Lords of the Atlas Gavin Maxwell ,1966 **Lords of the Atlas** Gavin Maxwell,2000 *Historical Dictionary of Morocco* Thomas K. Park,Aomar Boum,2006-01-16 The Kingdom of Morocco achieved its independence in 1956 after over 40 years as a French protectorate Since its independence it has further expanded its area of control by reclaiming the formerly international city of Tangier as well as annexing Western Sahara from Spain in the 1970s In 1777 Morocco became the first nation to recognize the United States and the Moroccan American Treaty of Friendship of 1783 is the oldest unbroken friendship treaty with the U S Morocco of the past and present are covered in this second edition of the Historical Dictionary of Morocco A comprehensive introduction focusing on its history provides a helpful synopsis of the kingdom and is supplemented with a useful chronology of major events Hundreds of cross referenced dictionary entries on former rulers current leaders ancient capitals significant locations influential institutions and crucial aspects of the economy society culture and religion form the core of the book A bibliography of sources is included to promote further more specialized study The Berbers Robert Montagne,2020-07-15 France entered the North African world in 1830 Its overt political role there ended in 1962 The interpenetration of cultures and languages which resulted from the colonial conquest has not ended yet No doubt a time will come when an intellectual balance sheet of this epoch comes to be drawn up When this is done Robert Montagne s name will head the list of those Frenchmen who have made a study of Berber society The brilliance of his ideas the thoroughness and perceptiveness of his documentation the range of his historical and comparative vision and a trait not always found in scholarly writing on North Africa the simplicity and vigour of his style all help to make plain that we have here a social thinker and observer of the very first rank and one who deserves to be far better known outside the French speaking world than he is at present **The Holocaust and North Africa** Aomar Boum,Sarah Abrevaya Stein,2018-11-06 The Holocaust is usually understood as a European story Yet this pivotal episode unfolded across North Africa and reverberated through politics literature memoir and memory Muslim as well as Jewish in the post war years The Holocaust and North Africa offers the first English language study of the unfolding events in North Africa pushing at the boundaries of Holocaust Studies and North African Studies and suggesting powerfully that neither is complete without the other The essays in this volume reconstruct the implementation of race laws and forced labor across the Maghreb during World War II and consider the Holocaust as a North African local affair which took diverse form from town to town and city to city They explore how the Holocaust ruptured Muslim Jewish relations setting the stage for an entirely new post war reality Commentaries by leading scholars of Holocaust history complete the picture reflecting on why the history of the Holocaust and North Africa has been so widely ignored and what we have to gain by understanding it in all its nuances Published in association with the United States Holocaust Memorial Museum *Moroccan Monarchy and the Islamist Challenge* M. Daadaoui,2011-08-15 This book examines the factors behind the survival and persistence of monarchical authoritarianism in

Property, Social Structure, and Law in the Modern Middle East Ann E. Mayer, 1985-09-01 For too long the study of law and society in the modern Middle East has been left to specialists in narrow subcategories of law or the social sciences Property Social Structure and Law in the Modern Middle East lays the groundwork for a new field of scholarship in which analysis of the social dimensions of law and the legal dimensions of social structure are integrated It offers the stimulus of a variety of new models of scholarship by a distinguished international group of contributors whose work shares a common focus on regimes of property in the societies of the modern Middle East The case studies examine the regulations of many kinds of property in relation to the social structures of selected Middle Eastern communities from the eighteenth century to the present Most of the societies studied are subjected to pressures for rapid modernization and adjustment to major economic transformations The book features comparisons of property rights and relations under regimes of Islamic and customary law as well as modern statutory law Highlighted are new patterns of intervention by modern Middle Eastern states to alter traditional regimes of property and to transform the accompanying social structures Their implications for development are also considered The book s notes and bibliographies constitute a valuable resource for anyone interested in further research
