Searches In The American Desert:

Searches in the American Desert Sheila Cowing, 1989 Ten stories of desert explorations in which men and women driven by dreams of discovery searched for water converts to Christianity a homeland and mineral treasure *Search and Rescue* United States. Department of the Air Force, 1985 **The Search-light**, 1902 America's Search for Security Sean Kay, 2014-07-22 This book details the ways in which America's ascendancy to global superpower status was the result of its dueling foreign policy philosophies and forces an historically expansive idealism balanced with an equally constant realist restraint In America's Search for Security Sean Kay surveys major historical trends in American foreign policy and provides a new context for thinking about America's rise to power from the founding period through the end of the Cold War It details the post Cold War rise of idealist foreign policy goals and the costs of abandoning realist roots analyzing in depth the wars in Iraq and Afghanistan as examples of what disappointing if not disastrous outcomes can befall America abroad when foreign policy objectives are muddled unclear and fail to remain grounded in what historically has made America an unquestionable world power This book also focuses on America's recent pivot to Asia and efforts to restore a realist balance abroad and at home in the second Obama administration concluding with a look at what the future of American power will look like in a rapidly evolving world in need of newer more modernized and adaptable forms of leadership Tracing the tension between idealism and realism Kay provides a detailed explanation of the rise of a post Cold War idealist consensus in Washington D C and shows how that culminated in a return to realism in both the 2013 debates over intervention in Syria and the 2014 crisis with Russia Search-light, 1905 Search for Uranium in the United States Vincent Ellis McKelvey, 1955 *Search and rescue*, 1981 *The Search for a Method in American Studies* Cecil F. Tate, 1999 **A Search for Sovereignty** Lauren Benton, 2009-11-30 A Search for Sovereignty approaches world history by examining the relation of law and geography in European empires between 1400 and 1900 Lauren Benton argues that Europeans imagined imperial space as networks of corridors and enclaves and that they constructed sovereignty in ways that merged ideas about geography and law Conflicts over treason piracy convict transportation martial law and crime created irregular spaces of law while also attaching legal meanings to familiar geographic categories such as rivers oceans islands and mountains The resulting legal and spatial anomalies influenced debates about imperial constitutions and international law both in the colonies and at home This study changes our understanding of empire and its legacies and opens new perspectives on the global history of law **In Search of Sexual Health** Elliott Bowen, 2020-09-29 How did beliefs about syphilis shape the kinds of treatment people with this disease received The story of how a town in the Ozark hinterlands played a key role in determining standards of medical care around syphilis During the late 1800s and early 1900s the central Arkansas city of Hot Springs enjoyed a reputation as one of the United States premier health resorts Throughout this period the vast majority of Americans who traveled there did so because they had or thought they had syphilis a disease whose incidence was said to be dramatically on the rise all across the

country Boasting an impressive medical infrastructure that included private clinics a military hospital and a venereal disease clinic operated by the United States Public Health Service Hot Springs extended a variety of treatment options Until the antibiotic revolution of the 1940s Hot Springs occupied a central position in the country s struggle with sexually transmitted disease Drawing upon health seekers firsthand accounts clinical case files and the writings of the city s privately practicing specialists In Search of Sexual Health examines the era s venereal peril from the standpoint of medical practice How Elliott Bowen asks did people with VD understand their illnesses and what therapeutic strategies did they employ Highlighting the unique role that resident doctors visiting patients and local residents played in shaping Hot Springs response to syphilis Bowen argues that syphilis s status as a stigmatized disease of others namely prostitutes immigrants and African Americans had a direct impact on the kinds of treatment patients received and translated into very different outcomes for the city s diverse clientele which included men as well as women blacks as well as whites and the poor as well as the rich Whereas much of the existing scholarship on the history of sexually transmitted diseases privileges the actions of medical elites and federal authorities this study reveals Hot Springs a remote and fairly obscure town as a local node with a significant national impact on American medicine and public health Providing a richer more complex understanding of a critical chapter in the history of sexually transmitted diseases In Search of Sexual Health will prove valuable to historians of medicine public health and the environment in addition to scholars of race gender sexuality

The Search for Liberty Esmond Wright, 1995-02-17 This is a history of the region now known as the United States of America from earliest times to the American victory over the British and the Declaration of Independence in 1776 The book charts the arrival of the first Americans through Alaska millennia before the coming of the Norsemen or of Cabot Columbus and Raleigh It tells of the sixteenth century incursions by the Spanish French and English their interaction with the American Indians and describes the early settlements their culture activities and trade The author traces the rise to dominance of the British settlers and the establishment of the whole of east America within the British Empire The book closes with an account of the war with the British and of Washington's final triumph

In Search of Canaan Robert G. Athearn, 2021-10-08 Word spread across the southern farm country and into the minds of those who labored over cotton or sugar crops that the day of reckoning was near at hand that the Lord had answered black prayers with the offer of deliverance in a western Eden In this vast state where Brown had caused blood to flow in his righteous wrath there was said to be land for all and land especially for poor blacks who for so long had cherished the thought of a tiny patch of America that they could call their own The soil was said to be free for the taking and even better passage to the prairie Canaan was rumored to be available to all Thus began a pell mell land rush to Kansas an unreasoned almost mindless exodus from the South toward some vague ideal some western paradise where all cares would vanish In a vigorous reasoned style Robert G Athearn tells the story of the Black migration from areas of the South to Kansas and other midwestern and western states that occurred soon after the end of Reconstruction Working almost entirely from primary sources letters of some of the Black migrants government investigative reports and Black newspapers he describes and explains the Exoduster movement and sets it into perspective as a phenomenon in frontier history The book begins with details of the Exodusters on the move Athearn then fills in the background of why they were moving relates how other people Black and white Northern and Southern felt about the movement examines political considerations and finally evaluates the episode and provides an explanation as to why it failed According to Athearn the exodus spoke in a narrower sense of Black emigrants who sought frontier farms but in the main it told more about a nation whose wounds had been bound but had not yet healed The Republicans without any issues of consequence in 1880 gave the flight national importance in the hope that it would gain votes for them and at the same time reduce the South's population and hence its representation in Congress Thousands of Black Americans many of them former slaves were deluded by false promises made by individual interests As the hawkers of

glad tidings beckoned to the easily convinced the word Kansas became equated with the word freedom Emotional often biblical overtones gave the movement millenarian flavor and Kansas became the unwilling focus of a revitalized national campaign for Black rights Athearn describes the social political economic and even agricultural difficulties that blacks had in adapting to white culture He evaluates the activities of black leaders such as Benjamin Pap Singleton northern politicians such as Kansas Governor John P St John and refugee aid organizations such as the Kansas Freedmen s Relief Association He tells the Exoduster story not just as a southern story the turmoil in Dixie and flight from the scenes of a struggle but especially as a western story a meaningful segment of the history of a frontier state His remarkably objective as well as suspenseful account of this unusual episodes contributes significantly to Kansas history to western history and to the history of Black people in America Adventures in Search of a Living in Spanish-America Vaquero (pseud.),1911 Cancer and the Search for Selective Biochemical Inhibitors E.J. Hoffman,2007-06-25 The world of medicine has become splintered into two factions that of orthodoxy and its counterpart alternative or complementary medicine A problem with alternative medicine is of course that of anecdote and hearsay The solution the disclosure in an unassailable fashion of the underlying biochemical principles for alternative cancer therap **In Search of an America** Gabor Bethlenfalvay,2011-07-06 Born in Hungary author Gabor Bethlenfalvay spent his early childhood under privileged circumstances that he remembers as his Garden of Eden It was a paradise until the end of World War II He tells of the events of joy and of tragedy in his life before and after the war in his Xlibris publication In Search of an America An Introvert on the Road In this tale of the road the author relives how he and his family fled west just before the Red Army overran his hometown to end up in a small village in Bavaria There six years of exile were spent absorbing a classical education amid the rubble of post war Germany until emigration to the United States became possible Assembly lines in Chicago and in Omaha were the author s first introduction to the New World until he found his path to Military Service He became a paratrooper and an officer but decided to return to school to study physics In spite of an advanced degree doubts about his vocation pulled him back into the Army The war in Vietnam finally impelled him to resign his commission for good and to strike out for California with his young family to study biology a decision that led to a doctorate and a research career exploring the web of life in the soil The repeated back and forth between academia and the military and between Europe and the USA helps him explore and compare religious political sociological and scientific attitudes and patterns of thinking in the Old and New Worlds He learns to view his new home with critical detachment A candid look into a colorful life journey during one of history s most tumultuous times In Search of an America An Introvert on the Road chronicles how one man finally realized that the long road that led him to the fog shrouded mountain outside his study window in San Luis Obispo was all part of his search for his personal utopia an america that of his childhood dreams **A Search for an Infidel** Jenkin Lloyd Jones,1901 Soul Searching in South America (Full Color) Teresa Cline,2012-04-28 Have you ever found yourself looking for love in all the wrong places then thought if I am going to
