Message In A Bottle The Literature Of Small Islands:

Islands and the Modernists Jill Franks, 2006-07-25 This study examines five modernists in different disciplines biology painting drama fiction and anthropology whose work on islands made them famous Charles Darwin challenged every presumption of popular science with his theory of evolution by natural selection derived from his study of the Galapagos Islands Paul Gauguin found on Tahiti inspiration enough to break through the inhibiting traditions of the Parisian art world John Millington Synge's experience on the Aran Islands off the coast of Ireland gave birth to a new style of drama that defied classic divisions between tragedy and comedy D H Lawrence's life long search for a utopian community culminated in his famous short story The Man Who Loved Islands that poignantly portrays the tension between idealism and realism solitude and human intimacy Finally Margaret Mead began her career in anthropology by studying the remote South Sea Islands and through her work acquired the sobriquet Mother of the World The text explores the extent to which islands inspired these radical thinkers to perform innovative work Each used islands differently but similar phenomena affected their choice of place and the outcome of their projects Their examples illuminate the relationship of modernism to alienation and insularity

Island Enclaves Godfrey Baldacchino, 2010-07-27 Examining subnational island jurisdictions such as Guant namo Bay Macau Aruba the Isle of Man and Prince Edward Island Godfrey Baldacchino shows how these distinct locales arrange special relationships with larger metropolitan powers He also deals with the politics economics and diplomacy of islands that have been engineered as detention camps offshore finance centres military bases heritage parks or otherwise autonomous regions More than a study of how detached regions are governed Island Enclaves displays the ways in which these jurisdictions are pioneering some of the modern world's most creative and shadowy forms of sovereignty and government

The Heart and the Island Chiara Mazzucchelli, 2015-08-04 In *The Heart and the Island* Chiara Mazzucchelli explores the strong bond between Sicilian American writers and the island of Sicily Self contained yet connected to the mainland geographically separated from yet politically united to the rest of Italy Sicily occupies a unique position Throughout the twentieth century the sense of a distinct sicilianit or Sicalianness has manifested itself in a corpus of texts that although subsumed under the broader context of Italian literature have distinguished themselves as examples of an exquisitely Sicilian literary experience Mazzucchelli argues that a parallel phenomenon sicilianamericanit has emerged in the United States Focusing on the island's geography history and culture she examines how many American authors of Sicilian descent derive inspiration from their ethnic milieu and lay out a recognizable set of Sicilian culture markers in their works thereby producing a literature that is distinctly Sicilian American Drawing on both Italian and Italian American scholarship *The Heart and the Island* is the first full length study of Sicilian American literature and it opens a space for new interdisciplinary discussions on what it means to be Italian on both sides of the ocean

Sir Andrew Macphail Ian Ross Robertson, 2008-10-17 Macphail's writing characterized by clarity of expression and support for unpopular positions allowed him to develop and document many of the important political social and intellectual themes of his time He argued for the reorganization of the British Empire to reflect the growing importance of Canada and against such modern trends and movements as utilitarian education feminism industrialization and urbanization A strong advocate for the rejuvenation of rural life he carried out agricultural experiments on his native Prince Edward Island When it became apparent that it was impossible to return to rural ideals Macphail

Montgomery and War** Andrea McKenzie, Jane Ledwell, 2017-05-01 War marked L M Montgomery's personal life and writing As an eleven year old she experienced the suspense of waiting months for news about her father who fought during the North West Resistance of 1885 During the First World War she actively led women's war efforts in her community while suffering anguish at the horrors taking place overseas Through her novels Montgomery engages directly with the global conflicts of her time from the North West Resistance to the Second World War Given the influence of her wartime writing on Canada's cultural memories L M Montgomery and War restores Montgomery to her rightful place as a major war writer Reassessing Montgomery's position in the canon of war literature contributors to this volume explore three central themes in their essays her writing in the context of contemporaneous Canadian novelists artists and poets questions about her conceptions of gender identity war work and nationalism across enemy lines and the themes of hurt and healing in her interwar works Drawing on new perspectives from war studies literary studies historical studies gender studies and visual art L M Montgomery and War explores new ways to consider the iconic Canadian writer and her work **The Britannias** Alice Albinia, 2024-02-27 Longlisted for the Ondaatje Prize and the Women's Prize for Non Fiction Shortlisted for the Stanford Travel Writing Award A dazzlingly brilliant book Hannah Dawson editor of *The Penguin Book of Feminist Writing* A revelatory portrait of Britain through its islands *The Britannias* weaves history myth and travelogue to rewrite the story of this island nation From Neolithic Orkney Viking Shetland and Druidical Anglesey to the joys and strangeness of modern Thanet *The Britannias* explores the farthest reaches of Britain's island topography once known by the collective term *Britanniae* the Britains This expansive journey demonstrates how the smaller islands have wielded disproportionate influence on the mainland becoming the fertile ground of political cultural and technological innovations that shaped history throughout the archipelago In an act of feminist inquiry personal adventure and literary quest Alice Albinia embarks on a series of journeys that traverse Britain and reach beyond its contemporary borders from Europe to the Caribbean Ireland to Scandinavia She walks the coastlines of Lindisfarne sails

through the Hebrides archipelago and bikes into Westminster at dawn As she takes us across extravagantly varied island topographies and surveys centuries of history Albinia ranges between languages and genres and through disparate island cultures She talks to stubbornly independent islanders and searches for archaeological and linguistic traces of island identities discovering distinct traditions and resistance to mainland control Trespassing into the past to understand the present The Britannias uncovers an enduring and subversive mythology of islands ruled by women Albinia finds female independence woven through Roman colonial reports and Welsh medieval poetry Restoration utopias and island folk songs These neglected epics offer fierce feminist countercurrents to mainstream narratives of British identity and shed new light on women's status in the body politic today Vivid perceptive and disruptive The Britannias boldly upturns established truths about Britain while revealing its suppressed and forgotten beauty
