

A close-up, high-detail illustration of a steampunk character. The character's face is pale and human-like, but heavily integrated with mechanical components. Large, circular gears are visible on the forehead and around the eyes. The eyes themselves are large, round, and have a golden-brown hue. The character has a surprised or intense expression. The background is a dense, out-of-focus arrangement of various sized gears and mechanical parts, creating a complex, industrial aesthetic. The lighting is dramatic, highlighting the textures of the character's skin and the metallic surfaces of the machinery.
