David G. Temple, **Merger Politics; Local Government Consolidation in Tidewater Virginia** David Graham
Temple, 1972 **The Politics of City-County Merger** W. E. Lyons, 2021-12-14 Although city county consolidation has been urged for years as a solution for many urban problems relatively few communities have come to the point of offering such an option to the voters and in most of the communities that have done so the voters have rejected the idea In 1972 the voters of Lexington and Fayette County Kentucky approved consolidation by a better than two to one margin W E Lyons examines this victory for consolidation comparing the Lexington setting with other places where merger has been attempted For the first time in the literature the details of actually drafting a consolidated city county charter are described Lyons shows that if either the city or the county government is hostile the resulting problems are sufficient to stymie the whole undertaking Even under the most favorable of conditions it is difficult for a commission of thirty citizens to develop the skills and maintain the patience and spirit of compromise necessary to produce a workable charter acceptable to all members This examination of a successful consolidation fight includes the results of several surveys of Lexington voters before the referendum and an analysis of the election results Lyons s description of the campaign strategies used and the reasons for their selection will be especially valuable to leaders considering consolidation in their own communities **City-County Consolidation and Its Alternatives: Reshaping the Local Government Landscape** J.B. Carr, Richard C. Feiock, 2016-07-08 City country consolidation builds upon the Progressive tradition of favoring structural reform of local governments This volume looks at some important issues confronting contemporary efforts to consolidate governments and develops a theoretical approach to understanding both the motivations for pursuing consolidation and the way the rules guiding the process shape the outcome Individual chapters consider the push for city county consolidation and the current context in which such decisions are debated along with several alternatives to city county consolidation The transaction costs of city county consolidation are compared against the costs of municipal annexation inter local agreements and the use of special district governments to achieve the desired consolidation of services The final chapters compare competing perspectives for and against consolidation and put together some of the pieces of an explanatory theory of local government consolidation

City-County Consolidation Suzanne M. Leland, Kurt Thurmaier, 2010-07-15 Although a frequently discussed reform campaigns to merge a major municipality and county to form a unified government fail to win voter approval eighty per cent of the time One cause for the low success rate may be that little systematic analysis of consolidated governments has been done In City County Consolidation Suzanne Leland and Kurt Thurmaier compare nine city county consolidations incorporating data from 10 years before and after each consolidation to similar cities and counties that did not consolidate Their groundbreaking study offers valuable insight into whether consolidation meets those promises made to voters to

increase the efficiency and effectiveness of these governments The book will appeal to those with an interest in urban affairs economic development local government management general public administration and scholars of policy political science sociology and geography *The Challenge of Local Governmental Reorganization* United States. Advisory Commission on Intergovernmental Relations,1974 *Substate Regionalism and the Federal System* United States. Advisory Commission on Intergovernmental Relations,1973 *The Virginia State Constitution* John Dinan,2014-03-13 The Virginia State Constitution provides a detailed history of the Virginia Constitution with particular attention to key moments in Virginia constitutional development from the 1776 Constitution through the current 1971 Constitution The book includes a provision by provision commentary on the evolution and interpretation of each section of the Virginia Constitution with attention to constitutional convention debates judicial decisions attorney general opinions and legislative deliberations **The Virginia State Constitution** John J. Dinan,2011 In *The Virginia State Constitution* John Dinan analyzes the history and development of the Virginia constitution and undertakes a detailed treatment of the evolving interpretation of each section In it he contends that few states have had more opportunities than Virginia to engage in constitutional revision and in the process to debate fundamental political questions about the role of state government Constitutional History of Virginia Brent Tarter,2023-05-01 This is the only modern comprehensive constitutional history of any state and as a history of Virginia it is one of the oldest and most complex Virginia's state legislature is the Virginia General Assembly which was established in July 1619 making it the oldest current lawmaking body in North America Brent Tarter's *Constitutional History of Virginia* covers over three hundred years of Virginia's legislative policy from colony to statehood revealing its political and legal backstory From the very beginning in 1606 when James I chartered the Virginia Company to establish a commercial outpost on the Atlantic coast of North America through the first two decades of the twenty first century the fundamental constitutions of the colony and state of Virginia have evolved and changed as the demographic economic political and cultural characteristics of Virginia changed Elements of the colonial constitution influenced the character of the state's first constitution in 1776 and changing relationships between the people and their government as well as relationships between the state and federal governments have influenced how the state's constitution has evolved Tarter explores that evolution and taps into its relevance to the people who have lived and still live in Virginia **Captives of the Cold War Economy** John J. Accordino,2000-07-30 The end of the Cold War in 1989 gave rise to hopes for a new more peaceful international system and for the redirection of military expenditures over one half of annual U S federal discretionary spending toward education and health care renewing the nation's infrastructure environmental mitigation and alternative energy sources At the beginning of the 21st Century U S military spending remains stuck at 85% of the Cold War average Why As Accordino explains at the federal level the Iron

Triangle comprised of the Pentagon defense contractors and a conservative Congress maintained defense spending at Cold War levels encouraging contractors to stay focused on defense. When some procurement cutbacks and base closures occurred, growth interests recruited lower wage branch plants, sports and entertainment facilities rather than supporting the hard work of defense conversion that creates higher paying jobs. Nevertheless, some defense contractors and community interests did embrace conversion showing remarkable potential. Of particular interest to scholars and researchers involved with urban and regional planning, public administration and local politics and regional economic development.

Virginia Government Liliokanaio Peaslee, Nicholas J. Swartz, 2013-10-07 Equally at home as a companion to an introductory text or as a stand alone resource, Virginia Government offers an excellent introduction to the political institutions, actors and policy processes of the Old Dominion State. Paying special attention to the governing arrangements that make Virginia unique, from statewide city county separation to a single term governor to shifting electoral alignments, Peaslee and Swartz strike the perfect balance combining necessary background and historical analysis with current events and policy issues to make the information relevant and engaging for today's students. Grounded in the comparative method, the text provides useful comparisons with governing institutions, political processes and public policies in other states and localities.

The Struggle for Change Marvin T. Chiles, 2023-12-28 A Black majority city with a history of the most severe segregation and inequity, Richmond is still grappling with this legacy as it moves into the twenty first century. Marvin Chiles now offers a unique take on Richmond's racial politics since the civil rights era by demonstrating that the city's current racial disparities in economic mobility, housing and public education actually represent the unintended consequences of Richmond's racial reconciliation measures. He deftly weaves municipal politics together with grassroots efforts, examining the work and legacies of Richmond's Black leaders from Henry Marsh on the city council in the 1960s to Mayor Levar Stoney to highlight the urban revitalization and public history efforts meant to overcome racial divides after Jim Crow, yet which ironically reinforced racial inequality across the city. Compellingly written, this project carries both local and broader regional significance for Richmonders, Virginians, southerners and all Americans.

Crabgrass Frontier Kenneth T. Jackson, 1987-04-16 This first full scale history of the development of the American suburb examines how the good life in America came to be equated with the a home of one's own surrounded by a grassy yard and located far from the urban workplace. Integrating social history with economic and architectural analysis and taking into account such factors as the availability of cheap land, inexpensive building methods and rapid transportation, Kenneth Jackson chronicles the phenomenal growth of the American suburb from the middle of the 19th century to the

present day He treats communities in every section of the U S and compares American residential patterns with those of Japan and Europe In conclusion Jackson offers a controversial prediction that the future of residential deconcentration will be very different from its past in both the U S and Europe **Catalog of Copyright Entries.
