Lühe, 2022-02-23 Drawing on conceptual debates in transitional justice and critical archival studies as well as empirical cases from various countries around the world the contributions in this book critically examine how archives are produced by and used in transitional justice processes such as tribunals truth commissions and remembrance processes This edited volume provides conceptual critiques of the transitional justice paradigm and innovations in providing a new lens on archival practices in transitional justice In doing so it offers in depth analyses of the relationship between archives and transitional justice in France Colombia Rwanda South Africa and Northern Ireland it highlights truth commission and international court archives as much as personal collections and oral histories The authors bring critical archival studies into dialogue with transitional justice discourses to highlight the activism and emancipatory potential but also the possibilities of injustices inherent in archives and archival practice Crucially the book goes beyond merely highlighting the evidentiary value of archives by linking them to a multitude of transitional justice processes goals and ideals including remembrance processes witnessing reconciliation non recurrence and various struggles against injustices and prevalent violence This collection contributes to and expands our understanding of archives in transitional justice and critically questions core assumptions being made about the inherently positive contributions archives and records make to dealing with a violent past The chapters

in this book were originally published as a special issue of The International Journal of Human Rights *The Humanitarian Review*, 1910 *The House of Memory* John Freely, 2018-02-20 In this funny and tender memoir John Freely reflects on a remarkable life Splitting his early childhood between the U S and Ireland inspired in Freely a lifelong desire to see the world and its inhabitants At age six he settled in Brooklyn where he spent a sometimes tumultuous boyhood amidst a large extended family moving from house to house the family's belongings packed in an uncle's hearse Growing up poor in his teens Freely took whatever jobs he could when times got tough always shaking off his losses and moving on hungry for new experiences and adventures He joined the U S Navy at seventeen to see the world and did just that As a member of an elite commando unit he was sent to one of the most remote places in Asia where he served alongside Chiang Kai-shek's Chinese forces during the last weeks of World War II A vivid recollection on a world that now exists only in memory The House of Memory is a lasting tribute to a life well lived and to all of the immigrant families who have struggled endured and enriched our country Handbook of Research Methods in Human Memory Hajime Otani, Bennett L. Schwartz, 2018-10-09 The Handbook of Research Methods in Human Memory presents a collection of chapters on methodology used by researchers in investigating human memory Understanding the basic cognitive function of human memory is critical in a wide variety of fields such as clinical psychology developmental psychology education neuroscience and gerontology and studying memory has become particularly urgent in recent years due to the prominence of a number of neurodegenerative diseases such as Alzheimer's However choosing the most appropriate method of research is a daunting task for most scholars This book explores the methods that are currently available in various areas of human memory research and serves as a reference manual to help guide readers' own research Each chapter is written by prominent researchers and features cutting edge research on human memory and cognition with topics ranging from basic memory processes to cognitive neuroscience to further applications The focus here is not on the what but the how how research is best conducted on human memory For the Fatherland Ilsa Fanchin, 2013-01-31 In October of 1944 the fifth year of World War II the war escalated in Germany and all hands including women were needed to keep the offensive alive In *For the Fatherland* author Ilsa Fanchin records the last eight months of the war as seen through her eyes She tells about receiving her draft notice along with other young unmarried twenty-two year old women who were physically able and employed in nonsensitive positions not vital for the war effort Along with approximately three hundred young female draftees she boarded a train from her home in Frankfurt am Main to the large industrial town of Leipzig in Eastern Germany The women were inducted underwent physicals received uniforms and took a mandatory oath in a solemn ritual to serve the Fatherland This memoir narrates the story of how these women served under primitive conditions during a bitterly cold winter working on searchlights and replacing young male soldiers needed in combat on several fronts of fighting *For the Fatherland* provides an insightful look into the role women played during World War II in Germany and the sacrifices that were made for the cause **Legacy of the Lancasters**

Western Places ,1992 [The Last Paladin](#) P. T. Deutermann,2022-07-19 Winner of the 2023 W Y Boyd Literary Award for Excellence in Military Fiction A gripping tale of anti submarine warfare in the World War II Pacific Theater by a master of military adventure fiction The Last Paladin by P T Deutermann is based on the true story of the USS Holland DE 24 a World War II Atlantic Fleet destroyer escort which has spent the past two years in the unforgiving battle for survival against the German U boats of the North Atlantic Summoned to relieve destroyers that are bogged down by escort duty in the escalating Pacific Theater the Holland is met with a rather cold reception In the eyes of Pacific Fleet sailors North Atlantic convoy duty pales in comparison to the bloody carrier sinking battles of Savo Island and Guadalcanal However Atlantic Fleet ships have had to specialize in one thing anti submarine warfare The Holland is sent off into remote South Pacific operating areas with orders to find and destroy Japanese submarines but with little expectation of success Her commanders take the mission literally using radio intercepts that are being ignored at higher levels they determine that the Japanese have set up a 1000 mile long picket line of six submarines an entire squadron s worth to act as a moveable barrier against the expected American advance into the next set of islands These submarines are poised to sink every American aircraft carrier and destroyer and to change the course of the war What happens next is one of the legendary stories of the US Navy The Last Paladin is high stakes naval warfare at its best told with

utter authenticity and a former ship captain's understanding of dramatic intense combat P T Deutermann continues his acclaimed series of WWII thrillers in this unforgettable novel [The Branding Iron](#) ,1990 **Blood Memory** Greg Iles,2019-04-09 One of America's greatest storytellers Stephen King and the 1 New York Times bestselling author of Southern Man and the Natchez Burning trilogy returns to his roots in this breathtaking novel of murder and redemption set in New Orleans and Natchez Mississippi Some memories live deep in the soul indelible and dangerous waiting to be resurrected Forensic expert Cat Ferry is suspended from an FBI task force when she is inexplicably stricken with panic attacks and blackouts while investigating a chain of brutal murders Returning to her Mississippi hometown Cat finds herself battling with alcohol plagued by nightmares and entangled with a married detective Then in her childhood bedroom some spilled chemicals reveal two bloody footprints and the trauma of her father's murder years earlier comes flooding back Facing the secrets of her past Cat races to connect them to a killer's present day violence But what emerges is the frightening possibility that Cat herself has blood on her hands As Southern Gothic as it gets Kirkus Reviews Greg Iles's Blood Memory will have readers turning pages at a breakneck pace New Orleans Times Picayune **Coming Of Age In The Middle East** Trevor Mostyn,2016-05-06 First published in 1987 A simple record of the author's travels in the Middle East over a period of twenty years it is intended faithfully to reflect the region as a catalyst to the development of his own life from carefree youth to maturity and marriage [The Mighty A: The Short, Heroic Life of the USS Atlanta \(CL-51\)](#) David F. Winkler,2025-02-15 This microhistory of the birth life and death of an American cruiser offers valuable insight into the early years of World War II including the procedures processes and personnel of the Navy naval life and naval warfare The account of its loss in the Naval Battle of Guadalcanal is particularly gripping Craig Symonds author of Nimitz at War Prior to the Japanese attack on Pearl Harbor the U S Navy's leadership discovered that the surface fleet was highly vulnerable to air attack thanks to the introduction of drone aircraft that could simulate attacks on its warships The Navy's gunners simply did not have the coordinated firepower to knock them down Recognition of this vulnerability resulted in a new class of warship led by USS Atlanta The attack on Pearl Harbor shocked the nation Following the declaration of war lines formed outside of recruiting stations as Americans desired to don the uniform With Margaret Mitchell serving as the ship's sponsor Atlanta's commissioning on Christmas Eve 1941 served as a rallying point for a country weary of bad news overseas Some of those new recruits would find their way to Atlanta's quarterdeck For the capital of the Peachtree State the ship was not only a source of civic pride but a reason for many young men to join the Navy with the promise of assignment The commanding officer Captain Samuel Jenkins had just weeks to ready a group of nearly 700 sailors the majority having no seagoing experience into a crew that could effectively fight the ship in combat Joining the Pacific Fleet in time for the epic Battle of Midway Atlanta's guns would fire the first salvos in the vicious Naval Battle of Guadalcanal early on November 13 1942 Heavily damaged by gunfire and torpedoes Atlanta would be scuttled later that day only hours after the tragic loss of sister

ship Juneau CL 52 Atlanta was awarded five battle stars for her World War II service and a Presidential Unit Citation for her fighting spirit in the Naval Battle of Guadalcanal This first comprehensive account of Atlanta s war covers her construction commissioning and full war service **Lost at Guadalcanal** John J. Domagalski,2014-01-10 The dramatic account of two American warships in the South Pacific this book follows the USS Astoria CA 34 and USS Chicago CA 29 during the late summer of 1942 when both participated in the early days of the critical battle for Guadalcanal Drawing on a variety of firsthand accounts some previously unpublished the book tells the story from the perspective of the men aboard each ship transporting readers inside the gun turrets behind the lookout binoculars and below deck as the battle rages Individual stories of heroism sacrifice and survival unfold as both vessels meet their fates in the South Pacific
