tragedy and the suspicion that Marc was responsible for his wife's demise. But when several dangerous accidents occurred amid the colorful holiday celebrations, Dinah's recollections of that past dark night began to resurface. Would she discover a killer inside the man she'd grown to love? The characters are real, immersed in true southern charm, and the story is as colorful as the season. **Backyard Bird Secrets for Every Season** Sally Roth, 2009-01-01

Birds follow a cycle that depends on the seasons. When caterpillars are at their peak in summer, bird nests are filled with hungry babies hollering for food. In winter, a high-fat menu at the feeder helps birds make it through the night. By taking advantage of these natural cycles to plan feeder offerings and garden beds, readers can turn their backyard into an irresistible haven for a colorful assortment of birds in all kinds of weather. Highlights of this captivating book include features such as comprehensive explanations of how seasonal changes like spring rains and winter winds affect bird habits and behaviors in the backyard; hints and tips for attracting birds by offering what they need in each season, such as crushed eggshells when mother birds need extra calcium for egg-laying; *Snazziest Stars* and *Supporting Cast*, which birds can be attracted in which seasons; *Cheat Sheets for Migration*, when to expect various migratory visitors; interesting insight into feeding routines, courtship, and mating rituals; and nesting areas to create a hospitable habitat. Build or buy quick and easy birding projects. As many as one in five Americans already consider themselves birders, and this spirited and fun guide will seduce many newcomers to bird watching's bountiful pleasures.

There were also stories of a tunnel under St Paul's hill and how people had gone into these tunnels but were never to be seen again because they were eaten alive by a giant mythical serpent who guards the tunnels. What secrets do the tunnels contain and why were people willing to risk their life by descending into the dark and unknown orifices below Malacca? Is there lost treasure still buried in Malacca? Did the last Sultan of Malacca stash his huge cache of gold after the Portuguese captured Malacca and the secret vault still remains undiscovered till today? Was Malacca Ptolemy's Golden Chersonese and the Ophir, the source of King Solomon's gold? This book uncovers the layers of history that unfolds Malacca's most bizarre and amazing legend.

**Netflix, Dark Fantastic Genres and Intergenerational Viewing** Djoymi Baker, Jessica Balanzategui, Diana Sandars, 2023-07-04. Focusing on Netflix's child and family orientated platform exclusive content, this book offers the first exploration of a controversial genre cycle of dark science fiction, horror and fantasy television under Netflix's Family Watch Together TV tag. Using a ground-breaking mix of methods including audience research, interface and textual analysis, the book demonstrates how Netflix is producing dark family telefantasy content that is both reshaping child and family friendly TV genres and challenging earlier broadcast TV models around child appropriate family viewing. It illuminates how Netflix encourages family audiences to watch together through intergenerational dynamics that work on and offscreen. The chapters in this book explore how this Netflixication of family television developed across landmark examples including *Stranger Things*, *A Series of Unfortunate Events*, *The Dark Crystal*, *Age of Resistance* and even *Squid Game*. The book outlines how Netflix is consolidating a new dark family terrain in the streaming sector which is unsettling older concepts of family viewing, leading to considerable audience and critical confusion around target audiences and viewer expectations. This book will be of particular interest to upper level undergraduates, graduates and scholars in the fields of television studies, screen genre studies, childhood studies and cultural studies.
