The Book of Mysteries Jonathan Cahn, 2016 A traveler goes on a year long journey with a man known only as The teacher and absorbs a new teaching on spiritual truths for every day of the year

Indianapolis Monthly , 1998-11 Indianapolis Monthly is the Circle City s essential chronicle and guide an indispensable authority on what s new and what s news Through coverage of politics crime dining style business sports and arts and entertainment each issue offers compelling narrative stories and lively urbane coverage of Indy s cultural landscape

China: Confucius in the Shadows , 2015-03-15 Earlier this decade a statue of Confucius appears suddenly in Tiananmen Square in Beijing It is facing Chairman Mao s statue in front of the Forbidden City Mysteriously it disappears a few days later Why was it removed overnight Where is it now No clear answers seem to have emerged Most communist regimes have tried to make a break with the traditions of the past believing them to be the cause of all ills in society But has the historical experience of Communist regimes shown that to be true Today Buddhist Daoist and Confucian temples across cities and villages in China are crowded with people offering prayers People swarm to pay their respects to their traditional sages Like the warp and weft of a fabric China has the mark of traditions and ancient ethos present in its society and this has come handed down over the centuries and across generations Confucianism has been among the most well absorbed best known and documented value systems in China It was and still is a living tradition a way of life and a philosophy Propounded by Confucius 551 479 BC this value system has had a lasting and deep seated influence on the Chinese A philosopher and a thinker of the Spring and Autumn period Confucius has been considered a wise and fair teacher and a shrewd strategist in war In spite of the fact that Confucian values have been present beneath the surface in China along with Buddhist and Daoist beliefs for generations it is interesting to study why Confucius is being talked about so much of late Over the years in Communist China Confucian thought had been swept under the carpet but resurrected in part depending on whether it suited the then current leadership While Mao rejected Confucius s ideas he did not hesitate to use them whenever it suited him A study of Confucius and his value systems at this moment in time makes sense and is important for a number of reasons

In the evolving socio political milieu of China interpreting Confucian philosophy as being non confrontationist benevolent and with values such as filial piety and harmony could help the current political regime deal with such problems as corruption and rising inequalities Not only is Confucius being used to present to the world a completely Chinese cultural icon but it may also provide the Party with a useful tool to temper the simmering discontent in its society

The Empty Tomb Robert M. Price,2009-09-25 Did Jesus rise from the dead Although 19th and early 20th century biblical scholarship dismissed the resurrection narratives as late legendary accounts Christian apologists in the late 20th century revived historical apologetics for the resurrection of Jesus with increasingly sophisticated arguments A few critics have directly addressed some of the new arguments but their response has been largely muted The Empty Tomb scrutinizes the claims of leading Christian apologists and critiques their view of the resurrection as the best historical explanation The contributors include New Testament scholars philosophers historians and leading nontheists They focus on the key questions relevant to assessing the historicity of the resurrection What did the authors of the New Testament mean when they said Jesus rose from the dead What historical evidence is needed to establish the resurrection If there is a God why would He resurrect Jesus Was there an empty tomb What should we make of the appearance stories Apart from historical evidence is belief in the resurrection justified The Empty Tomb provides a sober objective response to arguments offered in defense of Christianity's central claim
