The Metaphysics of Evolution Thomas Whittaker, 1928

Reading Samuel Johnson Phil Jones, 2023-11-15 This book examines how Samuel Johnson was assimilated by later writers ranging from James Boswell to Samuel Beckett It is as much about these writers as Johnson himself showing how they found their own space in part through their response to Johnson which helped shape their writing and view of contemporary literature

Milton's Socratic Rationalism David Oliver Davies, 2017-08-17 The conversation of Adam and Eve in Paradise Lost that most obvious of Milton's additions to the Biblical narrative enacts the pair's inquiry into and discovery of the gift of their rational nature in a mode of discourse closely aligned to practices of Socrates in the dialogues of Plato and eponymous discourses of Xenophon Adam and Eve both begin their life much wondering where And what I was whence thither brought and how Their conjoint discoveries of each other's and their own nature in this talk Milton arranges for a dialectical counterpoise to his personae's expressed task to justify the ways of God to men Like Xenophon's Socrates in the Memorabilia Milton's personae indites those ways of God in terms most agreeable to his audience of men notions Aristotle calls generally accepted opinions Thus for Milton's fit audience Paradise Lost will present two ways that address congenial to men per se and a fit discourse attuned to their very own rational faculties to understand the ways of God to men The interrogation of each way by its counterpart among the distinct audiences is the great Argument of the poem

From Sky and Earth to Metaphysics Anna-Teresa Tymieniecka, 2014-10-13 This is an exceptional volume which expands upon the World Phenomenology Institute's recent research the study of the beautiful intertwining of the skies and the cosmos with the human pursuits of philosophy literature and the arts The relationship of humans to the cosmos is examined through the exploration of phenomenology metaphysics and the arts The authors of this volume write on a variety of topics which all seek to open the reader's eyes to the relationship of humans and our perception of our place in the cosmos This volume offers a framework in which to present a rich panorama a variety of perspectives illustrating how the perception of the interplay between human beings and the celestial realm advances in common experience and worldviews This attempt to uncover our cosmic position is a great and worthwhile intellectual challenge Philosophy as well as literature and the arts are nourished by this human quest for knowledge and understanding

Kant, Shelley and the Visionary Critique of Metaphysics O. Bradley Bassler, 2018-05-15 This book addresses the philosophy of Kant and the poetry of Shelley as historical starting points for a new way of thinking in the modern age Fusing together critical philosophy and visionary poetry Bassler develops the notion of visionary critique or paraphysics as a model for future philosophical endeavor This philosophical practice is rooted in the concept of the indefinite power associated with the sublime in both Kant and Shelley's work to which the notion of the

parafinite or indefinitely large is extended in this book **Mediaeval Philosophy, Or, A Treatise of Moral and Metaphysical Philosophy from the Fifth to the Fourteenth Century** Frederick Denison Maurice, 1870 Metaphysics Josiah Royce, 1998-01-01 An edited transcript of the great Harvard philosopher Josiah Royce's last year long course in metaphysics given at Harvard in 1915 1916 **Studying Poetry** Barry Spurr, 2006-08-25 This engaging introduction to poetry covers the entire tradition of poetry in English providing close readings of interesting and varied texts In this updated second edition coverage has been expanded to cover medieval poetry and to give more weight to literary theory and women poets while a new chapter focuses on key contemporary poets *John Donne and Baroque Allegory* Hugh Grady, 2017-08-10 John Donne has been one of the most controversial poets in the history of English literature his complexity and intellectualism provoking both praise and censure In this major re assessment of Donne's poetry Hugh Grady argues that his work can be newly appreciated in our own era through Walter Benjamin's theory of baroque allegory Providing close readings of The Anniversaries The Songs and Sonnets and selected other lyrics this study reveals Donne as being immersed in the aesthetic of fragmentation that define both the baroque and the postmodernist aesthetics of today Synthesizing cultural criticism and formalist analysis Grady illuminates Donne afresh as a great poet for our own historical moment **A New Philosophy of Literature** Nicholas Hagger, 2012 The fundamental theme of world literature has conflicting metaphysical and secular aspects which the Universalist tradition in literature combines offering a new direction in contemporary literature **From Physics to Metaphysics: Philosophy and Allegory in the Critical Writings of T. S. Eliot** Fabio L. Vericat Pérez-Mínguez, 2011-11-28 Antes de dedicarse por completo a la literatura T S Eliot fue un serio estudiante de filosofía Este estudio pretende determinar la importancia de este hecho en su desarrollo como crítico literario La intención es argumentar que el cambio que Eliot hizo de la filosofía a la literatura fue instigado con la esperanza de encontrar en el campo literario un estilo que había vencido durante sus estudios filosóficos
