Occupy movement and the vanishing culture in China's booming Shanxi Province share Lyon's signature immersive approach and his commitment to social and political issues that concern those on the margins of society. Lyon's photography is paralleled by his work as a filmmaker and a writer. *Danny Lyon: Message to the Future* is the first in-depth examination of this leading figure in American photography and film and the first publication to present his influential bodies of work in all media in their full context. Lead essayists Julian Cox and Elisabeth Sussman provide an account of Lyon's five-decade career. Alexander Nemerov writes about Lyon's work in Knoxville, Tennessee. Ed Halter assesses the artist's films. Danica Willard Sachs evaluates his photomontages and Julian Cox interviews Alan Rinzler about his role in publishing Lyon's earliest works. With extensive back matter and illustrations, this publication will be the most comprehensive account of this influential artist's work.
