Guerra, 2017-03-16 What do you get when you put together a sensitive woman with a gift for reading and understanding people a dash of love and loss a fascination with and appreciation for nature and a gift for capturing it all in words You have this book of almost three hundred poems spanning over sixty years in a remarkable womans life *Seasons of heart. Life is a Story - story.one* Nadia Ablek, 2025-09-01 Seasons of heart is a collection of poems about the different seasons we all eventually go through Love grief hope It is both an intimate diary and an open invitation for anyone finding their way through difficult or uncertain times This book is a gentle reminder that love is not only what we give to others but also what we learn to hold within ourselves Through Seasons of the Heart John Powell, 1987 **Sacred Starts** MD Sharr, 101-01-01 The idea behind this book came from watching countless parents struggle to find the right name something not too common yet not so unusual that it

becomes unrelatable something meaningful but also easy to pronounce across cultures and languages something spiritual but also timeless and fitting for today's generation Choosing a name in the Hindu tradition is often influenced by astrology religion family expectations linguistic beauty and even numerology Yet despite so many considerations what every parent truly seeks is a name that feels just right a name that instantly speaks to the heart This book is created to support that journey of discovery We understand that choosing the right name can feel overwhelming at times but we want to assure you that you're not alone Sacred Starts is here to guide you with clarity warmth and careful research Every name in this book has been handpicked with thoughtfulness and wherever applicable we've included meanings origins and contextual references so you can understand the story each name carries These names are not just labels they are carriers of tradition emotion and identity We also believe that there's nothing wrong with wanting your child to have a name that stands out A name can be a quiet whisper of uniqueness a gentle mark of individuality in a crowd Originality in naming is not about being odd it's about being authentic And authenticity requires attention care and yes sometimes a little extra research That's why this book goes beyond the usual and brings you a carefully curated blend of both classic and contemporary Hindu baby names
