Losing Ones Head:

Losing One's Head in the Ancient Near East Rita Dolce, 2017-12-15 In the Ancient Near East cutting off someone's head was a unique act not comparable to other types of mutilation and therefore charged with a special symbolic and communicative significance This book examines representations of decapitation in both images and texts particularly in the context of war from a trans chronological perspective that aims to shed light on some of the conditions relationships and meanings of this specific act The severed head is a coveted object for the many individuals who interact with it and determine its fate and the act itself appears to take on the hallmarks of a ritual Drawing mainly on the evidence from Anatolia Syria and Mesopotamia between the third and first millennia BC and with reference to examples from prehistory to the Neo Assyrian Period this fascinating study will be of interest not only to art historians but to anyone interested in the dynamics of war in the ancient world

Losing Your Head Giuseppe Civitarese, 2015-02-10 **Losing Your Head** Abjection Aesthetic Conflict and Psychoanalytic Criticism looks at the subject of beheading in art as a trope of the destruction of the mind This book discusses both psychoanalytic theory and art criticism It addresses critics readers and spectators interested in the keys of interpretation that psychoanalysis can offer and analysts who are curious to know if artists can help them refine the tools they use every day It asks whether artists have something to say about the concepts of reverie and negative reverie or about change as aesthetic transformation and about aesthetic experience as a paradigm of what is most true and most profound in analysis Why write about beheading Many art galleries feature paintings of heroines performing this cruel act Delilah Salome Judith Yael and others At the antithesis to this there is another theme to be found in painting that consistently garners attention namely the so called Sacred Conversation in which the Madonna holds a small child in her lap and their gazes cross The first scene depicts how a mind is destroyed the second how it is born **Losing Your Head** analyzes well known artwork from classical literature cinema and contemporary art to enhance psychoanalytic understanding

has steadily outpaced that of men As a result women s prisons in the US have suffered perhaps the most drastically from the overcrowding and recurrent budget crises that have plagued the penal system since harsher drugs laws came into effect In *Breaking Women* Jill A McCorkel draws upon four years of on the ground research in a major US women s prison to uncover why tougher drug policies have so greatly affected those incarcerated there and how the very nature of punishment in women s detention centers has been deeply altered as a result Through compelling interviews with prisoners and state personnel McCorkel reveals that popular so called habilitation drug treatment programs force women to accept a view of themselves as inherently damaged aberrant addicts in order to secure an earlier release These programs were created as a way to enact stricter punishments on female drug offenders while remaining sensitive to their perceived feminine needs for treatment yet they instead work to enforce stereotypes of deviancy that ultimately humiliate and degrade the women The prisoners are left feeling lost and alienated in the end and many never truly address their addiction as the programs organizers may have hoped A fascinating and yet sobering study *Breaking Women* foregrounds the gendered and racialized assumptions behind tough on crime policies while offering a vivid account of how the contemporary penal system impacts individual lives [America](#) ,1916 **Turandot, Princess of China: A Chinoiserie in Three Acts** Carlo Gozzi,Karl Vollmöller,2019-12-02 In the compelling collection *Turandot Princess of China A Chinoiserie in Three Acts* readers are immersed in a multifaceted exploration of themes such as love power cultural mysticism and the complexities of identity This anthology captures the opulent tapestry of chinoiserie a Western fascination with Eastern motifs that swept through European literature in the eighteenth century The work seamlessly integrates dramatic narratives and exotic landscapes offering a fusion of tragic romance and vibrant theatrical spectacle With a rich diversity of literary styles from the lyrical to the dramatic the pieces invite readers to experience a unique dialogue between cultures presenting a vivid tableau that is both fantastical and substantive The anthology brings together the genius of Carlo Gozzi and Karl Vollm ller whose cultural insights create a bridge between East and West Gozzi s romantic flair intertwined with Vollm ller s interpretive vision weaves together tales rooted in tradition yet reimagined for the modern world Drawing from the commedia dell arte and European dramatic traditions the authors works are steeped in historical context aligning with a movement that eschewed rationalist Enlightenment ideals for the mysterious allure of the East Recommended for literature enthusiasts and scholars alike this anthology offers a distinctive exploration into the resonance of cultural exchange Readers are presented with the rare opportunity to navigate through myriad perspectives that challenge conventional narratives fostering a keen understanding of the dynamic interplay between storytelling traditions As a treasure trove of dramatic intensity and stylistic diversity the collection encourages readers to probe within its pages for both scholastic enrichment and a profound appreciation of dialogic artistry The pieces collectively urge one to reassess preconceived notions of identity and creativity resulting in a timeless exploration of intercultural symbiosis In this enriched edition we have carefully created added value for your
