Feminine Collective: Morning Messages Leah Dawn,2022-06-02 This book is a collection of 220 daily channelled messages from a collective of divine feminine beings that were provided to offer support and guidance through a storm of the soul kind of time for the author The messages bring us back to our divine feminine ways of being that include love nurturing and self compassion yet also include messages of strength and perseverance The goal was always to share them in the format of a book when the author was ready and here they are This book is meant to provide both a one time read and an ongoing delivery of random messages whenever the reader picks it up and randomly chooses a page It provides the reader with a sense of being divinely loved supported and guided with every message **Creation and Chaos Talk** Eric M.

Vail,2012-06-07 Talk about chaos is pervasive Biblical scholars theologians and scientists have been using the word chaos for some time occasionally mingling ideas across disciplines around the shared word Quite often discussions of chaos center on

the issues of creation's origin and nature as well as on God's creative methods and relationship to creation Eric M Vail investigates the current uses of the word chaos in those areas A new way of articulating creation out of nothing is offered as both helpful and appropriate in our current milieu He suggests where we ought to focus our use of the word chaos in Christian discourse and argues that chaos is more fitting for naming where creation has gone awry rather than for naming that state out of which creation comes to be

The Pyramid Texts, Spells of Eternity Ben Van Kerkwyk, 2008-09-21 The Pyramid Texts Spells of Eternity invites readers into the oldest sacred writings of ancient Egypt inscriptions carved deep within the pyramids of kings over 4 000 years ago These words etched in stone to guide the pharaohs beyond death remain among the most profound religious texts ever composed This newly expanded Fourth Edition 2021 presents the Pyramid Texts as more than funerary spells they are the blueprint of Egypt's sacred cosmos where the pharaoh is defended against chaos nourished with divine abundance transformed into celestial forms and ascends to join the imperishable stars Drawing upon the latest discoveries digital scans and advances in Egyptology since the first edition in 2008 this volume reveals the texts not as relics but as living voices of a civilization obsessed with eternity From protective incantations to ascension hymns from offering formulas to mystical transformations each chapter uncovers the Egyptians vision of the afterlife and their unshakable faith in the power of words to create preserve and eternalize Richly insightful and deeply evocative Spells of Eternity opens a doorway into the pharaohs most intimate dialogue with the divine Step inside the tombs hear the voices carved in stone and discover the universe where kings became gods and words became eternity

Connie's Message—Smile! Jack B. Blount, 2018-05-03 I wrote this book for two reasons both of which are tightly intertwined First is the fact that my daughter Connie and I discussed writing this book together while she was a freshman at the University of Kentucky After her death I needed to accomplish that goal we had set together to share our faith in God with others who were not fortunate to have been brought up in a Christian home Second is the fact that I know Satan was controlling the drunk driver who was responsible for Connie's death Therefore I want to honor God by sharing my faith that Connie is in heaven Satan took Connie's life in this world but God gave Connie eternal life in heaven Through faith in Jesus Christ we will someday be in heaven together again The Bible is the most published book in the world by far at over nine billion copies Yet I acknowledge that the Bible is not the easiest place for someone new to Christian theology to begin a journey with God in our modern science

dominated politically correct culture Therefore I have captured a lifetime of study and discussions about the Bible and shared it with you in this book in the hopes it will make you aware of what God offers everyone *Your Children Are Listening* Jim Taylor,2011-06-14 Children become the messages they get the most And as a parent your words attitudes and actions are constantly sending your children messages creating their earliest ideas about themselves others and the world around them Now parenting expert Dr Jim Taylor describes the vital opportunity you have to shape your children even when they may not appear to be listening and guides you to answer this crucial question How can I be sure I m sending the healthiest messages If you consciously send your children the right messages the benefits for them will be profound *Your Children Are Listening* offers Nine essential messages all children need to hear on love competence security compassion gratitude nature respect responsibility and emotion Why these messages are so important The different conduits through which children receive your messages Message blockers that can prevent them from getting through And fun catchphrases and activities you can use to send these messages every day *The True Message of Jesus Christ* Various Authors,2021-11-26 Our image of Jesus Christ is mostly based upon the tradition which can be found in the New Testament The four canonical gospels share the same basic outline of the life of Jesus Preached for centuries by priests monks theologians etc biblical image of Jesus is deeply incised into the collective memory through out the Christian world and beyond Bearing this in mind it should be noted however that most of the testimonies regarding Jesus life and work written by his contemporaries or persons who lived immediately after his death never made it to the New Testament These texts compose the so called New Testament apocrypha Those are writings by early Christians that give accounts of Jesus and his teachings the nature of God or the teachings of his apostles and of their lives The New Testament apocrypha offer a somewhat different image of Jesus from the one that is familiar to the most of us Most of these texts are not opposed to the canonical gospels but they provide additional information regarding Jesus life Therefore the best way to observe the New Testament apocrypha is to observe them as a missing puzzle Jointly with the canonical gospels they will help us fully to perceive Jesus and to get closer to his human nature Content Infancy Gospels The Gospel of the Birth of Mary The Gospel Called the Protevangelion The First Gospel of the Infancy of Jesus Christ The Second or St Thomas s Gospel of the Infancy of Jesus Christ The History of Joseph the Carpenter Passion Gospels The Gospel of Nicodemus Formerly Called the Acts of Pontius Pilate The Gospel of Peter Dialogues With Jesus The Gospel of the Egyptians General Texts Concerning Jesus The Letter of Lentulus Pistis Sophia

Pistis Sophia (The Message of Resurrected Jesus) Anonymous,2023-12-21 Pistis Sophia an enigmatic Gnostic text attributed to an anonymous author delves into the profound spiritual journey following the resurrection of Jesus Christ Composed in a unique blend of narrative and dialogue the book engages its readers through a rich tapestry of metaphysical inquiries exploring the nature of faith Pistis knowledge and the reality of the soul Its literary style incorporates elements of

mystical philosophy and early Christian theology positioning it within the broader context of Gnostic writings that challenge orthodoxy and seek deeper spiritual truths The author's anonymity adds an intriguing layer to the work inviting speculation about the motivations behind its composition Likely written in the 2nd or 3rd century CE during a time of burgeoning religious diversity and philosophical exploration the text reflects a deep engagement with Jesus teachings and the socio religious dynamics of the early Christian community The author's voice resonates with urgency as it seeks to empower believers through esoteric knowledge that transcends conventional dogma Pistis Sophia is a compelling read for anyone interested in the intersections of faith philosophy and early Christianity Its profound insights and challenging questions beckon contemporary readers to reconsider their spiritual understandings making it an essential addition to the library of scholars theologians and curious minds alike

Handbook of Information and Communication Security Peter Stavroulakis, Mark Stamp, 2010-02-23 At its core information security deals with the secure and accurate transfer of information While information security has long been important it was perhaps brought more clearly into mainstream focus with the so called Y2K issue The Y2K scare was the fear that computer networks and the systems that are controlled or operated by software would fail with the turn of the millennium since their clocks could lose synchronization by not recognizing a number instruction with three zeros A positive outcome of this scare was the creation of several Computer Emergency Response Teams CERTs around the world that now work operatively to exchange expertise and information and to coordinate in case major problems should arise in the modern IT environment The terrorist attacks of 11 September 2001 raised security concerns to a new level The international community

responded on at least two fronts one front being the transfer of reliable information via secure networks and the other being the collection of information about potential terrorists As a sign of this new emphasis on security since 2001 all major academic publishers have started technical journals focused on security and every major communications conference for example Globecom and ICC has organized workshops and sessions on security issues In addition the IEEE has created a technical committee on Communication and Information Security The first editor was intimately involved with security for the Athens Olympic Games of 2004
