the claims of the tradition on us how we deal with those claims determines how we shape our own Judaism That conclusion opens the gate to a reconsideration of all of Judaism s theology in particular how we understand God for God is at the heart of Torah from the Introduction With clarity and passion award winning teacher author and theologian Neil Gillman captures the power of Jewish theological claims and reveals extraordinary insights into Jewish identity the purpose of religion and our relationship with God Drawing from Judaism s sacred texts as well as great thinkers such as Mordecai Kaplan Abraham Joshua Heschel and Paul Tillich Gillman traces his theological journey over four decades of study beginning with his own understanding of revelation He explores the role of symbol and myth in our understanding of the nature of God and covenant He examines the importance of community in both determining authority and sanctifying sacred space By charting the development of his own personal theology Gillman explores the evolution of Jewish thought and its implications for modern Jewish religious identity today and in the future

Searching God in the Media Market: Convergence of Theology and Media John Joshva Raja, 2011-09-26 This book is holding an excellent dialogue between theology and media disciplines It provides challenges to theologians to think about their perspectives attitudes and practices of media and technology while it also challenges those media personnel who are involved in religious broadcasting with nuance theological thinking This book on the one hand highlights the importance of recognizing the hermeneutic role of imagination aesthetical aspects and new genre of media and communication today and on the other hand critically engages with media institution and technology that work around only profit making and mere entertaining and thus alienating from real world practices and ideas within them This book brings out some controversies in this area to the light and hopes to initiate further discussions in this area of better community relationship and transformation through media and communication Having brought some new ideas into light this book brings back a good dialogue between theology and media which will help those involved in rediscovering God s mission within the churches within the media institutions and also

within all those who serve humanity in various ways using the media and communication tools      The Future of Jewish Theology Steven Kepnes, 2012-10-25 This engaging argument for the future of Jewish theology written by a renowned Jewish scholar provides a rounded introduction to the faith its history and its place in the modern world Explores foundational Jewish structures and concepts through the discussion and interpretation of Jewish texts Argues that we must acknowledge holiness as a ritual and ethical reality in order to heal the rift between different forms of Jewish practice and theology Covers historical context as well as the relations between Judaism Israel and the wider world today Speaks to both Jews and non Jews and demonstrates through textual readings how Jews Christians and Muslims can understand and share their theological riches      **Finding God** Rifat Sonsino, Daniel B. Syme, 1986 This is a book about God specifically about the different ways Jews have spoken of God throughout history In its examination of 4 000 years of Jewish thought it presents the broad spectrum of theological opinions that have been explored and affirmed by great Jewish thinkers ancient and modern Many Jews today avoid speaking about God Unable to accept the traditional notions presented to them as authoritative they often turn to other faiths or cults that offer the possibility of spiritual expression more in keeping with their personal God concept Unaware of the variety within Judaism they abandon their religious community in the mistaken impression that their longing for God cannot be satisfied within the faith of their ancestors In this book the authors skillfully present ten distinct Jewish theological perspectives each of which has something to say to us today about our lives as individuals and as Jews Each grapples with the following crucial questions What is God Is there more than one God What is God s name How can we know God What is God s relationship to the world Does God have a special relationship with the Jewish people What does God want from us How does God relate to me Why is there evil in the world If we make it possible for one Jew to reclaim his or her Jewish spiritual identity the authors write if we help others to begin to talk about God without ambivalence or embarrassment if we serve as a catalyst for further study of these and other Jewish thinkers we will consider our work worthwhile      **Understanding Jewish Theology** Jacob Neusner, 2001 Explores the religious experience of Judaism through the perceptions and teachings of ordinary Jews and the creative elite      *Louis Jacobs and the Quest for a Contemporary Jewish Theology* Miri Freud-Kandel, 2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and

limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools *Abraham Joshua Heschel and the Sources of Wonder* Michael Marmur, 2016-05-12

Abraham Joshua Heschel 1907 1972 was one of the twentieth century s most influential Jewish thinkers a respected theologian and enthusiastic civil rights activist who marched to Selma with Martin Luther King Jr His theology emphasized the immediacy of wonder and awe yet his writing was studded with signs of his vast knowledge of traditional scholarship No other Jewish thinker of note in the twentieth century used such a wide range of texts so extensively *Abraham Joshua Heschel and the Sources of Wonder* is the first book to demonstrate how Heschel s political intellectual and spiritual commitments were embedded in his reading of Jewish tradition By shedding new light on how Heschel s theological project reconciled the demands of tradition and the modern world Michael Marmur offers an inspirational lesson in how contemporary Jewish thought can embrace both the texts of the past and the challenges of the present *Searching for Dignity* John Claassens, Leslie Swartz, Len Hansen, 2013-08-01

This publication fills a unique gap in the theological and religious engagement with the issue of human disability in South Africa Combining the contributions of scholars practitioners and people living with disabilities it stands out for the way in which it promotes an interdisciplinary debate on disability and human dignity from a theological point of departure and interest The end result is a collective effort with a critical approach to the role of religion and the Christian faith tradition in particular in the social and life worlds of people living with disabilities A forceful argument is thus constructed about ways in which religion and the Christian faith tradition should change their own discourses practices and ideological presuppositions regarding the issue of human disability Cobus van Wyngaard Department of Philosophy Practical and Systematic Theology University of South Africa *In Search of Identity* Dan Urian, Efraim Karsh, 1999
