Orzeck, Robert Weisbuch, 1996 An obsessively private writer Emily Dickinson almost never submitted poems for publication which she deemed the Auction Of the Mind Yet over a century of criticism has established what readers of various sensibilities describe as a shockingly intimate relation between text and audience making the question of whom the poems address a crucial element in interpreting them This volume of essays is the first book exclusively focused on Dickinson's relation to audience from the relatively few persons who received many of the poems to that vast unseen yet somehow specific other that any literary work addresses Dickinson's writings were influenced by her ambivalent attitude toward the conventions of the nineteenth century literary marketplace and her desire to shape more intimate relations with chosen contemporaries Still her poems and letters engage modern readers and speak to the social and gendered politics of our own day The essays in *Dickinson and Audience* treat both the importance of Dickinson's personal friendships and the ways in which contemporary poetics continue to sustain the vitality of her writings With contributions from Willis J Buckingham Karen Dandurand Betsy Erkkila Virginia Jackson Charlotte Nekola Martin Orzeck David Porter Robert Regan Richard B Sewall R McClure Smith Stephanie A Tingley and Robert Weisbuch the collection boasts a wide variety of critical approaches to the poet and her works from traditional biographical and historical analyses to deconstructionist feminist and reader response interpretations It will interest not only scholars in these areas but also anyone who wants to gain insight into Dickinson's creative genius *Gender and Short Fiction* Jorge Sacido-Romero, Laura Lojo-Rodríguez, 2018-10-09 In their new monograph *Gender and Short Fiction Women's Tales in Contemporary Britain* Jorge Sacido Romero and Laura M Lojo

Rodriguez explain why artistically ambitious women writers continue turning to the short story a genre that has not yet attained the degree of literary prestige and social recognition the novel has had in the modern period In this timely volume the editors endorse the view that the genre still retains its potential as a vehicle for the expression of female experience alternative to and or critical with dominant patriarchal ideology present at the very onset of the development of the modern British short story at the turn of the nineteenth century **Dancing at the Edge of the World** Ursula K. the American South Claire Raymond,2019-10-28 Looking at works by Carrie Mae Weems Toni Morrison Emily Dickinson Flannery O Connor Dorothy Allison Carson McCullers and Zora Neale Hurston Claire Raymond uncovers a pattern of femininity constructed around representations of sadistic violence in American women s literature and photography from the late nineteenth and twentieth centuries Dickinson s poetry is read through its relationship to the Southern Agrarian critics who championed her work While the representations of violence found in Carrie Mae Weems s installation From Here I Saw What Happened and I Cried Morrison s Beloved Dickinson s poetry O Connor s A View of the Woods and A Good Man Is Hard to Find Allison s Bastard Out of Carolina McCullers Ballad of the Sad Caf and Hurston s Mules and Men are diverse in terms of artistic presentation all allude to or are set in the antebellum and Jim Crow South In addition all involve feminine characters whose subjectivity is shaped by the practice of seeing acts of violence inflicted where there can be no effective resistance While not proposing an equivalence between representing violence in visual images and written text Raymond does suggest that visual images of violence can be interpreted in context with written evocations of violent imagery Invoking sadism in its ethical sense of violence enacted on a victim for whom self defense and recourse of any kind are impossible Raymond s study is ultimately an exploration of the idea that a femininity constructed by the positioning of feminine characters as witnesses to sadistic acts is a phenomenon distinctly of the American South that is linked to the culture s history of racism **An Answering Music** David Rigsbee,1990 **Marina Warner** Laurence Coupe,2006 This is the first

full length study of Marina Warner s work *Ovid's Presence in Contemporary Women's Writing* Fiona Cox,2018-07-26 This innovative study analyses the presence of Ovid in contemporary women s writing through a series of insightful case studies of

prominent female authors from Ali Smith Marina Warner and Marie Darrieussecq to Alice Oswald Saviana St nescu and Yoko Tawada Using Ovid in their engagements with a wide range of issues besetting our twenty first century world homelessness refugees the financial crisis internet porn anorexia body image these writers echo the poet s preoccupation in his own work with fleeting fame shape shifting and the dangers of immediate gratification and make evident that these concerns are not only quintessentially modern but also peculiarly Ovidian Moving beyond the concern of second wave feminism with recovering silenced female voices and establishing a female perspective within canonical works the volume places particular emphasis on the intersections between Ovid s imaginative universe and the political and aesthetic agenda of third wave feminism Focusing on its subjects socially and politically charged re shapings re imaginings and receptions of Ovid it not only demonstrates the extraordinary plasticity of his writing but also of its myriad re castings and re contextualizations within contemporary culture in terms of genre alone the works discussed included translations poetry plays novels short stories and memoirs In so doing it not only offers us a valuable perspective on the work of the selected female authors and a new and vital landmark in the history of Ovidian reception but also reveals to us an Ovid who remains our contemporary and an enduring source of inspiration

The Complete Poems Emily Dickinson,1924 *American Modernist Poetry and the Chinese Encounter* Z. Yuejun,S. Christie,2012-10-31 *American Modernist Poetry and the Chinese Encounter* offers a framework for understanding the variety of imagined encounters by eight different American poets with their imagined Chinese subject The method is historical and materialist insofar as the contributors to the volume read the claims of specific poems alongside the actual and tumultuous changes China faced between 1911 and 1979 Even where specific poems are found to be erroneous the contributors to the volume suggest that each of the poets attempted to engage their Chinese subject with a degree of commitment that presaged imaginatively China s subsequent dominance The poems stand as unique artifacts via proxy and in the English language for the rise of China in the American imagination The audience of the volume is international including the growing number of scholars and graduate students in Chinese universities working on American literature and comparative cultural studies as well as already established commentators and students in the west

Contemporary American Women Poets Catherine Cucinella,2002-11-30 This reference contains alphabetically arranged entries on nearly 70 American women poets who published significant works after WWII Each entry consists of four sections Biography Major Works and Themes Critical Reception and Bibliography both primary and secondary Those profiled include well known poets such as Maya Angelou and Sylvia Plath as well as those who are only beginning to attract the interest of critics Annotation

copyrighted by Book News Inc Portland OR *Secular Lyric* John Michael, 2018-04-17 *Secular Lyric* interrogates the distinctively individual ways that Poe Whitman and Dickinson transformed classical romantic and early modern forms of lyric expression to address the developing conditions of Western modernity especially the heterogeneity of believers and beliefs in an increasingly secular society Analyzing historically and formally how these poets inscribed the pressures of the modern crowd in the text of their poems John Michael shows how the masses appear in these poets work as potential readers to be courted and resisted often at the same time Unlike their more conventional contemporaries Poe Whitman and Dickinson resist advising sermonizing or consoling their audiences They resist most familiar senses of meaning as well For them the processes of signification in print rather than the communication of truths become central to poetry which in turn becomes a characteristic of modern verse in the Western world Poe Whitman and Dickinson in idiosyncratic but related ways each disrupt conventional expectations while foregrounding language's material density thereby revealing both the potential and the limitations of art in the modern age
