**Metamorphoses** Mary Zimmerman, 2002-03-27 A beautiful and deeply humane reanimation of Ovid's myths Called by Time the theater event of the year Mary Zimmerman's Metamorphoses brings Ovid's tales to stunning visual life Set in and around a large pool of water onstage Metamorphoses juxtaposes the ancient and the contemporary in both language and image to reflect the variety and persistence of narrative in the face of inevitable change Nominated for three 2002 Tony Awards including Best Play Metamorphoses earned Zimmerman a Tony for Best Direction of a Play

**Metamorphoses** Mary Zimmerman, David R. Slavitt, 2002 This play is based on David R Slavitt's translation of The Metamorphoses of Ovid Monologues

*From Word to Canvas* V.G. Julie Rajan, 2009-03-26 From Word to Canvas Appropriations of Myth in Women's Aesthetic Production is an innovative collection of essays on female aesthetic production and myth examining the ways in which women artists and writers utilize myth to negotiate their perceptions of feminine identity and feminine representation in an increasingly complex and culturally hybrid world The featured essays and artistic contributions address a variety of contemporary female productions including literature performance and visual art in a markedly global scope Representing a wide range of cultures languages geographic locales and social contexts from Jewish Hindu and Kenyan German through Irish Italian American to Vietnamese folktales this diversified selection underscores the agency of the feminine gaze across a historical and geopolitical span a gaze through which myths from various cultures and different cultural amalgams speak to us with force and with significance The potency of this gaze is linked to the potential of myth simultaneously to encompass and compress history and to offer the result as a backdrop against which the move from word to canvas or from a mythic tale to its aesthetic appropriation is performed in female aesthetic production

**American Women Stage Directors of the Twentieth Century** Anne Fliotsos, Wendy Vierow, 2008-06-09 The first reference tool to focus on American women directors

**Ovid, Death and Transfiguration**, 2023-07-03 The open access publication of this book has been published with the support of the Swiss National Science Foundation Death the ultimate change is an unexpected Leitmotiv of Ovid's career and reception The eighteen contributions collected in this volume explore the theme of death and transfiguration in Ovid's own career and his posthumous reception revealing a unity in diversity that has not been appreciated in these terms before now

**Epic Performances from the Middle Ages into the Twenty-First Century** Fiona Macintosh, Justine McConnell, Stephen Harrison, Claire Kenward, 2018-10-26 Greek and Roman epic poetry has always provided creative artists in the modern world with a rich storehouse of themes Tim Supple and Simon Reade's 1999 stage adaptation of Ted Hughes Tales from Ovid for the RSC heralded a new lease of life for receptions of the genre and it now routinely provides raw material for the performance

repertoire of both major cultural institutions and emergent experimental theatre companies This volume represents the first systematic attempt to chart the afterlife of epic in modern performance traditions with chapters covering not only a significant chronological span but also ranging widely across both place and genre analysing lyric film dance and opera from Europe to Asia and the Americas What emerges most clearly is how anxieties about the ability to write epic in the early modern world together with the ancient precedent of Greek tragedy's reworking of epic material explain its migration to the theatre This move though was not without problems as epic encountered the barriers imposed by neo classicists who sought to restrict serious theatre to a narrowly defined reality that precluded its broad sweeps across time and place In many instances in recent years the fact that the Homeric epics were composed orally has rendered reinvention not only legitimate but also deeply appropriate opening up a range of forms and traditions within which epic themes and structures may be explored Drawing on the expertise of specialists from the fields of classical studies English and comparative literature modern languages music dance and theatre and performance studies as well as from practitioners within the creative industries the volume is able to offer an unprecedented modern and dynamic study of epic content and form across myriad diverse performance arenas

*Playing with Time* Carole Elizabeth Newlands, 1995 Ovid's *Fasti* unlike his *Metamorphoses* is anchored in Rome religion history and legend monuments and character The poem interprets the Augustan period not as a golden age of peace and prosperity Carole E Newlands asserts but as an age of experimentation negotiation compromise and unresolved tensions Newlands maintains that despite the *Fasti*'s basic adherence to the format of the calendar the text is carefully constructed to reflect the tensions within its subject the new Roman year Ovid plays with the calendar Through the alteration or omission of significant dates through skilled juxtapositions through multiple narrators and the development of an increasingly unreliable authorial persona Ovid opens to a critical and often humorous scrutiny the political ideology of the calendar By adding astronomical observations and aetiological explanations for certain constellations Newlands says Ovid introduced the richly allusive world of Greek mythology to the calendar Newlands restores the poem to a position of importance one displaying Ovid's wit and intellect at its best The incompleteness of the *Fasti* she adds is a comment on the discord that characterized Augustus' later years and led to enforced silences

*Theatre World Volume 58 - 2001-2002* John Willis, 2004-11-01 Now in its 58th year *Theatre World* is the complete record of the Broadway and Off Broadway season touring companies and professional regional companies throughout the United States

*Paideia at Play* Werner Riess, 2008 *Paideia* the yearning for and display of knowledge reached its height as a cultural concept in the works of the Second Sophistic an elite literary and philosophical movement seeking to ape the style and achievements of the 5th and 4th centuries BC A crucial element in the display of *paideia* was an ability to mix the witty and playful with the serious and instructive The Second Sophistic is known as a Greek phenomenon but these essays ask how the Latin author Apuleius fitted into this framework and created a distinctively Latin expression of *paideia* focusing on the elements of playfulness at its heart
