

"The Tao of Metal" is a hypnotic grunge-metal groove featuring a droning riff in E with grinding accents in the vein of Alice in Chains. It follows the same **ABABA** form, with A as the verse and B as the chorus. Each A section, however, actually contains two different parts—a G, A, G, B[♭] chord progression is sandwiched between E riffs. When you reach the end of the chorus you'll see the written repeat sign "*D.C. al Fine*," which means to go back to the beginning and play to the "*Fine*," or end. The lead guitar melody line gives it a more realistic song feel and help cues you to the changes. Let that droning repetition pull you into a mindless, Zen flow. Repetition is good! Repetition is the god of rock, blues, and metal!
