Spectre of Invasion Steve Dunn, 2025-06-30 Explores Britain's fear of a German coastal invasion during World War I examining raids defense efforts and the political and strategic fallout By 1900 the British government and public had become gripped by a new and growing fear of invasion not from traditional enemies such as France but from Germany Such terror was driven by lurid books and fanned by newspapers These anxieties sparked off a fight between those who wanted a defence based on a larger standing army with conscription to support it and those who believed the Royal Navy was sufficient to defend the coast and deprecated the expense and role of a standing land force With war declared in 1914 Britain s coastline came under attack Major German raids created terror and the fear of invasion drove naval and military planning and dispositions to protect Britain's littoral Coastal towns such as Scarborough Great Yarmouth Lowestoft Southwold and even the Outer Hebrides came under attack and landings by German troops were feared daily Running battles were fought with these attacking forces and both ships and lives ashore were lost Spectre of Invasion examines all of the raids made and the success or failure of them and relates these events from the point of view of naval and civilian participants It tells the story of the Royal Navy and its role in the defence of the British coast in the First World War and examines the strategic and political developments resultant from invasion fears And it considers how the plans laid for coastal defence fared under the test of conflict laying bare what it was like to be part of the battles around the British coast both as combatant and as citizen Finally it looks at Britain's inability to co-ordinate naval and military effort throughout the War This is a thought provoking book which combines a fast paced narrative with fascinating insights into Britain's predicament in the years leading up to and through the First World War It will appeal to anyone interested in this era of the country's history and the fear on invasion that stalked the country in those years Seaside Spectres:North Carolina&'s Haunted Hundred,

**Volume 1** Daniel W. Barefoot, 2002 Seaside Spectres em contains 33 ghost tales from the NC s coastal region The Seaside, Health and the Environment in England and Wales since 1800 John Hassan, 2016-12-05 The seaside has always held a special position in British history as a place of rest relaxation and recuperation Over the last 200 years many have made their way to the coast attracted by the long sunshine hours the clean ozone charged air and the opportunities for bathing in and even drinking sea water Although the early health resort ideal began to give way to more pleasure orientated themes in the nineteenth century the seaside holiday was still regarded by many as a wholesome and invigorating break from inland urban life well into the twentieth century Yet with ever increasing numbers of visitors and rising levels of coastal pollution this was by no means a forgone conclusion The Seaside Health and the Environment in England and Wales since 1800 explores the ways in which English seaside resorts continually reinvented themselves to take account of contemporary trends in popular leisure and maintain their hold on the public s imagination Particular account is paid to the interwar years when new obsessions with outdoor activities such as sunbathing and tanning were purposefully adopted by the industry to define the modern image of the resort holiday For these and other reasons the seaside holiday reached new peaks of popularity in the 1930s and 1950s yet this very success placed enormous pressures on the environmental amenities that people came to enjoy As this work shows environmental stresses were manifold particularly pollution of the resorts prime assets their beaches As such serious questions are raised concerning why it took such a long time for a determined effort to be made to reverse beach pollution and the lessons to be learned regarding the impact of negative images of the coast as a zone of **The Jewish Spectre** George Henry Warner,1905 danger and infection Haunted Halls of Ivy Daniel W. Barefoot, 2004 If you re touring Flagler College in historic St Augustine look for an old man in a straw hat who wanders away from your group He is Henry Flagler railroad magnate co owner of Standard Oil and perhaps the man most responsible for the Florida boom He built the spectacular 540 room Moorish Revival palace that now houses his namesake college And he died back in 1913 The glow around the door of the unoccupied room on the third floor is the spirit of Henry Flagler's second wife The phantom footsteps on the marble stairs to the mezzanine are the wraith of his third wife The woman in black beckoning from the fourth floor is the ghost of his mistress said to be imprisoned there Haunted Halls of Ivy contains thirty nine supernatural tales from colleges and universities throughout the South Some of the region s oldest largest and most famous institutions are represented here as are smaller well respected schools This isn t the dull archetypal stuff you had to learn in Professor Staff's Paranormal Events 101 class back at State Tech U Shakespeare's Ovid and the Spectre of the Medieval Lindsay Ann Reid, 2018 A study of how the use of Ovid in Middle English texts affected Shakespeare's treatment of the poet The debt owed by Shakespeare to Ovid is a major and important topic in scholarship This book offers a fresh approach to the subject in aiming to account for the Middle English literary lenses through which Shakespeare and his contemporaries often approached Greco Roman mythology Drawing its principal examples from The Two Gentlemen of Verona The Taming of the

Shrew Romeo and Juliet Lucrece and Twelfth Night it reinvestigates a selection of moments in Shakespeare's works that have been widely identified in previous criticism as Ovidian scrutinising their literary alchemy with an eye to uncovering how ostensibly classical references may be haunted by the under acknowledged spectral presences of medieval intertexts and traditions. Its central concern is the mutual hauntings of Ovid Geoffrey Chaucer and John Gower in the early modern literary imagination it demonstrates that Ovidian allusions to mythological figures such as Ariadne Philomela or Narcissus in Shakespeare's dramatic and poetic works were sometimes simultaneously mediated by the hermeneutic and affective legacies of earlier vernacular texts including The Legend of Good Women Troilus and Criseyde and the Confessio Amantis LINDSAY ANN REID is a Lecturer in English at the National University of Ireland Galway
