Africa's Lost Classics Lizelle Bisschoff, 2017-07-05 Until recently the story of African film was marked by a series of truncated histories many outstanding films from earlier decades were virtually inaccessible and thus often excluded from critical accounts However various conservation projects since the turn of the century have now begun to make many of these films available to critics and audiences in a way that was unimaginable just a decade ago In this accessible and lively collection of essays Lizelle Bisschoff and David Murphy draw together the best scholarship on the diverse and fragmented strands of African film history Their volume recovers over 30 lost African classic films from 1920-2010 in order to provide a more complex genealogy and begin to trace new histories of African filmmaking from 1920s Egyptian melodramas through lost gems from apartheid South Africa to neglected works by great Francophone directors the full diversity of African cinema will be revealed
Doughboys on the Great War Edward A.

Gutiérrez, 2017-01-20 It is impossible to reproduce the state of mind of the men who waged war in 1917 and 1918 Edward Coffman wrote in *The War to End All Wars* In *Doughboys on the Great War* the voices of thousands of servicemen say otherwise The majority of soldiers from the American Expeditionary Forces returned from Europe in 1919 Where many were simply asked for basic data veterans from four states Utah Minnesota Connecticut and Virginia were given questionnaires soliciting additional information and remarks Drawing on these questionnaires completed while memories were still fresh this book presents a chorus of soldiers' voices speaking directly of the expectations motivations and experiences as infantrymen on the Western Front in World War I What was it like to kill or maim German soldiers To see friends killed or

maimed by the enemy To return home after experiencing such violence Again and again soldiers wrestle with questions like these putting into words what only they can tell They also reflect on why they volunteered why they fought what their training was and how ill prepared they were for what they found overseas They describe how they interacted with the civilian populations in England and France how they saw the rewards and frustrations of occupation duty when they desperately wanted to go home and perhaps most significantly what it all added up to in the end Together their responses create a vivid and nuanced group portrait of the soldiers who fought with the American Expeditionary Forces on the battlefields of Aisne Marne Argonne Forest Belleau Wood Chateau Thierry the Marne Metz Meuse Argonne St Mihiel Sedan and Verdun during the First World War The picture that emerges is often at odds with the popular notion of the disillusioned doughboy Though hardened and harrowed by combat the veteran heard here is for the most part proud of his service service undertaken for duty honor and country In short a hundred years later the doughboy once more speaks in his own true voice **Dao**

William Patten,1907 **The Lost Texts of Confucius' Grandson: Guodian, Zisi, and Beyond** Kuan-yun Huang, The Guodian manuscripts are a cache of literary and philosophical texts from the fourth century BCE discovered in a Warring States period tomb in China s Hubei Province Through detailed decipherment and textual analysis Kuan yun Huang investigates the historical and philosophical contexts of these texts and convincingly proposes their association with Zisi the grandson of Confucius Huang not only offers an in depth portrait of this famous scion from excavated texts and transmitted literary records but also reveals the connection of the Guodian texts with early intellectual tradition in China including the teachings of Xunzi Mencius Confucius and the legendary Laozi as well as the effort of rewriting that transformed Zisi s original teachings into a conformist line of thinking which defined and constituted the Confucian tradition of a later time In Kuan yun Huang s The Lost Texts of Confucius Grandson the shadowy figure of Zisi comes to life as an antinomian thinker whose works fill the lacuna between Confucius and Mencius What is most compelling about this book is its insistence that in scholarship we must respect the interpretive context The new putative Zisi materials have to be read in such a way that they are correlated with and situated clearly within what Huang calls the literary record Huang s synoptic understanding of the literature allows for much abduction in his presentation a kind of academic sleuthing in his best efforts to connect the dots While an exciting read for those scholars who know the texts and specialize in ancient philosophical literature at the same time the story it tells will be of interest to all scholars who work in the field of Chinese studies Roger T Ames Humanities Chair Professor Peking University Huang carefully explicates what the newly discovered manuscripts teach us about fate moral cultivation familial love and obligation and service in government as well as other concepts that were originally meant to provide social order in the Warring States kingdoms during the time of Zisi and the generations of thinkers subsequent to him Through close textual analysis and with each explanation of these ideas Huang shows that we must shake ourselves loose from earlier assumptions about their significance and embrace what the recently recovered sources tell us Jeffrey Riegel Professor Emeritus University of California Berkeley The Guodian corpus has transformed our understanding of early Chinese thought Huang does a masterful job of situating these texts in their historical and philosophical context relying on the most current scholarly literature as well as insights gained from more recent discoveries all in a very accessible style Highly recommended Edward Slingerland Professor of Philosophy University of British Columbia **The Sinitic**
