Messianism Through History Concilium 1993 1:

Messianism Through History Wim Beuken, Seán Freyne, Anton Weiler, Antonius Gerardus Weiler, 1993 Irreplaceable as a reference to where Catholic theology is at any given moment Concilium maps the state of the most pressing questions with solid contributions from leading theologians and cutting edge voices Each volume addresses major issues in dialogue with wider public discourses regularly engaging perspectives from the religions of the world For volumes of substance breadth and insight Concilium provides a most impressive response to the most important issues in theology today Jeannine Hill Fletcher Fordham University

Messianism Among Jews and Christians William Horbury, 2016-03-10 William Horbury considers the issue of messianism as it arises in Jewish and Christian tradition Whilst Horbury's primary focus is the Herodian period and the New Testament he presents a broader historical trajectory looking back to the Apocrypha and pseudepigrapha and onward to Judaism and Christianity in the Roman empire Within this framework Horbury treats such central themes as messianism in the Apocrypha and pseudepigrapha the Son of man and Pauline hopes for a new Jerusalem and Jewish and Christian messianism in the second century Neglected topics are also given due consideration including suffering and messianism in synagogue poetry and the relation of Christian and Jewish messianism with conceptions of the church and of antichrist and with the cult of Christ and of the saints Throughout Horbury sets messianism in a broader religious and political context and explores its setting in religion and in the conflict of political theories This new edition features a new extended introduction which updates and resituates the volume within the context of current scholarship

Messiah and Exaltation Andrew Chester, 2007 Andrew Chester focuses on Jewish messianic hope intermediary figures and visionary traditions of human transformation particularly in the Second Temple period and analyzes their significance for the origin and development of New Testament Christology He brings together five previously published essays on these themes these include two long chapters one on Jewish messianic and mediatorial traditions in relation to Pauline Christology the other on messianism and eschatology in early Judaism and Christianity plus one on messiah and Temple in Sibylline Oracles 3 5 Two further essays on the significance of Torah in the messianic age and on resurrection transformation and early Christology have been extensively revised There are also three substantial new chapters all of which engage closely with recent scholarly debate The first on the origin of Christology argues for the significance of Jewish visionary traditions of human transformation for understanding how high Christology came about at such an early stage within the New Testament The second discusses the complex questions of the definition scope and nature of Jewish messianism especially in relation to the Hebrew Bible and the more recently available Qumran evidence and their significance for the New Testament The third is concerned with what Paul means by the law of Christ and the wider issues raised by this

"The Bold Arcs of Salvation History" Maureen Junker-Kenny, 2022-01-19 This book offers the first in depth treatment in English language of Habermas's long awaited work on religion Auch eine Geschichte der Philosophie published in 2019 Charting the contingent origins and

turning points of occidental thinking through to the current postmetaphysical stage the two volumes provide striking insights into the intellectual streams and conflicts in which core components of modern self understanding have been forged The encounter of Greek metaphysics with biblical monotheism has led to a theology of history as salvation expanding in bold arcs from Adam s Fall to Christ and the Last Judgement The reconstruction of key turns in the relationship between faith and knowledge ends however with locating the uniqueness of religion in ritual and defining reason as inherently secular The book exposes the sources and trajectories analysed by Habermas with great erudition to different assessments in biblical studies theology and philosophy of subjectivity Apart from Paul and Augustine key lines of continuity are identified in the Gospels early patristic theology Duns Scotus and Schleiermacher that retain the internal connection of faith to autonomous freedom

The Sense of Mission in Russian Foreign Policy Alicja Curanović,2021-03-05 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia s mission in Tsarist times that the sense of mission matters more for Russia s elites than for Russia s masses and that Russia s special mission is emphasised more when there are questions about the regime s legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy Disavowing Constantine Nigel G. Wright,2007-01-01 Disavowing Constantine draws upon the work of two highly influential modern theologians Jürgen Moltmann and John Howard Yoder to develop an independent and constructive understanding of the relation of the church to the state Its aim is to restate for modern understanding the insights of the Believers Church tradition and to work out their implications for Christian participation in the civil order In this complex realm positive insights are located in traditions usually regarded as incompatible but the thesis of the book concerns disavowing Constantine renouncing the reliance of the church upon coercive power to further its mission in order to rediscover how a faithful church might nonetheless participate as a witness within the power structures of human society **Spirit of the Last Days** Peter Althouse,2003-10-01 Early Pentecostals proclaimed the restoration of the charismatic gifts as a sign of the imminent coming of Christ This eschatology was later marginalized by the rise of fundamentalist dispensationalism Today Pentecostal eschatology is being revised to include a more transformative view of the kingdom This book proposes a further revision of Pentecostal eschatology created to recover prophetic elements of early Pentecostalism that invite a responsible social engagement in the world and to overcome fundamentalist assumptions which have crept into Pentecostal theology in its middle years To this end the eschatological thought of selected Pentecostal theologians is placed in dialogue with Jürgen Moltmann This dialogue critiques fundamentalist tendencies within contemporary Pentecostalism by advocating a theology more open to history and creation and a Pentecostal ethic both personal and social in scope *Jewish Messianism and the Cult of Christ* William

Horbury,1998 William Horbury demonstrates that there were more messianic beliefs in Judaism at the time of Jesus than is commonly recognised

God the Revealed Michael Welker,2013-12-14 God revealed himself in Jesus Christ Christian faith has confessed and proclaimed this message for nearly two thousand years But what does it really mean In God the Revealed Michael Welker delves into this declaration and shows how it offers genuine insight into Christian faith He asks Who is Jesus Christ for us today and approaches the answer from five different angles the historical Jesus the resurrection the cross the reign of Christ and eschatology Uniquely Welker argues for the need to place historical Jesus research in a Christology and proposes a Fourth Quest for the historical Jesus

Levinas, Messianism and Parody Terence Holden,2011-09-22 There is no greater testament to Emmanuel Levinas reputation as an enigmatic thinker than in his meditations on eschatology and its relevance for contemporary thought Levinas has come to be seen as a principal representative in Continental philosophy alongside the likes of Heidegger Benjamin Adorno and Zizek of a certain philosophical messianism differing from its religious counterpart in being formulated apparently without appeal to any dogmatic content To date however Levinas messianism has not received the same detailed attention as other aspects of his wide ranging ethical vision Terence Holden attempts to redress this imbalance tracing the evolution of the messianic idea across Levinas career emphasising the transformations or indeed displacements which this idea undergoes in taking on philosophical intelligibility He suggests that in order to crack the enigma which this idea represents we must consider not only the Jewish tradition from which Levinas draws inspiration but also Nietzsche who ostensibly would represent the greatest rival to the messianic idea in the history of philosophy with his notion of the parody of messianism

JONAH IN THE SYNOPTIC TRADITION Isaac Agbenohevi,2024-02-28 This book is the fruit of a dissertation which seeks to get beyond the impasse in the modern interpretation of the Sign Jonah Traditions by building upon the achieved results of previous studies both diachronic and synchronic examining some Jewish Writings from Second Temple Judaism the historical ambience of the Synoptic tradition engaging recently refined concepts and methods of literary narrative analyses such as the use of synkrisis and utilizing the revised understanding of typology in examining the specific role of Jonah in Luke s Christology Applying the redactional critical approach typological exegesis and literary narrative analysis it examines three specific questions 1 what the appropriate image of Jonah in Second Temple Judaism historical is 2 what the specific form of the Sign Jonah saying in the gospel narratives literary is and 3 how Jonah s figure contribute to Lucan Christology theological The entire study concludes with some revealing elements which shed light on the questions which underpin the dissertation 1 Jonah s figure was replete and frequently invoked in Second Temple Judaism his fish ordeal preaching in Nineveh death experience considered as sign commonplace recourse in crisis situation and 2 Sign Jonah and Solomon Queen traditions pieced together with the Beelzebul controversy are interwoven in narration to make a syncretic typological correlation between Jesus and Jonah prophetic character in person and activity and bring a clear definition to the enigmatic logion to semeion Iona 3 Jonah s figure in the context of Luke s Christology serves as an element

A Church of Hope Van Nam Kim, 2005 In *A Church of Hope* author Van Nam Kim examines the ecclesiology of Jurgen Moltmann a renowned Protestant theologian

Judas Iscariot: Damned or Redeemed Carol A. Hebron, 2016-09-22 At the beginning of the 20th century Judas was characterised in film as the epitome of evil the villainous Jew Film makers cast Judas in this way because this was the Judas that audiences had come to recognize and even expect But in the following three decades film makers as a result of critical biblical study were more circumspect about accepting the alleged historicity of the Gospel accounts Carol A Hebron examines the figure of Judas across film history to show how the portrayal becomes more nuanced and more significant even to the point where Judas becomes the protagonist with a role in the film equal in importance to that of Jesus Hebron examines how in these films we begin to see a rehabilitation of the Judas character and a restoration of Judaism Hebron reveals two distinct theologies rejection and acceptance The Nazi Holocaust and the exposure of the horrors of genocide at the end of World War II influenced how Judaism Jews and Judas were to be portrayed in film Rehabilitating the Judas character and the Jews was necessary and film was deemed an appropriate medium in which to begin that process

Sanctified Aggression Jonneke Bekkenkamp, Yvonne Sherwood, 2004-06-01 Sanctified Aggression allies itself neither with the easy assumption that religions are by definition violent and that only the secular humanist humane can offer a place of refuge from the ravages of religious authority nor with the equally facile opposing view that religion expresses the best of human aspirations and that this best is always capable of diffusing or sublating the worst Rather it works from the premise that biblical Jewish and Christian vocabularies continue to resonate inspire and misfire Some of the essays here explore how these vocabularies and symbols have influenced or resonate with events such as the massacre of Jews in Jedwabne Poland 1941 the Rwandan Massacre 1994 the tragedy at Columbine High School 1999 and the emergence of the Phineas Priesthood of white supremacists in North America Other contributors examine how themes of martyrology sacrifice and the messianic continue to circulate and mutate in literature music drama and film The collective conclusion is that it is not possible to control biblical and religious violence by simply identifying canonical trouble spots then fencing them off with barbed wire or holding peace summits around them Nor is it always possible to draw clear lines between problem and non problem texts witnesses and perpetrators victims and aggressors or reality and art
