Nerina Boschiero, Tullio Scovazzi, Cesare Pitea, Chiara Ragni, 2013-03-15 This book contains a collection of essays by leading

experts linked to the outstanding characteristics of the scholar in honour of whom it is published Tullio Treves who combines his academic background with his practical experiences of a negotiator of international treaties and a judge of an international tribunal It covers international public and private law related to international courts and the development of international law Under Article 38 of its Statute the International Court of Justice can apply judicial decisions only as a subsidiary means for the determination of rules of law However there are many reasons to believe that international courts and tribunals do play quite an important role in the progressive development of international law There are a number of decisions which are inevitably recalled as the first step or a decisive step in the process of the formation of a new rule of customary international law In these cases can the judge be considered as a subsidiary of others Are these cases compatible with the common belief that a judge cannot create law Is this a peculiarity of international law which is characterized by the existence of several courts but the lack of a legislator Do decisions by different courts lead to the consequence of a fragmented international law This volume provides the reader with an elaboration of various questions linked to the legislative role of courts In their choices of subjects some contributors have taken into account the general aspects of the development of international rules through court decisions or specific sectors of international law such as human rights international crimes international economic law environmental law and the law of the sea Others have chosen the subject of the rules on jurisdiction and procedure of international courts The question of the courts role in the development of areas of law different from public international law namely private international law and European Union law has also been considered The information and views contained in this book will be of great value to academics students judges practitioners and all others interested in the public and private international law aspects of the link between international courts and the development of international law

Hacer teología y ética teológica frente a la crisis de los abusos Daniel J. Fleming, James F. Keenan, Hans Zollner, 2024-06-13 Este volumen titulado Hacer teología frente al abuso sexual surge como resultado de un laboratorio teológico promovido por el Centro para la Protección Infantil y la Ética Teológica Católica en la Iglesia Mundial CTEWC Los participantes a causa de la pandemia del COVID 19 durante dos años tuvieron que reunirse de manera remota en mesas virtuales Tras estos encuentros veintiséis académicos compartieron sus reflexiones acerca de dicha problemática y sus posibles abordajes La publicación de esta obra supone cierta urgencia una urgencia que a menudo no se encuentra en otro tipo de trabajos teológicos o ética teológica La extensión del daño a la dignidad humana causado por el abuso sexual dentro de la Iglesia plantea profundos dilemas tanto para las disciplinas como para aquellos que las practican En qué medida hemos pasado por alto estos problemas Por qué nuestros esfuerzos en teología y ética teológica han tardado tanto en abordar estos temas De qué manera están implicadas la teología y la ética teológica en esta crisis Qué contribuciones específicas podrán ofrecer estas disciplinas para abordar constructivamente este desafío Este volumen reúne el trabajo de diversos académicos de distintas partes del mundo todos ellos abocados al análisis y la reflexión sobre estos y otros interrogantes
