Benedict, 2021-09-14 A fascinating history of Jorge Luis Borges's efforts to revolutionize and revitalize literature in Latin America Jorge Luis Borges 1899-1986 stands out as one of the most widely regarded and inventive authors in world literature Yet the details of his employment history throughout the early part of the twentieth century which foreground his efforts to develop a worldly reading public have received scant critical attention From librarian and cataloguer to editor and publisher this writer emerges as entrenched in the physical minutiae and social implications of the international book world Drawing on years of archival research coupled with bibliographical analysis this book explains how Borges's more general involvement in the publishing industry influenced not only his formation as a writer but also global book markets and reading practices in world literature In this way it tells the story of Borges's profound efforts to revolutionize and revitalize literature in Latin America through his varying jobs in the publishing industry

Silvina Ocampo Silvina Ocampo, 2015-01-27 Silvina Ocampo possessed her own special enchantment as a poet and only now is her extraordinary poetic achievement becoming more widely recognized beyond Latin America Remarkably this is the first collection of Ocampo's poetry to appear in English From her early sonnets on the native Argentine landscape to her meditations on love's travails to her explorations of the kinship between plant and

animal realms to her clairvoyant inquiries into history and myth and memory readers will find the full range of Ocampo's metaphysical lyricism The Independent represented in this groundbreaking edition **Anthologizing Poe** Emron

Esplin, Margarida Vale de Gato, 2020-08-06 This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize, revere and critique today In the spheres of literature and popular culture Poe wields more global influence than any other U S author This influence however cannot be attributed solely to the quality of Poe's texts or to his compellingly tragic biography Rather his continued prominence as a writer owes much to the ways that Poe has been interpreted, portrayed and packaged by an extensive group of mediators ranging from anthologizers, editors, translators and fellow writers to literary critics, filmmakers, musicians and illustrators In this volume the work of presenting Poe's texts for public consumption becomes a fascinating object of study in its own right, one that highlights the powerful and often overlooked influence of those who have edited, anthologized, translated and adapted the author's writing over the past 170 years *Postcolonial Borges* Robin Fiddian, 2017-08-04

Postcolonial Borges is the first systematic account of geopolitical and postcolonial themes in a range of writings by Borges from the poetry and essays of the 1920s through the prose and poetry of the middle years, the 40s, 50s and 60s to the stories of *El informe de Brodie* and the poems of *La cifra* and other later collections Robin Fiddian analyses the development of a postcolonial sensibility in works such as *Mythical Founding of Buenos Aires*, *Tl n Uqbar*, *Orbis Tertius*, *Theme of the Traitor and the Hero* and *Brodie's Report* He examines Borges's treatment of national and regional identity and of East-West relations in several essays and poems contained for example in *Other Inquisitions* and *Seven Nights* The theoretical concepts of coloniality and Occidentalism shed new light on several works by Borges who acquires a sharper political profile than previously acknowledged Fiddian pays special attention to Oriental subjects in Borges's works of the 70s and 80s where their treatment is bound up with a critique of Occidental values and assumptions Classified by some commentators over the years as a precursor of post colonialism, Borges in fact emerges as a prototype of the postcolonial intellectual exemplified by James Joyce, Aim C saire for example and Edward Said From a regional perspective his repertoire of geopolitical and historical concerns resonates with those of Leopoldo Zea, Enrique Dussel, Eduardo Galeano and Joaqu n Torres Garc a who illustrate different strands and kinds of Latin American post colonialism's of the twentieth century At the same time, manifest differences in respect of political and artistic temperament mark Borges out as a postcolonial intellectual and creative writer who is sui generis *Los Canto* Daniel Mecca, 2024-03-01
