a storm are there insights from Christian theology about our online existence Is the divine present in this phenomenon known as cyberspace Is it a realm of fear or a realm of hope In *The Cyberdimension* Eric Trozzo engages these questions seeking not only a theological means of speaking about cyberspace in its ambiguity but also how the spiritual dimension of life provokes resistance to the reduction of life to what can be calculated Rather than focusing on the content available online he looks to the structure of cyberspace itself to find a chastened yet still expectant vision of divinity amidst the political economic and social forces at play in the cyber realm
