Message Of The Sphinx A Quest For The Hidden Legacy Of Mankind:

The Message of the Sphinx Graham Hancock, Robert Bauval, 2009-06-10 NATIONAL BESTSELLER Two Egypt experts posit a revolutionary theory The Sphinx and other great Egyptian monuments are older than common history books tell us and are arranged in such a way as to send us a message from the silent past Graham Hancock is featured in Ancient Apocalypse a Netflix original docuseries Guardian of the ancient mysteries the keeper of secrets For thousands of years the Great Sphinx of Egypt has gazed toward the east its eyes focused on eternity reading a message in the stars that mankind has long forgotten And today as our civilization stands poised at the end of a great cycle it is a message that beckons insistently to be understood All the clues are in place Geology and archeo astronomy have already indicated that the lion bodied Sphinx may be vastly older than Egyptologists currently believe dating not from 2500 B C but from 10 500 B C the beginning of the astrological Age of Leo And we now know that the three pyramids of Giza standing on high ground half a mile to the west of the Sphinx are in fact a precise map of the three stars of Orion s belt formed in fifteen million tons of solid stone Are these monuments trying to tell us something And if so what In The Message of the Sphinx Robert Bauval and Graham Hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures Using sophisticated computer simulations of ancient skies they unravel the riddle of the Sphinx and they present a startling new theory concerning the enigmatic Pyramid Texts and other archaic Egyptian scriptures Their discoveries lead the authors to this question Does mankind have a rendezvous with destiny a rendezvous not in the future but in the distant past at a precise place and time The secrets can be kept no longer The Message of the Sphinx brings them to light

Keeper Of Genesis Robert Bauval, Graham Hancock, 2011-01-25 FROM THE BESTSELLING AUTHORS OF FINGERPRINTS OF THE GODS AND THE ORION MYSTERY An exciting book deservedly a bestseller SPECTATOR

_____ In Keeper of Genesis Graham Hancock and Robert Bauval present a tour de force of historical and scientific detective work When and where did history begin When was the genesis of civilisation in Egypt How and why were the Great Sphinx and the three pyramids of Giza designed to serve as parts of an immense three dimensional model of the sky of First Time What is contained in the rectangular chamber that seismic surveys have located in the bedrock far below the paws of the sphinx What lies behind the mysterious doors recently discovered at the end of a previously unexplored shaft inside the Great Pyramid Does mankind have a rendezvous with destiny a rendezvous not in the future but in the distant past at a precise place and time Using sophisticated computer simulations of the ancient skies to crack the millennial code that the monuments transcribe Bauval and Hancock set out a startling new theory of the Pyramid Texts and other archaic Egyptian scriptures _____ Reads like a detective story with the reader enthusiastically trying to outguess the writers Literary Review Start the book in the early evening and continue uninterrupted till you complete it in the small house The effect is wonderful Your entire world view has been shifted a

hundred yards You fall asleep thinking that nothing will ever be the same again Sunday Telegraph **Keeper of Genesis** Robert Bauval,1996 **The Message of the Sphinx** Graham Hancock,Robert Bauval,1996 The authors of the bestselling Fingerprints of the Gods The Sign and the Seal and The Orion Mystery team up to posit a revolutionary theory that the Sphinx and the other great Egyptian monuments are of prehistoric origina and that they are arranged in such a way as to be a giant stone hologram sending a message to us from the silent past 16 pp of photos 30 line drawings *End Times to 2019* David Montaigne,2013-01-09 Does the end of the Mayan Calendar start the countdown to Judgment Day Biblical and historical researcher David Montaigne concludes that this is the case He says that the end of the Mayan Long Count is the official start of the Bible s seven year tribulation both were focused on the same astronomical events that occur from 2012 to 2019 The world as we know it will be gone by 2020 Texts from ancient India tell us about great cycles of destruction The Egyptians told the same basic story with different names The Maya reveal another version of the story and were very clear about the timing of events from December 2012 to 2019 Your average American is no expert on these cultures but most people do have a Bible at home and the clearest details on what is about to happen can be found in the Bible if you don t let someone else tell you which parts you should focus on No this isn t what you were taught in Sunday school Religious leaders guide us between the raindrops of curious comments in the Bible We are discouraged from focusing on the parts they say we weren t meant to understand But if we stop glossing over these important passages we will understand a flood of details about the End Times Our leaders are not ignorant of these events The elite already know what is about to happen and they have made preparations most rational people would not believe because evidence is suppressed to avoid chaos They want us to remain ignorant or at least to believe that the details are secrets that cannot be known But the coming events and their timing are not secrets Years ago this book s publication would not have been tolerated by those in power But by now it doesn t matter much their plans are not going to be interfered with at this point Your plans however can still be formulated if you make the choice to understand Topics include Bible Prophecy Matthew 24 36 Knowing the hour and the day The Mayan Calendar and Mythology Pole Shifts Galactic Superwaves Ancient Egypt Ancient India World Mythology The Georgia Guidestones The real Star of Bethlehem and the exact birthday of Christ Calculating the Second Coming and Judgment Day more **Pebbles on the Beach** M. Jankiraman Ph.D.,2020-10-28 This planet abounds in myths and legends prevalent in various cultures More often than not these are based on a kernel of truth The facts get grossly exaggerated through the ages much like a fishing tale Pebbles on the Beach is a concise examination of many of these There are adequate references given at the end of each chapter in case the reader wishes to follow up on these Some of the stories examined are pertaining to the year 2012 the biblical end of times as well as the story of Atlantis the Ark of the Covenant and an examination of the secrets of the Great Pyramid at Giza in Egypt amongst others This book also includes an investigation of the story of Moses especially the identity of the Pharaoh responsible for the Exodus This is a result of many years of patient study of such topics

by the author and is presented for the first time in the form of one book for easy reading One is reminded of the famous quote attributed to Sir Isaac Newton wherein he said that I seem to have been only like a boy playing on the sea shore and diverting myself in now and then finding a smoother pebble or a prettier shell than ordinary whilst the great ocean of truth lay all undiscovered before me

Galactic Alignment John Major Jenkins, 2002-07-01 Explores the central role played by the galaxy in both ancient and modern times in the transformation of the human spirit Extends Jenkins groundbreaking research in *Maya Cosmogenesis 2012* Reveals how the coming Galactic Alignment of era 2012 promises a renewal of human consciousness Uncovers the galactic vision of Mayan Egyptian Greek and Vedic cosmologies The Galactic Alignment is a rare astronomical event that brings the solstice sun into alignment with the center of the Milky Way galaxy every 12 960 years Building on the discoveries of his book *Maya Cosmogenesis 2012* Jenkins demonstrates that the end date of 2012 does not signal the end of time but rather the beginning of a new stage in the development of human consciousness

He recovers a striking common thread that connects the ancient cosmological insights of the Maya not only to Egyptian thought and Vedic philosophy but also to the diversity of humankind's metaphysical traditions ranging from Celtic sacred topography and Medieval alchemy to the Kabbalah and Islamic astrology. His work presents us with a groundbreaking synthesis of lost wisdom once common to ancient cosmologies that will help us understand the significance of this transformative cosmic milestone.

Return of the Golden Age Edward F. Malkowski, 2013-12-17

The truth behind ancient myths and the return of the celestial conditions for a Golden Age of peace and abundance. Reveals the events preserved in myth that launched humanity into 12 000 years of struggle, selfishness and false beliefs. Explores how we can initiate a new Golden Age through ancient Egyptian teachings on the creative power of our imaginations. Explains how our world system of economics, which benefits a few at the expense of the many, arose as a reaction to global catastrophe in prehistory. Since the beginning of recorded history, humanity has been in a continuous struggle over land and resources. It continues today despite the abundance we have created through scientific innovation and technology. Why such a struggle for resources exists has never been explained. Neither has the human drive to own, accumulate and hoard. Edward Malkowski reveals that the answer lies in recognizing the reality behind humanity's earliest myths. He shows that the opportunity is at hand to transcend these inherited selfish traits and return to a Golden Age of peace and abundance. Malkowski explores the hidden meaning behind stories such as the Epic of Gilgamesh, Plato's Atlantis and myths of a new sky and a new sun of great floods and the death of the gods and of the preceding Golden Age. He connects these myths to a real extinction event that occurred 12 000 years ago. He explains how the survivors of our ancestors were catapulted from utopia into a world of scarcity, scarring the collective mind of humanity and initiating the struggle for resources in an attempt to regain our lost paradise. He shows how our world system of economics, focused on ownership and based on the false belief of separateness, benefitting a few at the expense of the many, arose as a reaction to this catastrophe. Drawing on the pre-catastrophe teachings preserved by the ancient Egyptians, Malkowski reveals that we are returning to a celestial configuration parallel to that of the past Golden Age. Through our collective DNA memory and the creative power of our imaginations, we can end our 12 000 year quest to regain paradise lost and launch a new Golden Age of unity, abundance and equality for all humanity.

Ancient Egypt and Modern Psychotherapy Todd Hayden, 2016-12-19

In *Ancient Egypt and Modern Psychotherapy*, Todd Hayden explores what the spiritual concepts of the enigmatic ancient Egyptians can teach us about our own modern psyches and the pursuit of a meaningful life. Hayden examines the ancient Egyptians' possession of a concept contemporary academics have labeled "consciousness of the heart," an innate knowledge of the entirety of the universe. While all human beings possess this "consciousness of the heart," our modern culture has largely lost the ability to tap into this inborn knowledge. By examining the material accomplishments of ancient Egypt and how their seemingly deeper awareness of their inner world created a harmonious outer world, we can begin to understand how modern psychotherapy, through a Jungian perspective, could be instrumental in achieving a more

profound and meaningful personal experience of life Ancient Egypt and Modern Psychotherapy will be insightful reading for analytical psychologists in practice and in training Jungian psychotherapists and psychologists and academics and students of Jungian and post Jungian studies and ancient spirituality Forgotten Worlds Patrick Chouinard,2012-05-29 An examination of the mythological historical and archaeological evidence for lost civilizations throughout the world Explores unexplained mysteries such as the Caucasian mummies of China the pyramids of Caral in Peru and the genetically unique X woman of Siberia Examines evidence of lost ancient civilizations in Asia Europe and the Americas including extensive investigation into Atlantis Shows that Siberia and the Amazon may have been cradles of humanity before Africa Over and over again mainstream views of early history which state that the first civilizations arose around 3500 BCE are plagued by evidence of much older civilizations evidence ranging from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise of the Sumerian city states and pharaonic Egypt Viewing Atlantis and its many related myths as a metaphor for a long lost global civilization Patrick Chouinard explores the mythological cultural religious and archaeological evidence for many forgotten civilizations in Europe Asia and the Americas He addresses unexplained mysteries from around the world such as Caucasian mummies found in China the pyramids of Caral in Peru the hobbit remains on Flores Island the giant heads of Easter Island the lost legacy of Lemuria the ideology and occult mysticism behind Nazi theory and the genetically unique X woman of Siberia He also examines evidence of ancient alien visits and other supernatural phenomena in the distant past Using recent archaeological findings he shows that Siberia and the Amazon may have been cradles of humanity millennia before Africa Sounding the call to continue searching ancient remote and formerly forbidden regions for lost cultures and genetic root races Chouinard offers a new chronology for the emergence of human life and civilization as well as a new mechanism for how and why societies and species change over time By finding lost peoples and their forgotten worlds we can truly begin to understand the human race and learn from its long history **The Mars Mystery** Graham Hancock,2010-08-11 An asteroid transformed Mars from a lush planet with rivers and oceans into a bleak and icy hell Is Earth condemned to the same fate or can we protect ourselves and our planet from extinction In his most riveting and revealing book yet Graham Hancock examines the evidence that the barren Red Planet was once home to a lush environment of flowing rivers lakes and oceans Could Mars have sustained life and civilization Megaliths found on the parched shores of Cydonia a former Martian ocean mirror the geometrical conventions of the pyramids at Egypt s Giza necropolis Especially startling is a Sphinx like structure depicting a face with distinguishable diadem teeth mouth and an Egyptian style headdress Might there be a connection between the structures of Egypt and those of Mars Why does NASA continue to dismiss these remarkable anomalies as a trick of light Hancock points to the intriguing possibility that ancient Martian civilization is communicating with us through the remarkable structures it left behind In exploring the possible traces left by the Martian civilization and the cosmic cataclysm that may have ended it The Mars Mystery is both an

illumination of our ancient past and a warning that we still have time to heed about our ultimate fate **Where Were You Before The Tree of Life? Volume 6** Peter R. Farley,2011-04-04 Volume 6 of 9 These books are the first to fully map out the history of alien interaction with the Earth past present and into the near future Extending the work of noted researchers such as Erich Von Daniken and Zecharia Sitchin the book series goal is to show its readers the extensive repercussions this interaction has had on life on this planet especially its formative role in the global conspiracy known as the New World Order
