Gemstone Reflexology Nora Kircher, 2006-07-23 An innovative and holistic approach that combines the healing powers of gemstones with reflexology therapy Presents a synergistic therapy that can help numerous mental and physical disorders Includes illustrated instructions for determining the specific needs of a disorder and how to apply the therapy Combining the healing energy of crystals and reflexology therapy Gemstone Reflexology offers a holistic approach to triggering the body's self healing energies to deal with a large number of mental and physical disorders ranging from headache to heart disease The treatment is based on using eight

gemstone wands agate amethyst fluorite heliotrope rock crystal rose quartz rutilated quartz and sodalite that allow users to direct the healing power of the crystals to activate designated pressure points Every gemstone has specific healing properties When crafted into wands these gems enable the patient to apply the perfect amount of pressure on the appropriate acupressure point The energies of the crystal combine with the energies released by the pressure on the reflexology point to produce a powerful force for healing Readers are provided a system of kinetic analysis to determine the appropriate stone and pressure point for their specific condition Sodalite for example has a beneficial effect on mental health which is increased when applied to the pressure points corresponding to the head agate helps in the treatment of skin disorders and amethyst restores vigor The book contains illustrated instructions that show the treatment areas for a wide range of conditions including earaches headaches and migraines back and joint pain colds and flu low blood pressure intestinal cramps cardiovascular disease and depression

Ayurveda and Marma Therapy David Frawley, Subhash Ranade, Avinash Lele, 2003 This is the first book on marma therapy published in the West It clearly describes the 107 main marma points in location properties and usage It explains in detail how to treat them with many methods including massage aromas herbs and yoga practices Ayurveda and Marma Therapy is an essential reference guide for all students of Yoga Ayurveda massage or natural healing

Beard's Massage Giovanni De Domenico, 2007-06-05 First published in 1964 Beard's Massage is a classic physical therapy massage text originally authored by Gertrude Beard a pioneering physical therapist in the 1920s who treated patients using soft tissue massage techniques that remain the basis of practice today Now in its fifth edition with a new title this classic text has been expanded and updated throughout to provide you with an overview of massage a description of massage techniques information on the benefits of massage and specific techniques for a variety of conditions Practical step by step guidance to help you develop massage sequences that best meet the needs of your patients Sections on massage strokes show the direction and sequence of each stroke allowing you the benefit of using one comprehensive resource instead of several texts Includes guidance in Swedish Remedial Massage techniques to help you develop proper massage techniques and sequences that best meet the needs of each individual client Nearly 500 line drawings and photos demonstrate how to perform all of the basic strokes the physiologic and therapeutic effects of each technique and how to apply the most appropriate massage sequences to specific regions of the body Photos include directional arrows that show hand position and movement across the patient Updated references facilitate further study and demonstrate currency of the text The new companion DVD with narrated video clips demonstrates each of the various techniques discussed in the text allowing you to visually comprehend proper timing and techniques Icons in the text link the text to the DVD so they can function together as a complete learning tool New chapter on Anatomical Landmarks for Soft Tissue Massage demonstrates the important anatomical landmarks and structures involved during the application of soft tissue massage techniques New chapter on Focal Massage Sequences describes the use of various massage techniques for

specific pathologies to help enhance your assessment skills for those clients who present with specific injuries and or conditions New chapter on Decongestive Therapy for the Treatment of Lymphedema shows how massage can be an effective part of lymphedema treatment New chapter on Massage in Sport explains the different strokes and methods required for sports massage in rehabilitation New chapter on Massage for the Baby and Infant describes different methods for safe massage New chapter on Massage in Palliative Care explains the role of massage especially pain relief and relaxation in the care of the terminally ill New chapter on Soft Tissue Manipulation in Complementary Alternative Medicine CAM describes different massage techniques in CAM therapies
