Lorito, the Parrot Rebecca Anders, 1976 Two children learn about green Amazon parrots when they visit one at the home of their neighbor Waterfowl and Their Wintering Grounds in Mexico, 1937-64 George Bradford Saunders, Dorothy Chapman Saunders, 1981 *Native Names of Mexican Birds*, 1981 Spanish for Veterinarians Bonnie Frederick, Juan Mosqueda, 2011-11-16 Spanish for Veterinarians Second Edition is designed to help you rapidly learn working Spanish for clinical conversations Packed with the practical vocabulary information and conversational tools found in the first edition the new edition now includes a new chapter on exotics and expanded information on the Spanish required for pre consultation discussion The pronunciation exercises available online as audio files to help veterinary team members effectively and confidently use Spanish in their client communications have also been revised and expanded This new edition is a lively presentation of the Spanish that working vets increasingly need to know **Investigating Local Knowledge** Paul Sillitoe, 2019-05-23 Originally published in 2004 Local knowledge reflects many generations of experience and problem solving by people around the world increasingly affected by globalizing forces Such knowledge is far more sophisticated than development professionals previously assumed and as such represents an immensely valuable resource A growing number of governments and international development agencies are recognizing that local level knowledge and organizations offer the foundation for new participatory models of development that are both cost effective and sustainable and ecologically and socially sound This book provides a timely overview of new directions and new approaches to investigating the role of rural communities in generating knowledge founded on their sophisticated understandings of their environments devising mechanisms to conserve and sustain their natural resources and establishing community based organizations that serve as forums for identifying problems and dealing with them through local level experimentation innovation and exchange of information with other societies These studies show that development activities that work with and through local knowledge and organizations have several important advantages over projects that operate outside them Local knowledge informs grassroots decision making much of which takes place through indigenous organizations and associations at the community level as people seek to identify and determine solutions to their problems **The Auk**, 1884 Vedette Stephen Siciliano, 2004-04 Born to a Gothic social order branded a haunter of men's dreams Vedette is traumatized when her small town in the magical wetlands of southern Spain's Guadalquivir River is overrun by hashish smoking anarchists promising free love and a life without sadness to those who would follow them Entranced by their flamenco music their philosophy of revenge and the concrete ability to deliver political results the young woman joins a movement destined to annihilation and becomes its sole survivor burdened with the task of keeping its memory and project for a better world alive through conversations with their flamenco shadows Transcending political viewpoints Mr Siciliano opens a new chapter in the understanding of the Spanish Civil War opting for a literary interpretation that looks beyond right and wrong to more
