Lord Radcliffes Season:

Lord Radcliffe's Season Jo Ann Ferguson, 2015-04-21 Lady Lisabeth Montague is grateful to set aside mourning for her late husband The match had been a mistake from the beginning for she had been young and naive enough to believe the court promises of Frederick Montague a rakehell viscount Now her abusive unfaithful husband is dead and she is anxious to begin her life anew She is shocked when a request comes from Frederick's cousin Norton Radcliffe Norton wishes her to tutor his own cousin Tristan Radcliffe a marquess in the ways of the ton But Lord Radcliffe is no young boy He is a veteran who was wounded during the war and clearly has a mind of his own Radcliffe as he asks Lisabeth to call him shares her uncertainty It is a most peculiar feeling one he has seldom known before Kind but strict Lisabeth helps him not only with the ways of the Polite World but to walk again That astounds him because he was told she was a flirt who made her husband miserable But the truth is in front of his eyes Which is the real Lisabeth He needs to know the truth as he falls in love even though he knows she doesn't want to marry again Maybe he needs to turn the tables and become her instructor in how sweet kisses can be

Studies in the History of Tax Law, Volume 11 Peter Harris, Dominic de Cogan, 2023-09-21 This book is a continuation of the prestigious series which is drawn from the papers of the biennial Cambridge Tax Law History Conference The authors are a mix of academics and senior tax professionals from the judiciary and practice with representatives from 9 countries The series continues to investigate current tax policy debates in an historical context The papers fall within 3 basic categories 1 UK and Irish tax looking at a variety of topics such as tax administration cases and judges Whitney Singer Viscount Radcliffe the taxation of royal forests the taxation of spirits and income tax transition in the Irish Free State 2 International taxation with chapters on the role of international organisations OECD League of Nations and on South Africa's early attempts to address double taxation tax treaties and 3 Non UK tax systems including chapters on the legacy of colonial influence Dutch East Indies early developments in China New Zealand and the USA an influential Canadian report Carter Commission development of the GAAR in Scandinavia and the receipt of Roman tax law in Europe *The Law Lords* Alan Paterson, 1983-09-01 *Force Majeure and the Law: Acts of God in Comparative and Historical Perspective* Thomas D. Musgrave, 2025-04-08 This book examines how the Roman French and English legal systems have each dealt with the issue of unforeseen supervening events which have rendered the performance of contractual obligations either impossible or fundamentally different in nature sometimes known as Force Majeure or Acts of God Although the Roman French and English laws of contract have each developed legal rules which address this issue the approach adopted by each system is significantly different from that of the others The thesis of this book is that the response of a legal system to unforeseen supervening events derives primarily from the nature and structure of that legal system as a whole and then within that broader context from the salient characteristics of that system's particular law of contract The work compares the differing nature and structure of the Roman French and English legal systems and their respective laws of contract in order to

demonstrate how this is so The book will be a valuable guide for academics and researchers working in the areas of Comparative Law Legal History Legal Theory and Contract Law As the English approach to unforeseen supervening events is very different from that of the French the book will be of benefit both to English and to French practitioners as they seek to understand how supervening events are dealt with across the Channel It will also appeal to law students as a guide for studying comparative law

Law and the Spirit of Inquiry Charles Blake,Gavin Drewry,2023-12-04 This rich and fascinating collection of essays in honour of Sir Louis Blom Cooper reflects the high regard in which he is held throughout the world In his Foreword to the book Lord Woolf the Master of the Rolls emphasises the contribution which Sir Louis has made in so many capacities Of course as an advocate and an eminent Queen s Counsel both in England and Wales and Northern Ireland he frequently appeared for those who are disadvantaged against the establishment Louis commitment has been on an international scale and in many of the out of the way parts of the world he has a near hero status Not many Queen s Counsel will for example have been prepared to make the near 6 week journey to St Helena to defend a client His extraordinary range of writing should not be forgotten Besides his numerous articles for legal journals he was the author of many books His writing demonstrates not only his erudition but also the breadth of his interests Alas not many lawyers or judges share Sir Louis concern about the literary quality of their writing As part of his contribution to justice I include his Chairmanship of the Press Council One of the most difficult and sensitive areas in which to achieve justice arises where the freedom of media and the press come into conflict with the rights of the individual to have his privacy respected not only was Sir Louis a distinguished last Chairman of the Press Council he was responsible for the issue of a Code of Practice which was in some ways the precursor of the Code of the New Press Complaints Commission Louis has also been a great campaigner for law reform He has many achievements to his credit but I suspect that the cause which was closest to his heart was penal reform A number of extremely authoritative contributions to this Festschrift therefore focus on some of the areas of reform for which Sir Louis campaigned However it is in connection with the Inquiries that he has conducted that Sir Louis has found the most important outlet for his abundant talents His creativity his powers of analysis his understanding and ability to relate to the public have again and again been called on by the government of the day and other institutions both in this country and abroad when matters of great public concern have arisen All the distinguished contributors to this Festschrift have known and esteemed Sir Louis in one or more of his multifarious capacities They and the editors dedicate this volume to this remarkable man with their admiration and warm affection
