**Message to be Spoken Into the Left Ear of God** Dennis Hinrichsen, 2004      **Messages from God** Yvon Bell, 2018-05-05 What if you could hear detailed messages from God Messages from God is an emotion packed story explaining that there are no limits to hearing the voice of God to clearly receiving divine instruction Chronologically it documents Bells journey across many years as God first reaches then teaches her Messages from God puts a strong emphasis on listening to Gods voice Hearing Gods voice what He will tell you will be simply inspiring confesses Bell For Bell one of these life changing experiences was a divine instruction to travel to Los Angeles to speak to vast audiences about what she was learning With no plan Bell made that trip and found herself addressing jam packed audiences for months afterward Session after session Bell held audiences spell bound for hours with unique and unplanned talks never preparing a speech prior to the any of the meetings After sharing her heart and experiences with her audiences she spend 10 years writing Messages from God My goal is not to explain God but to offer personal examples and real life situations through which God manifests in our lives Once I began hearing Gods voice it instantly led to a very interesting life I learned that God does not give up on anyone I am now convinced that God makes His message clear to anyone who opens their ears Messages from God is written to assist readers to find their own personal entrance to supernatural life but to hear GODs voice at an incredible high level      **From My Lips to God's Ears** M A. Walker, 2012-03-09 This autobiographical novel is a fusion of the author s heritage and a recollection of the life altering event that potentially could have destroyed her life From the outset of the story which takes us back to the depression years and her father s exploits during World War II the reader gets the impression that this is not the real message there is something much deeper going on This curiosity about what really happened keeps the reader turning the pages only to discover the heart breaking story of cruelty and total disregard for a young girl s life Many times people feel isolated and alone while being surrounded by the family and friends who think they know them best The main character of this novel is such a person Her sense of worthlessness and self loathing lead to many acts of self destruction as she desperately tries to terminate her tortured life Such stories have become all too common and have the potential to destroy the hopes and dreams of their victims Fortunately for the readers of this book the story does not stop at that point It offers an understanding of how victims can find a way out of the hell in which they have been placed and become restored to wholeness once again It is the story of a second chance to have a normal life filled with all the happiness and endless blessings God intended all people to enjoy From My Lips to God s Ears has stirred up many emotions within me To open up and tell aspects of your life takes great courage It has made me realize that we are quick to judge when we really don t know what has gone on in a person s life I also believe that we have at least one good book in us but are probably not prepared to bare our souls as M A Walker has The bottom line is that God knows each book that is in us and He alone will judge the story we have to tell Great book please read Fred Myers      *Evensong* Gerry LaFemina, Chad Prevost, 2006 This

anthology Evensong is a celebration of the rich spiritual tapestry that is contemporary American religious experience If this book is flawed recall that to be spiritual is to have faith even when one doubts to see the flaws yet find belief When I write poetry I try to give myself over to the sublime to that which is great within to that which knows what I don't know I know When I participate in the writing life I try to be giving to that which has given to me And let's face it being a poet in America sometimes feels like taking a vow of poverty But it also provides a community of others who share a belief in the power of poetry to be redemptive to change the moral emotional or spiritual landscapes if only for a brief moment Please consider this anthology a meeting house not everyone has shown up to services but they're all here in spirit from Introduction by Gerry LaFemina

This radiance takes many forms: an uncle with Down Syndrome calling out the makes of cars through the harsh light, God's light faltering near the crown of the skull, a woman's neck cords flaring, leaping out in muscular form, fluted arc briefly held, instant his father sleeping, bird cry pouring out of him like string or knotted rain as the

narrator resists waking him and lets mosquitoes feed Confronted with the natural world Hinrichsen peers closely at such things as mules standing in the rain the flight of a swallowtail or cloudwork lighting the weave of trout and fashions uncanny threadings of self and other Throughout the book Hinrichsen transcends the bright beautiful cage of the senses in lines and stanzas that are alert to the fluidity and exactness of perception to find the measureless silk of our common existence
