Metamorphoses In Rubian Modernism:

Encyclopedia of Literary Modernism Paul Poplawski, 2003-12-30 Modernism is still widely acknowledged as perhaps the most important and influential artistic and cultural phenomenon of the 20th century Written by expert scholars from around the world and covering hundreds of different topics in a clear incisive and critical manner this reference maps the complex field of modernism in a fresh and original way The principal focus of the book is on English language literary modernism and the period 1890 1939 yet many entries extend beyond those parameters to include important precursors and successors of the movement The book also covers the crucial European and interdisciplinary dimensions of modernism and provides complementary comparative perspectives from countries and regions not usually included in traditional accounts of the subject Entries cite works for further reading and the volume closes with a selected general bibliography **Modernism and Close Reading** David James, 2020 The book offers new methodological and interpretive avenues for reconceptualising modernism's longstanding relationship to close reading *Modernism and the Post-Colonial* Peter Childs, 2007-06-09 This book considers the shifts in aesthetic representation over the period 1885 1930 that coincide both with the rise of literary Modernism and imperialism's high point If it is no coincidence that the rise of the novel accompanied the expansion of empire in the eighteenth century then the historical conditions of fiction as the empire waned are equally pertinent Peter Childs argues that modernist literary writing should be read in terms of its response and relationship to events overseas and that it should be seen as moving towards an emergent post colonialism instead of struggling with a residual colonial past Beginning by offering an analysis of the generational and gender conflict that spans art and empire in the period Childs moves on to examine modernism's expression of a crisis of belief in relation to subjectivity space and time Finally he investigates the war as a turning point in both colonial relations and aesthetic experimentation Each of the core chapters focuses on one key writer and discuss a range of others including Conrad Lawrence Kipling Eliot Woolf Joyce Conan Doyle and Haggard *Modernism and Masculinity* Gerald Izenberg, 2000 As a result these artists each came to identify creativity transcendence and freedom with the feminine **BOOK JACKET "Rival Sisters, Art and Music at the Birth of Modernism, 1815-1915"** James H. Rubin, 2017-07-05 Introducing the concept of music and painting as rival sisters during the nineteenth century this interdisciplinary collection explores the productive exchange from rivalry to inspiration to collaboration between the two media in the age of Romanticism and Modernism The volume traces the relationship between art and music from the opposing claims for superiority of the early nineteenth century to the emergence of the concept of synesthesia around 1900 This collection puts forward a more complex history of the relationship between art and music than has been described in earlier works including an intermixing of models and distinctions between approaches to them Individual essays from art history musicology and literature examine the growing influence of art upon music and vice versa in the works of Berlioz Courbet Manet Fantin Latour Rodin Debussy and the Pre Raphaelites among other artists *Rival*

The Pleasures of Metamorphosis Lucy Fraser, 2017-06-05 Analysis of the mermaid in Japanese and English fairy tales through the framework of pleasure Lucy Fraser's The Pleasures of Metamorphosis Japanese and English Fairy Tale Transformations of The Little Mermaid explores Japanese and English transformations of Hans Christian Andersen's 1837 Danish fairy tale The Little Mermaid by focusing on pleasure as a means to analyze the huge variety of texts that transform a canonical fairy tale such as Andersen's Fraser examines over twenty Japanese and English transformations including literary texts illustrated books films and television series This monograph also draws upon criticism in both Japanese and English meeting a need in Western fairy tale studies for more culturally diverse perspectives Fraser provides a model for critical cross cultural fairy tale analysis in her examination of the journey of a single fairy tale across two languages The book begins with the various approaches to reading and writing fairy tales with a history of The Little Mermaid in Japanese and English culture Disney's The Little Mermaid and Studio Ghibli's Ponyo on the Cliff by the Sea are discussed as examples that simulate pleasurable physical experiences through animation's tools of music and voice and visual effects of movement and metamorphosis Fraser then explores the literary effects of the fairy tale by male authors such as Oscar Wilde Tanizaki Jun ichiro and Abe Kobo who invoke familiar fairy tale conventions and delineate some of the pleasures of what can be painful enchantment with a mermaid or with the fairy tale itself The author examines the portrayals of the mermaid in three short stories by Matsumoto Yuko Kurahashi Yumiko and Ogawa Yoko engaging with familiar fairy tales reference to fairy tale research and reflections on the immersive experience of reading Women characters and authors are also hyperaware of the possible meanings of Andersen's The Little Mermaid and of the fairy tale itself furthering the

discussion with Nonaka Hiiragi's novel *Ningyo hime no kutsu* and Didi's novel *Sento no ningyo hime to majo no mori* as well as an episode of the science fiction television series *Dark Angel*. Fraser concludes that the pleasure framework is useful for a cross cultural study of creative engagements with and transformations of a particular fairy tale. Few studies have examined Japanese fairy tale transformations to the extent that Fraser has presenting fascinating information that will intrigue fairy tale scholars and those wanting to learn more about the representation of pleasure behind the imaginative and fantastical.

Hahn, 2009-11-23 Integrating the history of Paris with the history of consumption the press publicity advertising and spectacle this book traces the evolution of the urban core districts of consumption and explores elements of consumer culture such as the print media publishing retail techniques tourism city marketing fashion illustrated posters and Montmartre culture in the nineteenth century. The book emphasizes the innovative aspects of Monet's late works including his famous waterlily paintings and Rouen Cathedral series. His paintings are juxtaposed with those of 30 modern artists including Jackson Pollock, Mark Rothko, Barnett Newman, Clyfford Still and Ellsworth Kelly. The ground breaking importance of Monet's late work was long underestimated by avant garde artists of the early 20th century. For them Cézanne was the father of modern art. It was only in the 1950s that the Abstract Expressionists in America and Europe began to recognize and build upon Monet's achievements. This fascinating volume provides fresh insight into the works of Monet and the followers of Abstract Expressionism in its various American and European manifestations.
