mica de movilidad iniciada es estructural y supondrá una transformación de la sociedad a largo plazo. En esta línea el libro analiza con gran rigurosidad y profundidad uno de los temas claves de la agenda política y ciudadana que se está en discutiendo actualmente en el terreno de la investigación en las instituciones gubernamentales y en los espacios de lucha por la ampliación de derechos. Así pues esta publicación ofrece un estudio completo de la regulación y las políticas migratorias en América Latina bajo tres ejes: la ampliación en el reconocimiento y garantía de los derechos; una mayor apertura que promueva la movilidad humana segura y el desarrollo de políticas de integración que favorezcan el reconocimiento mutuo. Es un libro que identifica los avances y retos en las normativas internas de los Estados y describe en clave comparativa las propuestas políticas y soluciones que están desarrollando los diferentes países para la mejor gestión de los flujos migratorios, en especial en el momento de escribir este libro: el reto de la migración venezolana.

**El arbitraje interno e internacional en Latinoamérica. Regulación presente y tendencias del futuro** Varios autores, 2010-10-01. El arbitraje es una institución antigua que vive en estos momentos una auténtica primavera tanto en su dimensión interna como en su proyección internacional. Directamente articulado sobre la voluntad del individuo y sobre su derecho a elegir entre acudir a los tribunales estatales o a otras vías de resolución de conflictos complementarios que no alternativos a la vía anterior, el arbitraje se está convirtiendo crecientemente en un instrumento de resolución de conflictos utilizado en ámbitos donde nunca antes se pensó que cabría su uso. La presente obra aborda la regulación del arbitraje en todos y cada uno de los países latinoamericanos y lo hace tanto en su dimensión interna como en lo referente al arbitraje comercial internacional. El estudio se complementa además con una análisis comparativo de la situación existente en Europa y con un estudio en profundidad de la práctica del arbitraje en materia de protección de inversiones en el continente. Escrito por los mejores especialistas en materia arbitral de América Latina y combinando la dimensión teórica con el estudio de la práctica, el libro "El arbitraje interno e internacional en Latinoamérica" está llamado a convertirse en un referente en la doctrina latinoamericana de arbitraje. Una obra de ineludible consulta para conocer cuáles es la realidad muchas veces poco conocida de la institución en el continente y sus perspectivas de desarrollo futuro.
