Mesters to Masters Clyde Binfield, David Hey, 1997 Founded in 1624 the Cutlers Company of Hallamshire has played a crucial role in the history of Sheffield as supervisor and regulator of cutlery and steel trades in the steel capital of the world This book written by noted scholars and experts provides a history of the company and its activities *Industrial Clusters* John F. Wilson, Chris Corker, Joe Lane, 2022-07-01 *Industrial Clusters* shows the latest state of knowledge on the topic of industrial clusters with a particular focus on clustering in the UK bringing together a chronological coverage of the phenomenon This set of original essays by a group of leading business and industrial historians offers fresh perspectives about clusters and clustering A primary emphasis of the collection is how knowledge is generated and disseminated across a cluster and whether these processes stimulated innovation and consequently longer term sustainability This analysis also prompts questions about which unit of analysis to examine from the entrepreneurs and firms they created through to the industry as a whole and district in which they are located or whether one should look outside the region for explanatory factors Covering regions as diverse as North Wales the Scottish Highlands the City of London the Potteries Sheffield and Lancashire the essays have been channelled to provide a detailed understanding of these issues The editors have also provided a challenging Conclusion that suggests a new research agenda that could well unravel some of the mysteries associated with clustering This edited collection will be of interest to international researchers academics and students in the fields of business and management history innovation industrialisation and clusters **The Oxford Companion to Family and Local History** David Hey, 2010-02-25 The Oxford Companion to Family and Local History is the most authoritative guide available to all things associated with the family and local history of the British Isles It provides practical and contextual information for anyone enquiring into their English Irish Scottish or Welsh origins and for anyone working in genealogical research or the social history of the British Isles This fully revised and updated edition contains over 2 000 entries from adoption to World War records Recommended web links for many entries are accessed and updated via the Family and Local History companion website This edition provides guidance on how to research your family tree using the internet and details the full range of online resources available Newly structured for ease of use thematic articles are followed by the A Z dictionary and detailed appendices which include further reading New articles for this edition are A Guide for Beginners Links between British and American Families Black and Asian Family History and an extended feature on Names With handy research tips a full background to the social history of communities and individuals and an updated appendix listing all national and local record offices with their contact details this is an essential reference work for anyone wanting advice on how to approach genealogical research as well as a fascinating read for anyone interested in the past Brands, Geographical Origin, and the Global Economy David M. Higgins, 2018-05-26 An interdisciplinary history of the campaign to secure international protection of indications of geographic origin including Made in slogans It will appeal to students of

business and economic history geography legal history and marketing      **City of Sheffield (Part 1 of 3)** ,      *Loyalty, memory and public opinion in England, 1658-1727* Edward Vallance,2019-05-10 This book makes an important contribution to the ongoing debate over the emergence of an early modern public sphere Focusing on the petition like form of the loyal address it argues that these texts helped to foster a politically aware public by mapping shifts in the national mood Covering addressing campaigns from the late Cromwellian to the early Georgian period the book explores the production presentation subscription and publication of these texts It argues that beneath partisan attacks on the credibility of loyal addresses lay a broad consensus about the validity of this political practice Ultimately loyal addresses acknowledged the existence of a political public but did so in a way which fundamentally conceded the legitimacy of the social and political hierarchy They constituted a political form perfectly suited to a fundamentally unequal society in which political life continued to be centered on the monarchy      *The Politics of Hospital Provision in Early Twentieth-Century Britain* Barry M Doyle,2015-10-06 Doyle examines the role of local and national politics on hospitals Ultimately Doyle argues that social and economic diversity created a number of models for future health care which rested on a combination of voluntary and municipal provision

**The Making of Sheffield** Melvyn Jones,2004-09-30 Covering thousands of years and a multitude of topics the book tells the story of the development from a group of small agricultural settlements into a town and then a modern city It covers success disappointments miserable periods and glorious episodes that have marked the city s evolution      **Britain's Industrial Revolution in 100 Objects** John Broom,2023-02-22 The period of Britain s Industrial Revolution was perhaps the most transformative era in the nation s history Between about 1750 and 1914 life and work home and school church and community changed irreversibly for Britain s rapidly expanding population Lives were transformed some for the better but many endured abysmal domestic and workplace conditions Eventually improvements were made to Britain s social fabric which led to the prospect of richer and more fulfilled lives for working men women and even children Focusing on 100 objects that either directly influenced or arose from these changes John Broom offers a distinctive insight into this fascinating age With plentiful illustrations and suggestions for visits to hundreds of places of historical interest this book makes an ideal companion for a journey into Britain s industrial past      **Sheffield** ,      *Industrial Clusters and Regional Business Networks in England, 1750-1970* John Wilson,Andrew Popp,2017-07-05 Although economists have long recognised industrial districts as one of the key features of an economy only recently has attention focused on the region as an effective means of generating accurate insights into the larger picture of economic performance Using a copious range of research material examining several British regions *Industrial Clusters and Regional Business Networks in England 1750 1970* poses a series of fundamental questions about the nature of industrial clusters and networks Particular attention is paid to identifying the basic characteristics of a network outlining how they evolved in key industrial clusters and assessing their impact on industrial performance both regionally and nationally The durability of such networks is another key thread that runs

through the essays prompting comparison with industrial clusters in Britain and abroad These issues also stimulate discussion on disciplines of business economic and social history *History of the Company of Cutlers in Hallamshire, in the County of York* Robert Eadon Leader,1905 **Sheffield** Ruth Harman,John Minnis,Roger H. Harper,2004-01-01 Sheffield has been synonymous with steelmaking since the eighteenth century and with cutlery for centuries before that But while it has an extraordinary variety of industrial buildings connected to its metal trades there is another side to what is England's least known big city Set amidst magnificent scenery it has some surprising survivals of its earlier history as well as handsome public commercial and religious buildings designed by its Victorian local architects The leafy western suburbs that rise towards the Peak District were described by Sir John Betjeman as the finest in England The 1950s and 60s saw the city famed for its innovative public housing university buildings and churches After the decline of its manufacturing sector in the 1980s major new venues for sport and entertainment the prize winning Peace Gardens and exciting new buildings such as the Millennium Galleries Winter Garden and Persistence Works are visible signs of a renaissance in the city's fortunes This is the first comprehensive architectural guide to Sheffield It describes the buildings of the city centre and those of the inner suburbs within a two mile radius of it It also covers the lower Don valley still the heart of Sheffield's steel industry the outer suburbs to the west where those who made their fortunes from it lived in splendour and there are excursions to some outstanding buildings on the outskirts Major buildings including the Town Hall the two Cathedrals and the Winter Garden are given more detailed treatment as are the two Universities The central areas are the subject of walks those further out have suggested tours by car Illustrated throughout in colour with specially commissioned photographs and with these images augmented by historic maps paintings and drawings Sheffield will enable residents to look at familiar buildings in a fresh light and encourage visitors to discover for themselves the city's enticing contrasts of industrial heritage and natural beauty

*The Grass Roots of English History* David Hey,2016-05-05 In medieval and early modern Britain people would refer to their local district as their country a term now largely forgotten but still used up until the First World War Core groups of families that remained rooted in these countries often bearing distinctive surnames still in use today shaped local culture and passed on their traditions In *The Grass Roots of English History* David Hey examines the differing nature of the various local societies that were found throughout England in these periods The book provides an update on the progress that has been made in recent years in our understanding of the history of ordinary people living in different types of local societies throughout England and demonstrates the value of studying the varied landscapes of England from towns to villages farmsteads fields and woods to highways and lanes and historic buildings from cathedrals to cottages With its broad coverage from the medieval period up to the Industrial Revolution the book shows how England's socio economic landscape had changed over time employing evidence provided by archaeology architecture botany cultural studies linguistics and historical demography *The Grass Roots of English History* provides an up to date account of the present state of knowledge

about ordinary people in local societies throughout England written by an authority in the field and as such will be of great value to all scholars of local and family history

**British Businessmen and Canadian Confederation** Andrew Smith, 2008-07-16 Andrew Smith discusses the role of British investors in Canadian Confederation covering the period from

the construction of the Grand Trunk Railroad in the 1850s to Canada's purchase of Rupert's Land in 1869-70. He describes how some investors lobbied the British government for the policies that made Confederation possible, working closely with the Fathers of Confederation, many of whom were participants in the same trans-Atlantic crony capitalist system. British factory owners with classical liberal beliefs, however, disliked Confederation because they believed it would delay the political independence of the North American colonies, something they saw as beneficial.
