Lost Universe 3:

The Lost Universe Gene Weltfish, 1977-01-01 A fascinating insight into the life and culture of the Pawnee people is achieved here by the author's presentation of carefully gathered information in the form of a narrative of one year in Pawnee village. The first few chapters lay the groundwork of kinship lines followed by a narration of the life of one person in the village. Customs, ceremonies, beliefs, and hard work become apparent as the author leads one through the intricacies of the activities. Although it presents a great deal of detailed anthropological material, the manner of presentation turns the book into a readable account. The book is based on years of first-hand study as well as scholarly research and is recommended as an in-depth study of Plains Indian life. Reprint Bulletin Book Reviews. Gene Weltfish is coauthor with Ruth Benedict of *The Races of Mankind*. She is also the author of *The Origins of Art* and other books. *Stories of the Divine* Aldivan Torres, 2025-08-07 Universe of psychic stories. A mixture of action, romance, fiction, and adventure. Stories for all tastes. Knowing appreciation is key to cultured man. Enter this wonderful universe. Marginality and 'Resistencia' Miguel Rivas Venegas, Martina L. Weisz, 2024-12-30 This book promotes international and interdisciplinary reflections on narratives of exclusion, liminality, dissident power, and the forging of new identities during the last decades. Focusing on the rich case studies presented by the Spanish-speaking world and beyond, it seeks to generate a deeper understanding of the mechanisms of othering and the strategies being developed by the traditionally suppressed voices of marginalized ethnic, gender, and mnemonic communities.

Friefeld,Rebecca S. Wingo,2017 Homesteading the Plains offers a bold new look at the history of homesteading overturning what for decades has been the orthodox scholarly view The authors begin by noting the striking disparity between the public s perception of homesteading as a cherished part of our national narrative and most scholars harshly negative and dismissive treatment Homesteading the Plains reexamines old data and draws from newly available digitized records to reassess the current interpretation s four principal tenets homesteading was a minor factor in farm formation with most Western farmers purchasing their land most homesteaders failed to prove up their claims the homesteading process was rife with corruption and fraud and homesteading caused Indian land dispossession Using data instead of anecdotes and focusing mainly on the nineteenth century Homesteading the Plainsdemonstrates that the first three tenets are wrong and the fourth only partially true In short the public s perception of homesteading is perhaps more accurate than the one scholars have constructed Homesteading the Plainsprovides the basis for an understanding of homesteading that is startlingly different from current scholarly orthodoxy **New York Magazine** ,1987-08-17 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and
