The Kingdom Witness Lee, 1980

Tehiyyat Ha-Metim Harry Sysling, 1996 The study deals with all those passages in the Palestinian Targums the Aramaic translations of the Pentateuch that refer to the Resurrection of the Dead Of central interest in it is the question to what extent the targumic traditions on a future resurrection of the body or on the fate of the soul after death agree with or differ from corresponding traditions in rabbinic sources With a few exceptions the relation between targumic traditions and rabbinic sources has been neglected in targumic studies of the last decades This may have been caused by the questionable assumptions that a the Aramaic of the Palestinian Targums represents the spoken Aramaic of Palestine in the New Testament period b the Palestinian Targums contain an important number of early pre Christian traditions and c the Palestinian Targums are popular in origin being written in the vernacular in contrast with

the scholastic authoritative expositions in the learned rabbinic sources Harry Sysling first offers a survey of these and other important issues in targumic research of the past and of recent opinions on character origin and interrelationship of the Palestinian Targums In the following chapters the author makes a careful analysis of those passages in the Palestinian Targums that directly by the use of specific terminology or indirectly by the use of metaphors refer to the resurrection of the body and to the fate of the body and or soul after death

Genesis As Dialogue Thomas L. Brodie, 2001-08-16 Recent years have seen a remarkable surge in interest in the book of Genesis the first book of the Hebrew Bible and a foundational text of Western culture In this new commentary Thomas Brodie offers a complete and accessible overview of Genesis from literary theological and historical standpoints Brodie s work is organized around three main ideas The first is that the primary subject of Genesis is human existence the second is that Genesis basic organizational unity is binary or diptych Brodie argues that the entire book is composed of diptychs accounts which like some paintings consist of two parts or panels Finally Brodie contends that many of Genesis sources still exist and can be identified and verified

Out of the Shadows Kate Bruce, Liz Shercliff, 2024-05-30 The story of the Bible us most often told as the story of men from patriarchs to prophets kings disciples and apostles But women are there sometimes in the background sometimes striding powerfully onto the stage Their stories are frequently moving prophetic and often good news

Sometimes they experience appalling violence and abuse which needs to be named In some examples their behaviour is less than appealing and power is misused which needs acknowledgement and exploration In this volume Bruce and Shercliff continue to explore the stories of the women of the bible offering exegesis and comment enabling preachers and readers with a more general interest to encounter and appreciate more of the female characters in scripture Again they seek to inspire imaginative approaches in preachers combining commentary and homiletic textbook *Early Modern Asceticism* Patrick J. McGrath, 2020 Challenging contemporary perceptions of the ascetic in the early modern period this book explores asceticism as a vital site of religious conflict and literary creativity rather than merely a vestige of a medieval past Remember Lot's Wife April Yamasaki, 1991
