Musical Practices and Mobility in Asunción Laura Fahrenkrog Cianelli, 2024-11-19 The Indigenous musicians from the surrounding pueblos de indios took on a leading role in urban musical activity Musical Practices and Mobility in Asunción Indigenous Musicians in Colonial Paraguay sheds light on dynamics that go beyond the studies centered on the doing of Jesuits in missionary contexts and provides a more thorough comprehension of the urban musical models that were imposed and adapted Indigenous musicians were transferred to the city from the Jesuit reductions and the pueblos under the care of secular and Franciscan priests for festivals and celebrations Without them and without the mobilities that placed them in both contexts Laura Fahrenkrog Cianelli argues the urban institutional musical model would not have been possible to maintain in that distant corner of the empire By transcending the city limits imposed by urban approaches this book enables a novel reading of musical practices in a city connected with its hinterland revealing the different musical physiognomies of the empire in distant contexts

Knowledge, Culture and Society Peter Burke, 2020-09-28 How is knowledge measured How long does it take us to reflect on something and how long to express our thoughts Such is the dilemma that the human social and economic sciences go through since they face the challenge of understanding complex processes when confronting the urgency of standards measurements and forms of qualitative and quantitative evaluation that respond to notions of utility productivity and viability defined within social cultural and political realities discordant with those models Peter Burke Knowledge Culture and Society compiles a series of conferences given by Peter Burke during his visit to Medellín but also

includes some unpublished works It constitutes the first publication in English by the Editorial Center of the Faculty aimed at the internationalization of our programs and to support the acquisition of a second language It is also one of three publications commemorating the FCHE's 40th Anniversary the historical review 40 Años Creciendo Escribiendo y Publicando the Historia de la Facultad de Ciencias Humanas y Económicas 1975-2015 and now this academic jewel that encourages the reflection upon our disciplines and the sources that support us as academics and researchers I hope that Peter Burke Knowledge Culture and Society provides the tools for an interdisciplinary discussion about knowledge in the social and human sciences today as well as important considerations about the research and methodological challenges posed to us every day Yobenj Aucardo Chicangana Bayona Dean
