Dialogues William J. Abraham, 2014-07-16 All sides agree that the United Methodist Church is at a crisis point Disputes that have persisted like a low grade fever across decades have intensified to a point where the entire body is now under threat and the worried glances in the direction of the medicine cabinet suggest that it may be out of Band Aids This series of dialogues seeks to capture something of the positions of those who have shaped the debates that have brought the church to the brink as well as something of their character and personality It is these broad types that ultimately will go a long way to determining how the current crisis gets resolved Recent dramatic developments in the United Methodist Church have centered on the refusal by some elders and bishops not just to disregard church law but to challenge it and nullify its effects Many are now convinced that it is time to look separation in the eye others see this as a catastrophe to be avoided at any price and yet others still are convinced that allowing for a local option will save the day Folk at all levels disagree on what the crisis is how to understand its causes and on how to solve it By deploying the genre of dialogues the author sets out to provide a realistic and nuanced account of the chief actors involved and their respective positions The interchange is frank focused and forthright The result is a refreshing airing of the issues in a rigorous and witty exchange of views It is indispensable reading for all who care about the future of The United Methodist Church

Koinonia and the Quest for an Ecumenical Ecclesiology Lorelei F. Fuchs, 2008 The word koinonia has gained prominence in recent ecumenical discussions In this original and substantial work Lorelei Fuchs proposes the theological idea of koinonia commonly translated as communion or fellowship as the key to moving fractured churches toward a future unity Fuchs challenges churches to move beyond mere dialogue and to apply ecumenical insights at the local level She begins by relating the exegetical meaning of koinonia to its ecumenical meaning tracing the place of koinonia both within the churches and between the churches She then examines the concept of koinonia in the extensive and fruitful dialogues that have taken place between Lutherans Anglicans and Roman Catholics finally articulating a symbolic competence for communionality that provides a rich and workable way forward for church unity at all levels Encompassing the latest in ecumenical thought *Koinonia and the Quest for an Ecumenical Ecclesiology* provides a broad thoughtful framework for realizing Christ s prayer that all may be one so that the world may believe
