Radiates. Agassiz Alexander, 2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Seaside Studies in Natural History Elizabeth Cabot Agassiz, 2010-11 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork

Seaside Studies in Natural History Elizabeth Agassiz, 2017-01-02 This volume is published with the hope of supplying a want often expressed for some seaside book of a popular character describing the marine animals common to our shores There are many English books of this kind but they relate chiefly to the animals of Great Britain and can only have a general bearing on those of our own coast which are for the most part specifically different from their European relatives While keeping this object in view an attempt has also been made to present the facts in such a connection with reference to principles of science and to classification as will give it in some sort the character of a manual of Natural History in the hope of making it useful not only to the general reader but also to teachers and to persons desirous of obtaining a more intimate knowledge of the subjects discussed in it With this purpose although nearly all the illustrations are taken from among the most common inhabitants of our bay a few have been added from other localities in order to fill out this little sketch of Radiates and render it as far as is possible within such limits a complete picture of the type A few words of explanation are necessary with reference to the joint authorship of the book The drawings and the investigations where they are not referred to other observers have been made by MR A AGASSIZ the illustrations having been taken with very few exceptions from nature in order to represent the animals as far as possible in their natural attitudes and the text has been written by MRS L AGASSIZ with the assistance of MR A AGASSIZ s notes and explanations *Seaside Studies in Natural History* Alexander Agassiz, 2015-11-19 Seaside Studies in Natural History from Alexander Agassiz American scientist and engineer 1835 1910

same cycle of growth their study should have become one of the most fascinating pursuits of modern science and have engaged the attention of some of the most original investigators during the last half century **Seaside Studies in Natural History.
