**This Shrinking Land** Robert Duck, 2019-07-29 The oceans are the graveyards of the lands. Lands become eaten away by the action of the seas, and it is no surprise to find that most of the world's shorelines are in a state of erosion. The fringes of Britain, its cliffs and beaches, are shrinking, disappearing into the surrounding sea as a result of coastal flooding, erosion, and landsliding. Is climate change speeding up the process? Are our homes, our villages, and towns at risk? This book examines how the British coast is changing and why, and what is being done to protect this island nation. Are we doing enough? Should we abandon vulnerable towns and villages to the seas as our forebears did and relocate coastal settlements?

inland These are some of the difficult and potentially emotive questions that this book explores Blending contemporary earth science and societal themes with historical and cultural records and a hint of myth and romance for good measure This Shrinking Land is a fascinating study of what we must learn from the past in order to manage the future of Britain s coasts With more than 100 illustrations most of them in colour this is a stunning book **Underlord of the Netherworld** Juna Jinsei,2017-03-15 Almost thirty years of peace have prevailed in Neverland since the annihilation of the shadow monster The unification of the Neverlanders created the perfect utopia bringing happiness and prosperity to its inhabitants until one day they realized that they were not alone A new species was discovered with the drive and means to take over the entire island They attacked unsuspecting communities leaving a path of death and destruction in their wake This sudden chain of events shook Neverland to its core rousing the Underlord of the Netherworld feared by the superstitious and believed to be even more powerful than the Essence of Neverland Can the power of the Pan stop this rampage threatening to destroy their home Will the Underlord prove to be as sinister and barbaric as believed inflicting his wrath on those who dare to disturb him Will the Essence be able to save them or will fear and ignorance consume the islanders causing their ultimate demise
