Metaphysical Cavemen:

Metaphysical Cavemen A. O. Kime, 2003 Part I Master Messages Our higher spiritual Fathers The Ascended Master Teachers are always eager to help us though the future challenges give us alternative ways to function and be ready for the pathway ahead Here are methods to apply useful information to help you to adjust to the ever changing conditions in your world and in your life These vital Take home Techniques were channeled for many years with the hope that humanity would be prepared for coming world events Part II The Wesak Festival Every Spring at the second full moon of Taurus there is a special meeting of great spiritual significance the Wesak Valley Festival It is a time when the Ascended Masters of the Great Hierarchy meet and with the aid of the Christ and the Buddha create special energies for the aid of human enlightenment This activity occurs in the Valley of the Wesak which is situated between India and Tibet Almost a third of the world s population know of this auspicious occasion and celebration It is now becoming known in the Western world where world servers are joining in receiving the special energies as they are being sent to aid an evolving humanity *The Story of Human Spiritual Evolution* Richard Ferguson, 2012-10 This book is one of a kind It traces the history of human awareness of God and belief back to its earliest roots long before the Bible the Koran the Upanishads and other writings It shows how the foundation for belief in God was contained within the instant of creation itself Scientists call this the big bang It shows that as the universe developed there came a point in human development where we had the capability to begin to be aware of an afterlife These ideas were primitive by our standards today but they served to create a solid foundation for increasing complex and more thorough understandings of who God is and our relationship with Him This book covers the well known axial age where there was a watershed or flood of prophets and holy men who advanced understandings of both philosophy and theology and science in the hundreds of years before the coming of Jesus Christ In a real sense they prepared the way for God s son and His gospel It is these men who changed the course of human understanding of God with new revolutionary ideas that advanced the self revelation of God to humankind The last part of the book looks at religion today and how we got here and ends with God s view of humanity as we constantly strive toward God on our individual spiritual journeys

Metaphysical Singularity Mustafa KARNAS, The mind is not a system connected to this world but the mind lives under the influence and influence of this universe These too may differ from the way in which large mind bounded minds are under the influence of these fluctuations but the knowledge of the mind as a whole never changes not redesigned the creatures under the influence of this mental oscillation as AVATARS live the reality where the fluctuations happen This situation can be described as follows it is not the wind itself but the ability to feel its effect Although the same wind blowing in half open window or in the middle of a hill Those affected by these winds are affected by the location where they are located Consciousness the mind is only knowledge that knowledge does not belong to this one but it has fallen upon this universe because it is both influenced and influenced by this universe the creatures that come into contact with this mind they feel

alive they are not alive at all nothing else it is nothing but the movement of energy that makes life possible Whoever recognizes this is no other than the mind because the only witness is the mind defines the movement of mind and says living Therefore in this phase it does not arise from mortality it is caused by the fact that there is no touch point for the mind that is the person who is rotten is not in the space existing A dead person means that the microorganisms that make up that person are separated from the protocols and disperse which destroys the existing structure and the mind does not exist as a whole but the mind is no longer for that person but the experiences gained from that person We know that information exists in the form of information modeling through other AVATARS That person is still alive but it is a new structure that is shaped by the combination of information that other AVATARS have made common mind Because if a deceased person can not introduce new experience and knowledge to the system of the Mother Mind it becomes the determinant of the others if the link between this information decreases gradually this structure is absorbed in the grand system and that information is caught in the wind within the main system the last person who speaks about him Every time we die we are both dead and alive we die because the circle of death comes to the point where we stop DEEP we look DEATH is just a touch This is like connecting a mobile phone to a different Base Station The base station that gives life to the phone is the current one If there is no energy in that station no further energy transfer takes place in the living organism and the person becomes DEATH So life and death are related to CONNECTIONS the attachment causes either the person to live or not to live anymore The mechanism of breathing also tells this LAST BREATH the last move is called REPRESENT In other words the last breath is absolutely given given the last breath the dynamics of nature but the next BEFORE the no more taking a breath PARADIGM changes In this case a person giving LAST BLEED as a paradigm rule continue to take BEFORE elsewhere or if you are unable to breathe in another phase in the present case if you can not take the breath in this case we know that it is necessary to die here in order to continue to live elsewhere or to continue living elsewhere

Caveman Logic Hank Davis, 2009-12-30 Davis laments a modern world in which more people believe in ESP ghosts and angels than in evolution Superstition and religion get particularly critical treatment although Davis argues that religion itself is not the problem

The Mechanisms, Metaphysics, and History of Consciousness in the World Michael Remler, 2020-03-04 What is a Human Being When we think of ourselves we think primarily of our subjective sense of self our Consciousness and how does it relate to our Body Are Mind and Body one and the same thing Monism or two separate things Dualism This is the Mind Body Problem It is the scientific question of how Consciousness is manifest in the structure of Brain It is the moral questions

regarding abortion and end of life The answers require an explanation in terms of physics metaphysics and history It is the discussion inside those explanatory fields that has built the gulf between popular intuitive Dualism and the expert Monism This work presents a clear scientific Dualist model Mind and Body as two separate things to answer the question What is a Human Being

Some Thoughts... Kyle Morton,2021-10-18 From the back of the book I had some thoughts and a burden about the Bible the Message and Life And so I began writing and sketching And this is as far as I have gotten It is not perfect but it is good enough for now I hope you can enjoy it Some of it may be challenging Allow yourself time to acclimatize little by little And may the Lord help us be more balanced Together and as Individuals
